Understanding God: The Problem With Grace John King,2019-05-11 This is a study in Grace The language of the Scriptures had the added burden of speaking for God representing His thoughts in some elementary form that would aid faith in seeking after Him The culture of heaven we can say with a prima facie reasonableness is beyond the scope of the text To explain the coming age in the language of this age is not the burden of Scripture The Bible was written to promote the message of grace and our salvation not in such terms that would make sense out of all that God purposes for us His people

but the basic message to germinate faith in our hearts and give us the insight of hope for that world to come God's End Time Army ,Anonymous,2018-03-09 God is building the body of Christ to be a powerful spiritual army on the earth to carry out his plans in these end times It is an army of believers totally sold out to God with undivided devotion and a determination to serve him with all their hearts They have counted the cost of following Jesus and know that there is nothing greater in life than to do his will on earth This is the army God is using to build his kingdom and display his glory on the earth Each believer is chosen and called by God into this army Question is how many will say yes to the calling This book gives practical steps of how you can come into a place of intimate relationship with God to know him and trust him so you can surrender your life to him and step into your calling Each chapter is a building block to build you up into Christ You ll learn how to become Christlike in your walk and how to live as a citizen of the kingdom of God You will grow in your knowledge of the freedom you have in Christ so you can take that freedom to others and see lives transformed by the power of God God will empower each believer in his army to become a mighty warrior to display his mighty power on the earth If each believer makes the choice to say yes to God s call and purpose for their lives this could be the greatest time for the body of Christ and we ll see the glorious church of the Lord Jesus Christ rising up throughout the earth to demonstrate the power and the glory of our risen Savior *Dictionary of the Old Testament: Wisdom, Poetry and Writings* TREMPER LONGMAN III,PETER ENNS,2020-05-21 The Old Testament books of wisdom and poetry carry themselves differently from those of the Pentateuch the histories or the prophets The divine voice does not peal from Sinai there are no narratives carried along by prophetic interpretation nor are oracles declaimed by a prophet Here Scripture often speaks in the words of human response to God and God s world The hymns laments and thanksgivings of Israel the dirge of Lamentations the questionings of Qohelet the love poetry of the Song of Songs the bold drama of Job and the proverbial wisdom of Israel all offer their textures to this great body of biblical literature Then too there are the finely crafted stories of Ruth and Esther that narrate the silent providence of God in the course of Israelite and Jewish lives This third Old Testament volume in IVP s celebrated Black Dictionary series offers nearly 150 articles covering all the important aspects of Job Proverbs Ecclesiastes Psalms Song of Songs Lamentations Ruth and Esther Over 90 contributors many of them experts in this literature have contributed to the Dictionary of the Old Testament Wisdom Poetry and Writings This volume maintains the quality of scholarship that students scholars and pastors have come to expect from this series Coverage of each biblical book includes an introduction to the book itself as well as separate articles on their ancient Near Eastern background and their history of interpretation Additional articles amply explore the literary dimensions of Hebrew poetry and prose including acrostic ellipsis inclusio intertextuality parallelism and rhyme And there are well rounded treatments of Israelite wisdom and wisdom literature including wisdom poems sources and theology In addition a wide range of interpretive approaches is canvassed in articles on hermeneutics feminist interpretation form criticism historical criticism rhetorical criticism and social scientific approaches The Dictionary of the Old Testament Wisdom

Poetry and Writings is sure to command shelf space within arm s reach of any student teacher or preacher working in this portion of biblical literature

The Heresy of Ham, Revised Edition Joel Edmund Anderson,2024-11-07 One of the most controversial issues in our society today especially within Evangelicalism is that of the creation evolution debate Over the past few decades Fundamentalist apologists like Ken Ham of the young earth creationist organization Answers in Genesis have made a career convincing people that the age of the Earth and the historicity of Genesis 1 11 are not just bedrock fundamental tenets of the Christian faith but are also crucial fronts in the culture war In The Heresy of Ham Joel Edmund Anderson convincingly shows that not only are the YECist claims of Ken Ham unbiblical and unscientific but they have sowed the seeds of strife and division within countless Christian communities He should know he lost his job as a biblical worldview teacher at a small Evangelical school over the issue of YECism Anderson s ultimate message is simple regardless of your position regarding evolution or the interpretation of Genesis 1 11 they are not fundamental to the Christian faith and should not be used as battlefronts in the culture war If you have always had questions about the creation evolution debate the claims of YECism and the way Genesis 1 11 should be interpreted The Heresy of Ham is a tremendous resource for anyone struggling coming to grips with these issues

Doing Theology for the Church Rebekah Eklund,John E. Phelan,2014-11-01 Doing Theology for the Church honors the life of Klyne R Snodgrass and his four decades of service as professor of New Testament at North Park Theological Seminary as well as to the wider church and academy Snodgrass s work is multifaceted and encompasses the study of the gospels and the parables Paul inner biblical interpretation women and

ministry and identity In conversation with Snodgrass's wide range of interests the book is organized around these themes In addition to honoring a significant person the purpose of a festschrift is to interact with that individual's work to examine its implications and to take up the honoree's interests in new and creative ways This volume accomplishes all of this with the contributors thoughtfully engaging the significant themes that have constituted the life and work of their colleague mentor teacher and friend T&T Clark Handbook of Christian Theology and Climate Change Hilda P. Koster, Ernst M.

Conradie, 2019-12-12 The T these essays are critically engaged by respondents situated in other geographic regions minority communities non Christian traditions or non theological disciplines Structured in seven main parts the handbook explores 1 the need for collaboration with disciplines outside of Christian theology to address climate change 2 the need to find common moral ground for such collaboration 3 the difficulties posed by collaborating with other Christian traditions from within 4 the questions that emerge from such collaboration for understanding the story of God's work and 5 God's identity and character 6 the implications of such collaboration for ecclesial praxis and 7 concluding reflections examining whether this volume does justice to issues of race gender class other animals religious diversity geographical divides and carbon mitigation This rich ecumenical cross cultural conversation provides a comprehensive and in depth engagement with the theological and moral challenges raised by anthropogenic climate change Decolonizing Ecotheology S. Lily Mendoza, George

Zachariah, 2022-02-18 Decolonizing Ecotheology Indigenous and Subaltern Challenges is a pioneering attempt to contest the politics of conquest commodification and homogenization in mainstream ecotheology informed by the voices of Indigenous and subaltern communities from around the world The book marshals a robust polyphony of reportage wonder analysis and acumen seeking to open the door to a different prospect for a planet under grave duress and a different self assessment for our own species in the mix At the heart of that prospect is an embrace of soils and waters as commons and a privileging of subaltern experience and marginalized witness as the bellwethers of greatest import Of course decolonization finds its ultimate test in the actual return of land and waters to precontact Indigenous who yet have feet on the ground or paddles in the waves and who conjure dignity and vision in the manifold of their relations in spite of ceaseless onslaught and dismissal Their courage is the haunt these pages hallow like an Abel never entirely erased from the history May the moaning stop and the re creation begin
