Gentle Rebel Letters Of Eugene V Debs

Eugene Victor Debs

Gentle Rebel Letters Of Eugene V Debs:

Gentle Rebel Eugene Victor Debs,1995 **Letters of Eugene V. Debs** Eugene V. Debs,1990 The three volumes of Debs's correspondence contain more than 1 500 of the 10 000 extant letters to and from Debs during his controversial lifetime J Roberts Constantine spent more than a dozen years compiling editing and annotating this collection Reading Debs's correspondence with the leaders and foot soldiers of the major social movements of his time helps trace the progress of such struggles as woman suffrage prison reform abolition of child labor early attacks on Jim Crow laws and opposition to war

Rebels and Renegades Neil A. Hamilton,2002 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company **The Gilded Age & Progressive Era** Elisabeth Israels Perry,Karen Manners Smith,2006-10-30 More than 250 entries provide information on a wide range of topics related to the Gilded Age and Progressive Era covering the economic political and cultural changes and expansions that took place from 1877 to 1920 **Historical Documentary Editions** ,2000 *Clarence Darrow* Andrew E. Kersten,2011-04-26 Clarence Darrow is best remembered for his individual cases whether defending the thrill killers Leopold and Loeb or John Scopes's right to teach evolution in the classroom In the first full length biography of Darrow in decades the historian Andrew E Kersten narrates the complete life of America's most legendary lawyer and the struggle that defined it the fight for the American traditions of individualism freedom and liberty in the face of the country's inexorable march toward modernity Prior biographers have all sought to shoehorn Darrow born in 1857 into a single political party or cause But his politics do not define his career or enduring importance Going well beyond the familiar story of the socially conscious lawyer and drawing upon new archival records Kersten shows Darrow as early modernity's greatest iconoclast What defined Darrow was his response to the rising interference by corporations and government in ordinary working Americans lives he zealously dedicated himself to smashing the structures and systems of social control everywhere he went During a period of enormous transformations encompassing the Gilded Age and the Progressive Era Darrow fought fiercely to preserve individual choice as an ever more corporate America sought to restrict it

America: The Farewell Tour Chris Hedges,2019-08-27 Chris Hedges's profound and unsettling examination of America in crisis is an exceedingly provocative book certain to arouse controversy but offering a point of view that needs to be heard Booklist about how bitter hopelessness and malaise have resulted in a culture of sadism and hate America says Pulitzer Prize winning reporter Chris Hedges is convulsed by an array of pathologies that have arisen out of profound hopelessness a bitter despair and a civil society that has ceased to function The opioid crisis the retreat into gambling to cope with economic distress the pornification of culture the rise of magical thinking the celebration of sadism hate and plagues of suicides are the physical manifestations of a society that is being ravaged by corporate pillage and a failed democracy As our society unravels we also face global upheaval caused by catastrophic climate change All these ills presage a frightening reconfiguration of the nation and the planet Donald Trump rode this disenchantment to power In his forceful and direct Publishers Weekly America

The Farewell Tour Hedges argues that neither political party now captured by corporate power addresses the systemic problem Until our corporate coup d tat is reversed these diseases will grow and ravage the country With sharply observed detail Hedges writes a requiem for the American dream Kirkus Reviews and seeks to jolt us out of our complacency while there is still time

Class in America Robert E. Weir,2007-06-30 In the United States social class ranks with gender race and ethnicity in determining the values activities political behavior and life chances of individuals Most scholars agree on the importance of class although they often disagree on what it is and how it impacts Americans This A Z encyclopedia the first to focus on class in the United States surveys the breadth of class strata throughout our history for high school students to the general public Class is illuminated in 525 essay entries on significant people terms theories programs institutions eras ethnic groups places and much more This useful set is an authoritative fascinating source for in demand information on key aspects of our culture and society and helps researchers to narrow down a broad topic Class is revealed from angles that often intersect through history with entries such as Founding Fathers the Industrial Revolution Westward Expansion through economics with entries such as Dot com Bubble Robber Barons Chicago School of Economics Lottery Wage Slaves Economic Equal Opportunity Act Stock Market Inheritance Taxes Wal Mart Welfare through social indicators such as Conspicuous Consumption the Hamptons WASP Homelessness Social Climbing through politics with entries such as Anarchism Braceros Heritage Foundation Communist Party Kennedy Family and through culture through entries such as Country Music The Great Gatsby Television and Studs Terkel Class is also approached from ethnic sexual religious educational and regional angles Special features include an introduction timeline suggested reading per entry cross references reader s guide to topics and thorough index Sample entries Immigration Education Labor Movement Pink Collar Workers AFL CIO Strikes Great Depression Jacob Riis Literature the Rockefellers Slavery Music Academia Family Suburbia McMansions Taxation Segregation Racism Ivy League Robber Barons Philanthropists Socialites Religion Welfare the American Dream Dot com Millionaires Equal Opportunity Founding Fathers Wage Slaves Industrial Revolution Capitalism Economics Appalachia Horse Racing Gender Communist Party Country Clubs Religion American Indians Conspicuous Consumption Studs Terkel Film Class Consciousness Work Ethic Media Television Puritans Homelessness Status Symbols Assimilation Melting Pot Art Westward Expansion Poverty The Great Gatsby Stock Market Working Poor Gated Communities the Hamptons Social Climbing Crime Lottery Elitism WASP American Dream Noam Chomsky Fortune Magazine

The Encyclopedia of the Industrial Revolution in World History Kenneth E. Hendrickson III,2014-11-25 As editor Kenneth E Hendrickson III notes in his introduction Since the end of the nineteenth century industrialization has become a global phenomenon After the relative completion of the advanced industrial economies of the West after 1945 patterns of rapid economic change invaded societies beyond western Europe North America the Commonwealth and Japan In The Encyclopedia of the Industrial Revolution in World History contributors survey the Industrial Revolution as a world historical phenomenon rather than

through the traditional lens of a development largely restricted to Western society The Encyclopedia of the Industrial Revolution in World History is a three volume work of over 1 000 entries on the rise and spread of the Industrial Revolution across the world Entries comprise accessible but scholarly explorations of topics from the aerospace industry to zaibatsu Contributor articles not only address topics of technology and technical innovation but emphasize the individual human and social experience of industrialization Entries include generous selections of biographical figures and human communities with articles on entrepreneurs working men and women families and organizations They also cover legal developments disasters and the environmental impact of the Industrial Revolution Each entry also includes cross references and a brief list of suggested readings to alert readers to more detailed information The Encyclopedia of the Industrial Revolution in World History includes over 300 illustrations as well as artfully selected extended quotations from key primary sources from Thomas Malthus Essay on the Principal of Population to Arthur Young s look at Birmingham England in 1791 This work is the perfect reference work for anyone conducting research in the areas of technology business economics and history on a world historical scale

Isolationism Charles Kupchan,2020 This is the first book to examine the full arc of American isolationism from the founding era through the Trump presidency Charles Kupchan tells the fascinating story of why isolationism dominated US statecraft for so long uncovers isolationism s enduring connection to American exceptionalism and explains why an aversion to foreign entanglement is making a comeback This fresh account of American history sheds revealing light on not only the nation s past but also where US grand strategy is headed and how the nation can find the middle ground between isolationism and strategic overreach

Letters of a Nation Andrew Carroll,1998-12-31 Spanning 350 years of American history and culture a collection of more than two hundred letters many never before published reveals the personalities and feelings of Americans great and small from Amelia Earhart to Elvis Presley to Malcolm X Reprint

The Lost Promise of Patriotism Jonathan M. Hansen,2010-03-15 During the years leading up to World War I America experienced a crisis of civic identity How could a country founded on liberal principles and composed of increasingly diverse cultures unite to safeguard individuals and promote social justice In this book Jonathan Hansen tells the story of a group of American intellectuals who believed the solution to this crisis lay in rethinking the meaning of liberalism Intellectuals such as William James John Dewey Jane Addams Eugene V Debs and W E B Du Bois repudiated liberalism s association with acquisitive individualism and laissez faire economics advocating a model of liberal citizenship whose virtues and commitments amount to what Hansen calls cosmopolitan patriotism Rooted not in war but in dedication to social equity cosmopolitan patriotism favored the fight against sexism racism and political corruption in the United States over battles against foreign foes Its adherents held the domestic and foreign policy of the United States to its own democratic ideals and maintained that promoting democracy universally constituted the ultimate form of self defense Perhaps most important the cosmopolitan patriots regarded critical engagement with one s country as the essence of patriotism thereby justifying

scrutiny of American militarism in wartime *World War I* Spencer C. Tucker, 2014-10-28 Offering exhaustive coverage detailed analyses and the latest historical interpretations of events this expansive five volume encyclopedia is the most comprehensive and detailed reference source on the First World War available today One hundred years after the beginning of World War I in 1914 this conflict still stands as perhaps the most important event of the 20th century World War I toppled all of the existing empires at the time transformed the Middle East and vaulted the United States to becoming the world's leading economic power Its effects were profound and lasting and included outcomes that led to World War II This multivolume encyclopedia provides a wide ranging examination of World War I that covers all of the important battles key individuals both civilian and military weapons and technologies and diplomatic social political cultural military and economic developments Suitable as a reference tool for high school and undergraduate students as well as faculty members and graduate level researchers *World War I The Definitive Encyclopedia and Document Collection* offers accessible in depth information and up to date analyses in a format that lends itself to quick and easy use The set comprises alphabetically arranged cross referenced entries accompanied by further reading selections as well as a comprehensive bibliography A fifth volume provides chronologically arranged documents and an A Z index **Injustices** Ian Millhiser, 2016-06-28 Now with a new epilogue an unprecedented and unwavering history of the Supreme Court showing how its decisions have consistently favored the moneyed and powerful Few American institutions have inflicted greater suffering on ordinary people than the Supreme Court of the United States Since its inception the justices of the Supreme Court have shaped a nation where children toiled in coal mines where Americans could be forced into camps because of their race and where a woman could be sterilized against her will by state law The Court was the midwife of Jim Crow the right hand of union busters and the dead hand of the Confederacy Nor is the modern Court a vast improvement with its incursions on voting rights and its willingness to place elections for sale In this powerful indictment of a venerated institution Ian Millhiser tells the history of the Supreme Court through the eyes of the everyday people who have suffered the most from it America ratified three constitutional amendments to provide equal rights to freed slaves but the justices spent thirty years largely dismantling these amendments Then they spent the next forty years rewriting them into a shield for the wealthy and the powerful In the Warren era and the few years following it progressive justices restored the Constitution's promises of equality free speech and fair justice for the accused But Millhiser contends that was an historic accident Indeed if it weren't for several unpredictable events *Brown v Board of Education* could have gone the other way In *Injustices* Millhiser argues that the Supreme Court has seized power for itself that rightfully belongs to the people's elected representatives and has bent the arc of American history away from justice *Democracy in Desperation* Douglas Steeples, David O. Whitten, 1998-09-24 The Panic of 1893 and the depression it triggered mark one of the decisive crises in American history Devastating broad sections of the country like a tidal wave the depression forced the nation to change its way of life and altered the pattern and pace of national development ever after The

depression served as the setting for the transformation from an agricultural to an industrial society exposed grave economic and social problems sharply tested the country's resourcefulness reshaped popular thought and changed the direction of foreign policy It was a crucible in which the elements of the modern United States were clarified and refined Yet no study to date has examined the depression in its entirety This is the first book to treat these disparate matters in detail and to trace and interpret the business contraction of the 1890s in the context of national economic political and social development Steeples and Whitten first explain the origins of the depression measure its course and interpret the business recovery giving full coverage to structural changes in the economy namely the growing importance of manufacturing emergence of new industries consolidation of business and increasing importance of finance capitalism The remainder of the book examines the depression's impact on society discussing for example unemployment birth rate health and education and on American culture politics and international relations Placing the business collapse at the center of the scene the book shows how the depression was a catalyst for ushering in a more modern America

Term Paper Resource Guide to Twentieth-Century United States History Ron Blazek, Teri Maggio, Robert Muccigrosso, 1999-05-30 Students will write more effective term papers with this guide to 500 term paper ideas as well as a listing of appropriate print and nonprint sources on twentieth century U S history This guide presents entries on 100 of the most important events and developments in twentieth century U S history organized in chronological order Each entry consists of a short description of the event followed by five specific suggestions for term papers about the event and a wide ranging annotated bibliography of 15-35 books articles videos and a web site appropriate for student research In every case the emphasis is on recent and up to date material as well as landmark works and primary sources Every entry contains a video and concludes with a recommended web site producing a multimedia approach designed to appeal to the current information gathering habits and preferences of young people From the Spanish American War to the creation of NAFTA the 100 events and developments cover political social economic and cultural issues The work has been designed to meet the needs of the U S history curriculum Term paper topic ideas offer students thought provoking suggestions that are challenging and develop critical thinking skills The annotated bibliography is organized into reference sources general sources specialized sources biographical sources periodical articles recommended videos and World Wide Web sites All items are readily available in school public and academic library collections This unique guide is valuable not only to students but to teachers and librarians who guide students in research and is an excellent purchasing guide for librarians who serve student needs
