The Scandal of Pentecost Wolfgang Vondey, 2023-10-19 Through a systematic analysis of the conflicts emerging when the

public church encounters the public world The Scandal of Pentecost argues that the public advent of the church stands in continuity with the public scandal of the incarnate and crucified Christ The book traces the contours of this scandal in the confrontation of the dominant ruling hermeneutic of authority with a Christian hermeneutic of resistance This highlights the brokenness of the human condition manifested by the church in the drunkenness of the disciples the speaking in other tongues the baptism with the Spirit the empowerment of the flesh and its public witness to a scandalized world The effects of the scandal transform both the disciples individual and communal witness and their public recognition as the church Through the lens of a symbolic hermeneutic the public witness of the church at Pentecost reveals a Christian scandal of anthropological proportions with the outpouring of the Spirit on all flesh the church emerges as the symbol of humanity

All Power to the Lamb James R. Johnson, 2010-12 Book Summary If you were God writing a book you wanted men to understand would you write it in such a way that men would have to make up meaning in order to understand it or would you write it in such a way that those that seek to understand could actually come to a knowledge of its truth Mt 7 7 The present commentary takes the position that God wrote Revelation in such a way that with sufficient effort and intellectual honesty readers can understand it Certainly there are symbols in Revelation but when God does use symbols He provides inspired interpretations of the symbols This commentary seeks to avoid the mistakes of the views that use the symbolical approach to Revelation preterist continuous historical spiritualist and idealist These approaches suffer from two basic flaws assuming the text is symbolical when it is not and making up meaning regarding the text based on stream of consciousness word association much as one would do looking at Rorschach inkblots This commentary seeks to avoid telling God what He should have said and strives to understand what God actually meant Of all the approaches to understanding Revelation this commentary is most closely aligned with the dispensationalist premillennialist view in that it views Revelation from a literalist futurist perspective It is different from the typical dispensationalist schema in that it views the seven seals as the powers of the Lamb understands the exercise of the powers of the seven seals to be simultaneous processes and casts chapters 8 22 as three parallel prophecies of the Lamb s power over the course of the histories of Israel the nations and the saints This commentary also makes use of many of the non canonical works that provide insight into the spirit world and

detail regarding the end of the present age
