including Anita Hill Lani Guiner Jennifer Flowers and Chelsea Clinton She also turns an investigative ear to the cultural taciturnity attributed to various Native American groups Navajo Apache Hopi and Pueblo and its true meaning Through these examples Glenn reinforces the rhetorical contributions of the unspoken codifying silence as a rhetorical device with the potential to deploy defer and defeat power Unspoken concludes by suggesting opportunities for further research into silence and silencing including music religion deaf communities cross cultural communication and the circulation of silence as a creative resource within the college classroom and for college writers      *Presidential Sex* Wesley O. Pfiffner,2004 Annotation The American president s character matters To most Americans it matters deeply But how do we define what character means and why can t we agree In this sober probing consideration of the character factor and the presidency veteran political analyst James P Pfiffner leads us through a survey of three aspects of presidential character that have proved problematic for recent chief executives lies promise keeping and sexual probity His goal is not to tell us which presidents have been good and which bad Rather he helps us think critically and impartially about complex character issues and invites us to reach our own conclusions The Character Factor avoids both moral judgments and cynicism It helps us look at our presidents and our presidential candidates without illusions knowing that flawed men can still be great leaders but that some flaws deserve defeat at the polls or even the ultimate presidential sanction impeachment      *A Not So Foreign Affair* Andrea Slane,2001-05-22 An examination of how the aesthetics of Nazi Germany have been deployed to help define the place of sexuality in U S political and popular culture      **No Right Turn** David T. Courtwright,2011-02-01 Few question the right turn America took after 1966 when liberal political power began to wane But if they did No Right Turn suggests they might discover that all was not really right with the conservative golden age A provocative overview of a half century of American politics the book takes a hard look at the counterrevolutionary dreams of liberalism s enemies to overturn people s reliance on expanding government reverse the moral and sexual revolutions and win the Culture War and finds them largely unfulfilled David Courtwright deftly profiles celebrated and controversial figures from Clare Boothe Luce Barry Goldwater and the Kennedy brothers to Jerry Falwell David Stockman and Lee Atwater He shows us Richard Nixon s keen talent for turning popular anxieties about morality and federal meddling to Republican advantage and his inability to translate this advantage into reactionary policies Corporate interests boomer lifestyles and the media weighed heavily against Nixon and his successors who placated their base with high profile attacks on crime drugs and welfare dependency Meanwhile religious conservatives floundered on abortion and school prayer obscenity gay rights and legalized vices like gambling and fiscal conservatives watched in dismay as the bills mounted We see how President Reagan s m lange of big government strong defense lower taxes higher deficits mass imprisonment and

patriotic symbolism proved an illusory form of conservatism Ultimately conservatives themselves rebelled against George W Bush s profligate brand of Reaganism Courtwright s account is both surprising and compelling a bracing argument against some of our most cherished clich s about recent American history **A Colossal Wreck** Alexander Cockburn,2013-09-10 Alexander Cockburn was without question one of the most influential journalists of his generation whose writing stems from the best tradition of Mark Twain H L Mencklen and Tom Paine Colossal Wreck his final work finished shortly before his death in July 2012 exemplifies the prodigious literary brio that made Cockburn s name Whether ruthlessly exposing Beltway hypocrisy pricking the pomposity of those in power or tirelessly defending the rights of the oppressed Cockburn never pulled his punches and always landed a blow where it mattered In this panoramic work covering nearly two decades of American culture and politics he explores subjects as varied as the sex life of Bill Clinton and the best way to cook wild turkey He stands up for the rights of prisoners on death row and exposes the chicanery of the media and the duplicity of the political elite As he pursues a serpentine path through the nation he charts the fortunes of friends famous relatives and sworn enemies alike to hilarious effect This is a thrilling trip through the reefs and shoals of politics and everyday life Combining a passion for the places the food and the people he encountered on dozens of cross country journeys Cockburn reports back over seventeen years of tumultuous change among what he affectionately called the thousand landscapes of the United States **All the Presidents' Women** John M. Berez, Ph.D.,1999-04 Having just completed a careful study of nearly a dozen different sexual styles Sexual Styles A Guide to Understanding Your Lover s Personality Humanics 1998 John Berez now applies this same analysis to the sexual lives of the last ten American Presidents not from the viewpoint of an historian or tabloid journalist but as a clinical psychologist From the silhouette of our personality style emerges our sexual style through careful analysis of the personality styles and especially in their relationships with women All The Presidents Women probes the past and present inhabitants of the world s most powerful office with surprising results From President Truman through Bill Clinton Berez provides a fascinating investigation into the lives loves and motivations of these influential men With depth and clarity All The Presidents Women presents answers to questions such as Did Bess Truman henpeck her husband Harry Was Jack Kennedy a wildly promiscuous playboy or did he just have a great capacity to love lots of women Was Lyndon Johnson indeed crude or was he putting on a wild west sideshow Did Nixon s paranoia extend beyond the press corps and other politicians and was he suspicious of everyone All the Presidents Women will engender new understanding of our presidents personalities their sexual styles and the women they have loved **The Clinton Riddle** Todd G. Shields,Jeannie M. Whayne,Donald R. Kelley,2004-01-01 In 2002 a distinguished interdisciplinary group of scholars gathered at the Diane D Blair Center of Southern Politics and Society at the University of Arkansas to provide a critical evaluation of the Clinton Gore administration Their groundbreaking assessment of the most controversial president in modern times treats such crucial topics as race women and minorities the character issue foreign policy and the media This book provides a

unique vantage point on the Clinton riddle that all future studies will need to consider      *The Clinton Charisma* Donald T. Phillips, 2025-06-25 It is often overlooked but Bill Clinton assumed the presidency in one of the most difficult times in our nation's history The country was in a deep recession the end of the Cold War had created new threats to our national security and our health care system was in shambles The country has now come full circle Leadership has been replaced with self interest cronyism and fear More than ever Bill Clinton's candor and success in adversity warrant revisiting during this age of a closed door administration and governmental incompetence The Clinton Charisma is a fascinating prescriptive guide that reveals the former president's complex leadership techniques including his attention to public opinion his ability to take quick corrective action and his efficient damage control in the face of political and personal difficulty From diversity to decisiveness from consensus to compromise each chapter explores how Clinton employed important leadership principles and the ways in which they were or were not effective The author asks in the introduction Are there lessons to be learned from his time in office from his damage control strategies from his ability to implement diversity or from his decision making process The answer as Donald T Phillips's *The Clinton Charisma* makes compellingly clear is yes      Unlimited Access Gary Aldrich, 1998-02-01 A former FBI agent discusses his time in the Clinton White House including the absence of security checks Vince Foster's suicide Travelgate corrupt staffers and more      **For Love of Politics** Sally Bedell Smith, 2008 Offers a portrait of the personal and political partnership of Bill and Hillary Clinton revealing the innermost details of the Clinton administration their policy implications and their impact on Hillary's presidential campaign      *Bill Clinton: An American Journey* Nigel Hamilton, 2003-09-30 Bill Clinton forty second president of the United States is the quintessential baby boomer on the one hand blessed with a near genius IQ on the other beset by character flaws that made his presidency a veritable soap opera of high ideals distressing incompetence model financial stewardship and domestic misbehavior In an era of cultural civil war the Clinton administration fed the public an almost daily diet of scandal and misfortune Who is Bill Clinton though and how did this baby boom saga begin Clinton's upbringing in Arkansas and his student years at Georgetown Oxford and Yale universities help us to see his life not only as a personal story but as the story of modern America Behind the closed doors of the house on the hill above Park Avenue in Hot Springs the struggle between Clinton's stepfather and mother became ultimately unbearable causing Virginia to move out and divorce Roger Clinton Dreading confrontation Bill Clinton excelled in almost every field save athletics But the fabled success of the scholarship boy would be marred by the decisions he came to make regarding Vietnam and military service choices that haunt him to this day We watch with a mixture of alarm fascination and awe as Bill Clinton does so much that is right and so much that is wrong He sets his cap for the star student at Yale young Hillary Rodham seducing her with his dreams of a better America and an aw shucks grin Wherever he goes he charms and disarms young and old men and women and more women He becomes a law professor straight out of college he contests a congressional election in his twenties and almost wins it He becomes attorney general of his state and within two

years is set to become the youngest ever governor of Arkansas at only thirty two Yet always there is a curse a drive toward personal self destruction and with that the destruction of all those who are helping him on his legendary path His affair with Gennifer Flowers strains his marriage and later nearly scuttles his bid for the presidency He is thrown out of the governor s office after only one term and suffers a life shaking crisis of confidence Though with the stalwart help of a female chief of staff he regains his crown it is clear that Bill Clinton s charismatic career is a ceaseless tightrope walk above the forces that threaten to pull him down the most potent of them residing in his own being Imbued with sympathy deep intelligence and the storyteller s art this extraordinary biography helps us at last to understand the real Bill Clinton as he stumbles and withdraws from the 1988 presidential nomination race but enters it four years later to make one of the most astonishing bids for the presidency in the twentieth century the climax of this gripping political social and scandalous journey **Hillary's America** Dinesh D'Souza,2016-07-18 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country Family Values and Nazi Perversions Andrea E. Slane,1995 **Evel Incarnate** Steve Mandich,2015-03-02 He was not a rock n roll star cartoon character religious figure professional wrestler writer or politician Nor was he famous for being an artist comic book superhero television personality or movie star He wasn t exactly an athlete either Granted he wore a few of these hats at various points throughout his career but his fame primarily emanated from an obscure occupation which he made entirely his own Arguably no other figure in popular culture outside these realms had an impact which resulted in global notoriety generated millions of dollars in merchandise inspired widespread imitation and yet was a constant source of controversy He was a genuine celebrity and at the height of his career he was one of the most talked about men in America In **Evel Incarnate** Steve Mandich vividly recounts the life and the legend of Evel Knievel a relentless self mythologizer abetted by an international community of fans They were hungry for a real life super hero and waited with bated breath for the summit of his career the much heralded now infamous Snake River Canyon jump But the truth about this motorcycle daredevil is as fascinating extraordinary and injury laden as any of the legends he could promote Incisive witty and informed **Evel Incarnate** is the Evel Knievel biography by which all others must be measured
