The Great Deception Christopher Booker, Richard North, 2021-08-19

Since its publication in 2003 *The Great Deception* has taken on the role of the Eurosceptics bible with the third edition helping to fuel the debate during the 2016 EU Referendum This fourth edition celebrates the moment when the UK broke away from the European Union having been extensively re edited to incorporate newly available archive material and updated to include the tumultuous events of recent years *The Great Deception* therefore tells for the first time the inside story of the most audacious political project of modern times from its intellectual beginnings in the 1920s when the blueprint for the European Union was first conceived by a British civil servant right up to the point when the UK resumes its path at as an independent sovereign nation after 47 years of membership of the European project in its various guises Drawing on a wealth of new evidence and existing sources scarcely an episode of the story does not emerge in startling new light from the real reasons why de Gaulle kept Britain out in the 1960s to the fall of Mrs Thatcher and the build up to the referendum campaign which had its roots in the Maastricht Treaty The book chillingly shows how Britain s politicians were consistently outplayed in a game the rules of which they never understood It ends by evaluating the post referendum negotiations and asking whether this is the end of an episode or just a new beginning *The Politics of the Thatcher Revolution* G.

Fry, 2015-12-04 The Thatcher era was the most dramatic period in British politics since the 1940s As Conservative Prime Minister Margaret Thatcher proved to be the Iron Lady at home and abroad This book analyzes the politics of the Thatcher era in an incisive and challenging manner **The Iron Lady** John Campbell, 2011-10-25 The Iron Lady the definitive

Margaret Thatcher biography is available just in time for the movie starring Meryl Streep as one of the most infamous figures in postwar politics Whether you love her or hate her Margaret Thatcher s impact on twentieth century history is undeniable From her humble small town upbringing to her rise to power as the United Kingdom s first female prime minister to her dramatic fall from grace after more than three decades of service celebrated biographer John Campbell delves into the story of this fascinating woman s life as no one has before The result of more than nine years of meticulous research *The Iron Lady* is the only balanced unvarnished portrait of Margaret Thatcher one of the most vital and controversial political figures of our time **The Challenge of Apartheid: UK-South African Relations, 1985-1986** Patrick Salmon, 2016-11-25 This volume

examines diplomatic relations between the United Kingdom and South Africa during one of the most turbulent periods of the apartheid era The crisis of apartheid that began in 1984 provoked international outrage on an unprecedented scale This volume documents the attempt by the British Government to formulate a response that would go some way towards meeting demands for action on the part of critics of South Africa in the Commonwealth the United States and the European Community as well as in the United Kingdom itself without at the same time inflicting unacceptable damage on Britain s significant economic interests in South Africa It was a process marked by frequent disagreements between Prime Minister

Margaret Thatcher and the Foreign and Commonwealth Office under Sir Geoffrey Howe The volume begins with reports of the deepening crisis at the beginning of 1985 and concludes with the Commonwealth Review Meeting in August 1986 one of the lowest of many low points in relations between the British Government and the critics of apartheid In South Africa meanwhile there seemed little hope of progress following the imposition of a national state of emergency as the confrontation between the Government and its opponents headed for deadlock and the power of the securocrats surrounding President Botha became steadily more entrenched This volume gives a flavour of what it was like to be a British diplomat working for change at that time This volume will be of great interest to students of International History British Political History African History and International Relations in general Heath and Thatcher in Opposition Eric Caines,2017-07-06 This book traces how Edward Heath and Margaret Thatcher during their respective years as Conservative Opposition Leaders 1965-70 and 1975-79 managed their Party's attempts to ensure a return to government each after two electoral defeats They did so in the context of an emergent New Conservatism championed by the likes of Enoch Powell Keith Joseph and Nigel Lawson which betokened a long term change from the post war Butskellite settlement Against a national background of declining economic status high inflation debilitating public sector strikes and internal Conservative Party debates particularly over industrial relations policy and monetarism they adopted strikingly different approaches to policy making in Opposition The book illustrates how paradoxically Heath's technocratic over prescription failed to save his eventual premiership while Thatcher's under committed policy design failed to impede her leading a purposeful and transformative government in the 1980s

Improving Psychiatric Care for Older People Claire Hilton,2017-09-15 This book is open access under a CC BY 4.0 license This book tells the story of Barbara Robb and her pressure group Aid for the Elderly in Government Institutions AEGIS In 1965 Barbara visited 73 year old Amy Gibbs in a dilapidated and overcrowded National Health Service psychiatric hospital back ward She was so appalled by the low standards that she set out to make improvements Barbara's book *Sans Everything* A case to answer was publicly discredited by a complacent and self righteous Ministry of Health However inspired by her work staff in other hospitals whistle blew about events they witnessed which corroborated her allegations Barbara influenced government policy to improve psychiatric care and health service complaints procedures and to establish a hospitals inspectorate and ombudsman The book will appeal to campaigners health and social care staff and others working with older people and those with an interest in policy development in England the 1960s women's history and the history of psychiatry and nursing **A Bibliography of British History, 1914-1989** Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **The Politics of Race in Britain and South Africa** Elizabeth Williams,2015-03-18 The postwar government of South Africa led by H F Verwoerd implemented wide

ranging racial segregation laws beginning the open policy of apartheid in one of Africa's most prosperous and internationally influential states. During the apartheid era the British government faced an uneasy dilemma while repudiating apartheid laws it maintained an ambiguous stance towards the South African government. As black South Africans were reduced to the status of non citizens after the 1970 Citizenship Act increasing numbers of exiles and fugitives were finding refuge in Britain which was now home to a growing anti apartheid protest movement. This is the first book to examine the British support for the anti apartheid movement among its own black communities. Elizabeth Williams highlights the connection between domestic anti racism struggles and the struggle in South Africa showing how black Britons who were themselves fighting racism in British society identified and expressed solidarity with black South Africans during the Apartheid years. Williams further assesses the way in which Black communities in Britain viewed Margaret Thatcher's support of South Africa despite the international call for sanctions. Featuring the work of acclaimed documentary photographer and civil rights activist Vanley Burke this will be an essential book for students and scholars of race British history international relations post colonial studies and South African history. *Great Deception* Christopher Booker, 2005-04-28 As the European Union moves towards adopting the constitution which will mark its final emergence as a United States of Europe *The Great Deception* shows how the most ambitious political project of our time has for more than 50 years been based on a colossal confidence trick the systematic concealment from the peoples of Europe of what the aim of this project has always been since its inception in the late 1940s. *Conservative Economic Policymaking and the Birth of Thatcherism, 1964-1979* Adrian Williamson, 2016-01-12 In this book Adrian Williamson investigates the processes by which Thatcherism became established in Tory thinking and questions to what extent the politician herself is responsible for Thatcherism within the Conservative Party. *The Official History of Privatisation Vol. I* David Parker, 2009 **Europe Since 1945** Bernard A. Cook, 2014-01-27 *Europe Since 1945* An Encyclopedia is a comprehensive reference work of some 1 700 entries in two volumes. Its scope includes all of Europe and the successor states to the former Soviet Union. The volumes provide a broad coverage of topics with an emphasis on politics governments organizations people and events crucial to an understanding of postwar Europe. Also includes 100 maps and photos. *Oil Privatization, Public Choice and International Forces* Stephanie M. Hoopes, 2016-07-27 A major part of the British government's privatization programme which has been heralded as a radical break in government were its oil assets. This book uses institutional public choice models to examine the case study of the sale of Britoil British Petroleum Enterprise Oil and Wytch Farm and then re assembles the pieces to better understand the whole. The extensive interviews provide a full and flavourful background to exploring the actors at four levels of structures international state owned companies civil service and the political process. *From Salisbury to Major* Brendan Evans, Andrew Taylor, 1996 This history examines the Conservative Party's ability to dominate British politics. It takes as its key themes the party's relationship with mass democracy and its willingness to adapt often at the cost of considerable
