Biblical and Theological Foundation of the Family Joseph C. Atkinson, 2014 This ground breaking work establishes a solid biblical and theological foundation on which a theology of the family can be constructed It thus fills a critical lack in the current literature on the family The wide range of sources including Jewish Catholic Orthodox and Protestant give this work a genuine ecumenical dimension Biblical and Theological Foundations of the Family will become indispensable for anyone wanting to engage in serious study of the structure and meaning of the family and its place in the salvific will of God **Biblica: Vol.48** , **The Bible Translator** , 1994 **The**

World of Genesis Philip R. Davies, David J. A. Clines, 1998-01-01 Although it opens with an argument that the earth and not humanity is the real subject of Genesis 1-11 this collection of essays focuses first on female personalities in Genesis Eve Hagar Rebecca Tamar and the four tribal matriarchs then on male characters Abraham Ishmael Pharaoh The treatment ranges from historical critical analysis through discourse analysis and narrative ideological and psychological analyses to postmodern autobiographical exegesis Among the many delights of this selection are the mingling of traditional and contemporary perspectives especially the interplay of gender at the level of the biblical text and of the modern author and perhaps also of the modern reader of this fascinating assortment of studies on tales of human ancestry **The Book of**

Genesis, Chapters 1-17 Victor P. Hamilton, 1990-10-31 Hamilton's study on the first 17 chapters of the Book of Genesis is part of The New International Commentary on the Old Testament Like its companion series on the New Testament this commentary devotes considerable care to achieving a balance between technical information and homiletic devotional interpretation **The New York Public Library's Books of the Century** Elizabeth Diefendorf, 1997 Documents an

exhibition created to celebrate the one hundredth anniversary of the New York Public Library in 1995 profiling books that

had a significant influence consequence or resonance during the library's first century. Lists over 150 titles grouped within eleven categories. Genesis :the N.J.V. Translation, 1966. Discovering Eve Carol Meyers, 1991-01-10. This groundbreaking study looks beyond biblical texts which have had a powerful influence over our views of women's roles and worth in order to reconstruct the typical everyday lives of women in ancient Israel. Meyers argues that biblical sources alone do not give a true picture of ancient Israelite women because urban elite males wrote the vast majority of the scriptural texts and the stories of women in the Bible concern exceptional individuals rather than ordinary Israelite women. Analyzing the biblical material in light of recent archaeological discoveries about rural village life in ancient Palestine, Meyers depicts Israelite women not as submissive chattel in an oppressive patriarchy but rather as strong and significant actors within their families and society. *A New Systematic Theology of the Christian Faith* Robert L. Reymond, 2010-01-31. A contemporary foundational statement of classic reformed faith now revised and updated. Comprehensive coherent contextual and conversational Scripture saturated with more exegesis and more Scripture quotations than other one volume theologies. Upholds classic Calvinist positions on baptism, the Trinity, church government and much more. Interacts with contemporary issues and the work of other theologians. Reveals the author's warmth and sensitivity born of more than 25 years as a professor at leading Reformed seminaries. Numerous appendices covering special topics abundant resources for further study through footnotes and a selective bibliography. A textbook for theology students, a life long reference for libraries, ministers, teachers and professional theologians. **Interpreting the Old Testament** Daniel J. Harrington, 1991. Interpreting the Old Testament addresses literary, historical, form, source and redaction and textual criticism each in separate chapters. Other chapters concern words and motifs, archaeology and parallels the Old Testament in Christian worship and a post script on canonical criticism and the social sciences as new methods of approach to the study of Scripture. *Creation Out of Nothing* Paul Copan, William Lane Craig, 2004-06. Addresses the biblical philosophical and scientific bases for the doctrine of creation out of nothing while countering contemporary trends that are assailing this doctrine. **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1969. *The Promises of God* Kevin P. Conway, 2014-10-29. This study is the first to investigate why Paul makes exclusive use of *epangelia* for the divine pledge when referring to the Abrahamic covenant, a usage of the term never found in the OT LXX. After examining Jewish writings and Greek literature of the classical and Hellenistic periods, this study demonstrates that Paul is rather unique in his exclusive use of the *epangelia* word group for the divine pledge and for using the term predominantly in reference to the Abrahamic promises. This exclusive usage is further deemed unexpected in that the *horkos* and *omnymi* lexemes are by far the terms most commonly associated with God's promises to Abraham in the OT, the literature with which Paul was most familiar. The study then moves to explain why Paul has chosen this path of discontinuity where it is argued that Paul's exclusive choice of *epangelia* for the divine promise is driven by its conceptual and linguistic correspondence with the *euangelion*, one of the terms Paul adopted from the early

church that forms the core of his ministry This conceptual word study of the divine promise will benefit Pauline scholars interested in Paul s use of the OT as well as his association of the euangelion and epangelia word groups

If the Egyptians Drowned in the Red Sea where are Pharaoh's Chariots? Benjamin Edidin Scolnic,2005 Known mainly because of the holiday of Hanukkah the Maccabean era is a fascinating and significant period of history that is vital to our understanding of the formation of Judaism Yet even to those well versed in the history of the Jewish people the name Alcimus High Priest of Judaea in the years after Hanukkah is basically unknown Alcimus enemy Judas Maccabaeus and his Hasmonean descendants considered Alcimus to be an evil man and since the victors write history the ancient sources express that prejudice Most modern scholars in attempting to reconstruct the history of that period reflect that same attitude Contrary to most moderns this study evaluates Alcimus heritage and loyalty to traditions in a much more positive manner Alcimus an ignored or denigrated figure in Jewish history is restored as a leader who attempted to perpetuate his religion and his people
