Winter, 2004 **The Mission of God** Christopher J. H. Wright, 2006-10-23 Winner 2007 Christianity Today Missions Global Affairs Book Most Christians would agree that the Bible provides a basis for mission But Christopher Wright boldly maintains that mission is bigger than that there is in fact a missional basis for the Bible The entire Bible is generated by and is all about God's mission In order to understand the Bible we need a missional hermeneutic of the Bible an interpretive perspective that is in tune with this great missional theme We need to see the big picture of God's mission and how the familiar bits and pieces fit into the grand narrative of Scripture Beginning with the Old Testament and the groundwork it lays for understanding who God is what he has called his people to be and do and how the nations fit into God's mission Wright gives us a new hermeneutical perspective on Scripture This new perspective provides a solid and expansive basis for holistic mission Wright emphasizes throughout a holistic mission as the proper shape of Christian mission God's mission is to reclaim the world and that includes the created order and God's people have a designated role to play in that mission **Mission in**
