Gooney Bird Is So Absurd Lois Lowry, 2009-03-23 The fourth hilarious title in Lois Lowry's popular Gooney Bird series It's a cold January at the Watertown Elementary School the perfect weather for Gooney Bird Greene to break out her special brain warming hat It's a good thing she has one Gooney Bird's brain will need to be as warm as possible this month because Mrs Pidgeon is teaching her class about poetry Who knew there could be so many different ways to write a poem Haikus couplets limericks Mrs Pidgeon's students soon find that writing good poetry takes a lot of hard work and creative thinking Gooney Bird and her classmates are up to the challenge But just when things are going well the kids get some terrible news Gooney Bird will need all the inspiration her brain can muster to organize the most important poem the class has ever written

Gooney the Fabulous Lois Lowry, 2009-03-24 Gooney Bird Greene has a fabulous idea after her teacher reads fables to the class The children learn that fables are stories with animal characters that teach something important Gooney's fabulous idea is that each student create their own fable and tell it to the class Everyone but Nicholas is excited about their stories and costumes Can Gooney Bird find out why Nicholas is unhappy and get him to join in the fun Now that would be truly fabulous

Dale Reed, Darlene Lister, 2021-10-21 Most lifting bodies or flying bathtubs as they were called were so ugly only an engineer could love them and yet what an elegant way to keep wings from burning off in supersonic flight between earth and orbit Working in their spare time because they couldn't initially get official permission Dale Reed and his team of engineers demonstrated the potential of the design that led to the Space Shuttle Wingless Flight takes us behind the scenes with just the right blend of technical information and fascinating detail the crash of M2 F2 found new life as the opening credit for TV's *The Six Million Dollar Man* The flying bathtub itself is finding new life as the proposed escape pod for the Space Station
