Genesis Of The Pharaohs:

Genesis of the Pharaohs Toby A. H. Wilkinson, 2003 Traces the history of Egyptian civilization which began in the Eastern Desert over six thousand years ago *The Hebrew Pharaohs of Egypt* Ahmed Osman, 2003-09-19 Drawing on a wealth of detailed evidence from Egyptian biblical and Koranic sources Osman proposes that Joseph in the Bible might in reality also be Yuya a father of pharaoh **Pharaohs of the Bible (Mizraim to Shishak)** Eve Clarity, 2012 Pharaohs of the Bible Mizraim to Shishak proves the Biblical history is accurate It explains how over 200 pharaohs of the 1st 17th dynasties reigned during only 600 years between Noah's flood and Joseph's famine This breakthrough book intertwines the history of the Old Testament with the archaeological facts and events of Egypt the Levant and the cultures around the Mediterranean Sea By correlating facts of famines in Egypt with the Bible several major connections were made For example thirty huge temporary silos were constructed at Tell el Daba Avaris soon after Ahmose I conquered it connecting Ahmose I with Joseph's 7 year famine and the huge grain silos in Boeotia Greece Hundreds of black and white maps charts and pictures simplify the complexity and immensity of the data to enable readers to follow God's remarkable revelation of history **The Roman Empire in Luke's Narrative** Kazuhiko Yamazaki-Ransom, 2010-05-27 This work illuminates Luke's portrayals of Roman officials in light of Jewish portrayals of Gentile rulers in the Old Testament and in Second Temple Literature *In Search of God* Dr. Mohamed Gad, 2011-08-04 Only God knows We may ponder and choose our own path to receiving His Word but we must realize ours is a human path We cannot let blind faith tradition and ritual cloud our judgment and determine our perception of the world The potent mix of fanaticism whether tied to a nation or a religion ignorance and emotion has driven wedges among the peoples of the earth wedges that need not exist at all In Search of God God Religious Scriptures and Proof of Divine Revelation presents the result of author Dr Mohamed Gad's twenty five year study of Christian Islamic and Judaic scripture revealing the unifying truths of divinity belief and faith In Search of God challenges serious students of all faiths and backgrounds as it examines proof for the existence of God creation and evolution prophecy the identity of Jesus the concept of the Holy Trinity and the commonalities and spirit of revelation of the world's three major religions Dr Gad's personal journey and critical spiritual investigation personify the human desire to understand God's intention for us Yes only God knows but armed with truth and tolerance we now have a chance to create a brighter future for our children and ourselves a future in which we seek God trust in Him and are at peace *Jesus in the House of the Pharaohs* Ahmed Osman, 2004-03-15 A provocative thesis that the historical Jesus was connected to the royal 18th dynasty of Egypt Contends that Jesus Joshua and Tutankhamun were the same person Provides evidence from church documentation the Koran the Talmud and archaeology that the Messiah came more than a millennium before the first century C E Shows that Christianity evolved from Essene teachings Although it is commonly believed that Jesus lived during the first century C E there is no concrete evidence to support this fact from the Roman and Jewish historians who would have been his contemporaries The

Gospel writers themselves were of a later generation and many accounts recorded in the Old Testament and Talmudic commentary refer to the coming of the Messiah as an event that had already occurred Using the evidence available from archaeology the Dead Sea Scrolls the Koran the Talmud and biblical sources Ahmed Osman provides a compelling case that both Jesus and Joshua were one and the same a belief echoed by the early Church Fathers and that this person was likewise the pharaoh Tutankhamun who ruled Egypt between 1361 and 1352 B C E and was regarded as the spiritual son of God Osman contends that the Essene Christians who followed Jesus teachings in secret after his murder only came into the open following the execution of their prophet John the Baptist by Herod many centuries later Yet it was also the Essenes who following the death of Tutankhamun and his father Akhenaten Moses secretly kept the monotheistic religion of Egypt alive The Essenes believed themselves to be the people of the New Covenant established between their Lord and themselves by the Teacher of Righteousness who was murdered by a wicked priest The Dead Sea Scrolls support Osman s contention that this Teacher of Righteousness was in fact Jesus

Failed God John A. Rush,2019-04-16 On a 2001 trip to the cathedrals of Europe anthropologist John Rush and his wife entered St Mark s Basilica in Venice and encountered a mosaic depicting Jesus surrounded by mushrooms with an Amanita muscaria cap in his hand Examining the space with new eyes they discovered images of mushrooms and mind altering plants all over the Basilica Intrigued Dr Rush spent seven years researching and reflecting on the profound effects hallucinogens had on the founding of all three major Western religions He concluded that Judaism Christianity and Islam are political constructions evolving out of the use of not only Amanita muscaria but a plethora of mind altering substances Failed God Fractured Myth in a Fragile World re examines the scriptural stories of Judaism Christianity and Islam as told in the Bible and Qur an and reveals them as concocted mythical charters stemming from drug induced romps with the super natural Rush shows how mind altering substances played an instrumental role in the birth and development of Western religions and explains how they contributed to reports of prophetic experiences including angry and disturbing messages from the divine With chapters on Judaism Christianity and Islam Rush fully addresses the effects of mind altering substances on each tradition convincingly discrediting the idea that they stem from actual human interaction with the divine He also shows how an intoxicated and over zealous Apostle Paul corrupted Jesus s simple message of human

decency forming an oppressive religious system based on fear In a thought provoking conclusion Rush asks how we can continue to attribute authority to traditions that were so clearly irrationally founded and incompatible with today s world

The Holy Bible Containing the Old Testament and the New ... ,1729 **Finding the Missing Exodus** W J

Vermeer,2016-07-25 One of the pivotal moments in history relating to the Bible is the departure of the children of Israel from the slavery of Egypt to settle on the Promised Land From this exodus came the Old Testament Law of Moses and the celebration of the feast of the Passover It was an event that was recounted numerous times throughout the books of the Old Testament as an important salutary message For Christians the Passover foreshadowed the redemption associated with the sacrifice of Christ and the crossing of the Red Sea is seen as a pattern of baptism The entry into the Promised Land by the Israelites is seen as a pattern to be fulfilled when Christians inherit eternal life The problem is that the history of ancient Egypt doesnt appear to support the account of the exodus There seems to be no sign of Israelites sojourning in Egypt no sign of a departure of hundreds of thousands of slaves no devastating plagues decimating Egypt Quite the reverse seems to be the case Egypt was prosperous and healthy The pharaohs built themselves lavish tombs and their mummified bodies are in museums around the world not lying at the bottom of the Red Sea On top of that the city of Jericho which was supposed to have been captured by the Israelites when they entered the land was actually unoccupied ruins at that time Does this mean the entire foundation of both Judaism and Christianity is flawed In this book the question is examined and it is shown that the answer to this mystery actually confirms rather than disproves the Bible account **Digging Through the Bible** Richard A

Freund,2023-06-14 A masterful and eminently readable journey through the fascinating insights and revelations of Biblical archeology Publishers Weekly starred review Many of our religious beliefs are based on faith alone but archaeology gives us the opportunity to find evidence about what really happened in the distant past evidence that can have a dramatic impact on what and how we believe In Digging Through the Bible archaeologist and rabbi Richard Freund takes readers through digs he has led in the Holy Land searching for evidence about key biblical characters and events Digging Through the Bible presents overviews of the evidence surrounding figures such as Moses Kings David and Solomon and Mary the mother of Jesus as well as new information that can help us more fully understand the life and times in which these people would have lived Freund also presents new evidence about finding the grave of the Teacher of Righteousness mentioned in the Dead Sea Scrolls and gives a compelling argument about how the Exodus of the Israelites may have taken place in three separate waves over time rather than in a single event as presented in the Bible [A History of the Pharaohs](#) Arthur Edward Pearse

Zincke,1873 *The Holy Bible. (The Psalms of David in Metre ... Allowed by the Authority of the General Assembly of the*

Kirk of Scotland.). ,1715 Forbidden Theology Miles Augustus Navarr,2012 Over 75% of the people who live on this planet are followers of one of the three major monotheistic religions They all consider Abraham as the father of their race and religion They all believe in one singular all powerful all knowing benevolent god The Hebrew call him Yahweh the Christians refer to him as Father or Lord and Muslims call him Allah and yet millions and millions of people have been murdered maimed and tortured by the followers of this single entity to prove that their version of this single god is better than the other two versions Sounds ridiculous and yet sadly enough more people have died in the name of religion than any other cause in the history of humanity Each and every one of us at one time or another has asked or thought about such fundamental questions as Is there a God Where did humans come from Why out of millions of species on earth only humans reached this level of sophistication Is there a life after death Is there a purpose to life Why are we here Are the scriptures truly the words of god More importantly is there any way we could find answers to such questions The fact is the answer to most of these questions and many more that we thought unanswerable have been written down on clay tablets by our ancient ancestors who lived in Mesopotamia over 7000 years ago These records are readily available to those who are willing to step outside the dogmatic belief system of the establishment and are prepared mentally and spiritually to tolerate a totally different rendering of the oldest written historical records about mankind s origin purpose and the truth about god our maker The subject matter of this book is an attempt to investigate the circumstances under which Mankind was made and to trace the beginning and development of such concerns as the emergence of the concept of god and the formation of what later became known as religion This is done primarily by relying on our scriptural texts particularly the Old Testament as well as other ancient manuscripts such as Sumerian Akkadian and Babylonian Creation and Genesis epics The first chapter begins by examining the behaviour commands and instructions given by Yahweh to his chosen people These commands and instructions are then evaluated and compared with basic accepted human rights standards practised and observed by almost all communities and societies past and present The question is then asked How could an entity powerful enough to have created the entire universe issue such cruel and sadistic commands against some of his own creations Furthermore Yahweh s behaviour is decidedly pro Hebrew and shows no regards or thought about non Hebrew masses How could the universal god show such bias towards a tiny fraction of his creatures with total disregard for the rest Finally the characteristics and personalities of Yahweh is analysed by scrutinising his behaviour actions and directives as stated in the Old Testament before examining the god of Christianity In investigating the role and characteristics of God in Christianity the first thing that immediately becomes apparent is the absence of a prominent role for God the Father as we had witnessed in Judaism The Christians or more specifically Saint Paul who was the founder and designer of Christianity as we know it today in order to distance his creation from the Hebrews and religion of Yahweh invented a new Godhead and named him Jesus Christ Ancient Greek I sous Born of a virgin with powers to heal the sick give sight to the blind and even raise the dead who was crucified

but resurrected three days later These were all characteristics borrowed from various religions and cults prevalent at the time in the Levant from Mithraism to the cult of Apoll

The Origins Miles Augustus Navarr,2024-02-13 There are many fundamental issues whether scientific cultural religious and even philosophical that we accept as fact or truth simply because our peers have done so Our peers have been wrong before For two thousand years Euclidean geometry and geo centricity was the absolute truth in scientific and religious communities Law of some of these issues concern the origins of our domain Origin of the universe origin of life on earth origin of Homo sapiens origin of what we categorize as civilization and origin of religion particularly monotheistic religions This book has endeavored to investigate these five very fundamental issues in simple and non scientific language as far as conceivable To most people these subject matters have very little or no consequence in their daily lives and for this reason they are not explored nor merit any time contemplating But they are so innate and engrained in our subconscious that most people must have pondered reflected or discussed one or more of these issues at least a few times in their lifetime The remarkable fact is that despite their vital and elemental relevance people simply accept and consent to what the authorities propagate That maybe the most convenient approach but none of the mainline theories regardless of where they came from Charles Darwin Albert Einstein The Pope Carl Sagan Steven Hawking or any other scientists philosophers or religious authorities are simply theories not proven and thus still mysteries worth investigating The book does not try to find answers It simply investigates the flaws inadequacies and weaknesses in some of these theories and where possible to explore other alternatives and options The only purpose and indeed hope in writing this book is to create a fertile domain in the mind of the readers to ask question albeit The Right questions Where there is consciousness there is doubt
