Our lives are mediated through the flicker of Facebook, Twitter, YouTube, and Instagram, and brands are increasingly interwoven with our online identities. Even for the 90% of marketers who interact with social media regularly, its pace and scale can be confusing to the point of distraction. GENZ Digital Marketing helps you take a step back, make sense of the noise, and get your brand voice heard over the babble in the way you want it to be. Designed to be used as a backbone text for a foundational digital marketing class, this book is enriched with extensive case studies, examples, tools, resources, and certification exams available online to supplement and support the lessons from the text. This book approaches digital marketing in two ways: from the point of view of the strategic thinker and that of a tactical perspective. Digital professors will find this an essential reference for their work. **Kiplinger's Personal Finance**, 1987-04 The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership, and many other personal finance topics. **Introduction to Business** Heidi M.
