Ely, Jr.,2001-12-06 No enterprise is so seductive as a railroad for the influence it exerts the power it gives and the hope of gain it offers Poor s Manual of Railroads 1900 At its peak the railroad was the Internet of its day in its transformative impact on American life and law A harbinger and promoter

of economic empire it was also the icon of a technological revolution that accelerated national expansion and in the process transformed our legal system James W Ely Jr in the first comprehensive legal history of the rail industry shows that the two institutions the railroad and American law had a profound influence on each other Ely chronicles how America's first big business impelled the creation of a vast array of new laws in a country where long distance internal transport had previously been limited to canals and turnpikes Railroads the first major industry to experience extensive regulation brought about significant legal innovations governing interstate commerce eminent domain private property labor relations and much more Much of this development was originally designed to serve the interests of the railroads themselves but gradually came to contest and control the industry's power and exploitative tendencies As Ely reveals despite its great promise and potential as an engine of prosperity and uniter of far flung regions the railroad was not universally admired Railroads uprooted people threatened local autonomy and posed dangers to employees and the public alike situations with unprecedented legal ramifications Ely explores the complex and sometimes contradictory ways in which those ramifications played out as railroads crossed state lines and knitted together a diverse nation with thousands of miles of iron rail Epic in its scope Railroads and American Law makes a complex subject accessible to a wide range of readers from legal historians to railroad buffs and shows the many ways in which a powerful industry brought change and innovation to America

The Literature of American Legal History William Nelson, John Phillip Reid, 1985 Republishes articles by two senior legal historians Besides summarizing what has now become classical literature in the field it offers illuminating insight into what it means to be a professional legal historian *ABA Journal*, 1963-02 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association

Sarah's Long Walk Stephen Kendrick, Paul Kendrick, 2004 The never before told story of the African American child who started the fight for desegregation in America's public schools In 1847 on windswept Beacon Hill in Boston a five year old girl named Sarah Roberts was forced to walk past five white schools to attend the poor and densely crowded black school Incensed that his daughter had been turned away at each white school her father Benjamin sued the city of Boston on her behalf He turned to twenty four year old Robert Morris the first black attorney ever to win a jury case in America Together with young Brahmin lawyer Charles Sumner this legal team forged a powerful argument against school desegregation that has reverberated down through American history in a direct legal line to Brown v Board of Education When the Massachusetts Supreme Judicial Court ruled against Sarah Roberts Chief Justice Shaw created the concept of separate but equal an idea that affected every aspect of American life until it was overturned one hundred years later by Thurgood Marshall Today few have heard of the Roberts case or of the three thousand free blacks in Boston who fought valiantly and successfully long before the civil rights movement of the 1960s to integrate schools theaters and railway cars to legalize interracial marriage and to form the first black army regiment Now Stephen Kendrick and Paul Kendrick tell the inspiring story of the remarkable

activist community of which Sarah and her family were a part bringing to light the human side of this crucial struggle Sarah's Long Walk recovers stories of black and white Boston of Beacon Hill in the nineteenth century and of all the concerned citizens both white and black who participated in the early struggles for equal rights The result is a rich historical tapestry a fascinating story of the courage and conviction of ordinary people who achieved extraordinary things **The McGraw-Hill Encyclopedia of World Biography** ,1973 **The American Journal of Legal History** ,1963 Oregon Law Review ,1962 Vol 1 14 include the proceedings of the Oregon Bar Association previously issued separately as Proceedings of the Oregon Bar Association at its annual meeting **ABA Journal** ,1963-12 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **The Hundred Boston Orators Appointed by the Municipal Authorities and Other Public Bodies from 1770 to 1852** James Spear Loring,1855 **Boston Bar Journal** ,1962 ABA Journal ,1963-02 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association Blasphemy In Massachusetts Leonard W.
