The Messiah Code C. Thornton

Chick,2023-05-04 What if there was an embedded Code in every chapter and verse of the Bible that is Empirical Proof the Bible is of Supernatural origin The Messiah Code doesn't just make that assertion it empirically proves it to be true After surviving three bouts with cancer and a supernatural rescue from drowning I always wondered what God had saved me for I prayed about it for over thirty years then just before my eighty fourth birthday the Lord Yeshua Jesus revealed to me that all numbers including chapter and verse in the Bible are personally signed by HIM with a supernatural mathematical algorithm that was hidden in plain sight True believers accept that all 785 000 words of the Bible are the Holy Spirit inspired Word of God by faith Unfortunately an unbeliever always wants proof Now they can have it The Lord Yeshua Jesus revealed to me the cypher to the mathematical code and anyone layman scholar or skeptic can discover for themselves the author of the Bible is Messiah Yeshua Jesus If after disclosing the Messiah Code to your unbelieving friends and letting them test the empirical

proof themselves and they are still not 100% convinced the Bible is of supernatural origin then with all due respect they probably don't believe in gravity. They are lost but God is in the lost and found business. I am a layman not a Bible scholar. I was a professional inventor for over forty years learning you cannot defy the laws of mathematics. Millions of patents are searched every year to determine if an idea is new or novel and 99% of all patent applications are dismissed because it is obvious the idea already exists. What is proven in the Messiah Code is obvious that imbedded in numbers of chapter and verse is the signature of our Lord Yeshua Jesus.

Origin and Evolution of Genetics Arvind Nabh Shukla, 2009

The Celestial Code of Scripture John McHugh, 2021-12-14 While researching celestial mythology at Brigham Young University John McHugh stumbled upon the arcane code that is the template for the legends and miracles in all Mesopotamian Greek Roman Jewish Christian and Islamic scriptures. This code was embedded in the archaic Mesopotamian belief system that conceptualized the astral sky as the heavens and its constellations and planets as deities inhabiting this divine realm. Celestial tableaux were understood as historical scenes that had once taken place on earth. Mesopotamian astronomers were regarded as magicians the magi whose task was to interpret and elaborate secretly on this Heavenly Writing the literal writing of the gods. The Celestial Code of Scriptures is the first book to present and explain this secret Mesopotamian cipher.

No Matter What Catherine Keller, 2024-12-03 A collection of essays that outline the recent work on ecology political theology religion and philosophy by one of the leading theologians of our age. As we face relentless ecological destruction spiraling around a planet of unconstrained capitalism and democratic failure what matters most. How do we get our bearings and direct our priorities in such a terrestrial scenario. Species race sex politics and economics will increasingly come tangled in the catastrophic trajectory of climate change. With a sense of urgency and of possibility Catherine Keller's *No Matter What* reflects multiple trajectories of planetary crisis. They converge from a point of view formed of the political ecologies of a transdisciplinary theological pluralism. In its work an ancient symbolism of apocalypse deconstructs end of the world narratives. Christian and secular even as any notion of an all-controlling and good God collapses under the force of internal contradiction. In the place of a once-for-all incarnation the materiality of unbounded interconnection of fragile yet animating relations of mattering earth bodies comes into focus. The essays of *No Matter What* share the preoccupation with matter characteristic of the so-called new materialism. They also root in an older ecotheological tradition one that has long struggled against the undead legacy of an earth betraying theology that with the aid of its white Christian right wing invests the denigration of matter its spirit of no matter in limitless commodification. The fragile alternative Keller outlines here embraces no matter what the mattering of the life of the Earth and of all its spirited bodies. These essays struggling against Christian and secular betrayals of the spirited matter of Earth work to materialize the still possible planetary healing.

Benoit, 2011-05-31

The ancient heresy of Gnosticism has seeped into the church and is being taught in our most influential seminaries today This can be seen most readily in the willingness and even determination of leading scholars and theologians to force the doctrines of evolution into the sacred text of the Scriptures This book looks closely at the Bible to determine whether or not evolution can be endorsed by the Word of God It then moves on to examine how today's theologians have played tricks with the text in order to seduce ordinary Christians into embracing Gnosticism This book is a call to God's people to eradicate this heresy and return to an honest reading of the Bible These higher critics have castrated Christianity they themselves are spiritual eunuchs incapable of producing any spiritual seed with which to grow the church in the coming generations They hope to bring some reconciliation between the teachings of modern science and the traditional teachings of Scripture but instead they only serve to instill doubt in the ordinary Christian doubt that an ordinary believer can ever again trust his own uneducated reading of the Bible It is sad to think that William Tyndale was martyred for bringing the Bible to the common man while modern theologians are being praised for taking it away again **The Sabbath Recorder** ,1928
