Geoffrey Chaucer An Introduction To His Narrative Poetry

Geoffrey Chaucer

Geoffrey Chaucer An Introduction To His Narrative Poetry:

Geoffrey Chaucer Dieter Mehl, 1986-12-18 This book is a lucid introduction and intelligent examination of Chaucer's narrative poetry

The Cambridge Companion to Chaucer Piero Boitani, Jill Mann, 2004-01-12 The Cambridge Companion to Chaucer is an extensively revised version of the first edition which has become a classic in the field This new volume responds to the success of the first edition and to recent debates in Chaucer Studies Important material has been updated and new contributions have been commissioned to take into account recent trends in literary theory as well as in studies of Chaucer's works New chapters cover the literary inheritance traceable in his works to French and Italian sources his style as well as new approaches to his work Other topics covered include the social and literary scene in England in Chaucer's time and comedy pathos and romance in the Canterbury Tales The volume now offers a useful chronology and the bibliography has been entirely updated to provide an indispensable guide for today's student of Chaucer

English Literature in the Age of Chaucer Dieter Mehl, 2014-06-11 Written in an engaging and accessible manner English Literature in the Age of Chaucer serves as both a lucid introduction to Middle English literature for those coming fresh to the study of earlier English writing and as a stimulating examination of the themes traditions and the literary achievement of a number of particularly original and interesting authors In addition to detailed and sensitive treatment of Chaucer's major works the book includes chapters on his chief contemporaries such as John Gower William Langland and the Gawain poet It also examines the often underrated contribution to the English literary tradition of his successors John Lydgate and Thomas Hoccleve as well as the interesting and original work of the Scottish poets Robert Henryson William Dunbar and Gavin Douglas who also claim Chaucer as their model Apart from the narrative poetry of Chaucer and his followers the book also contains chapters on the Middle English lyric Middle English prose including Mandeville's travels the most original and imaginative writings of the Middle English mystics in particular Julian of Norwich and Margery Kempe and Thomas Malory's impressive prose compilation of Arthurian stories

Geoffrey Chaucer Jerome Mandel, 1992 The same artistic techniques of contrast cross referencing and leitmotif which unify the individual tales he used to unify the multitalle fragments and to ensure the coherence of the whole project Even when they do not share the same tone point of view narrator or genre the tales within each fragment belong together because they share the same themes and types of characters and perhaps most indicative of Chaucer's ideas of order they share the same structure These parallels which pervade every fragment of the Canterbury Tales insist that certain tales and no others be joined to form a coherent aesthetic unit Therefore each fragment regardless of its intended position in a overall scheme which Chaucer never completed is a coherent work of art By examining the methods Chaucer used to link the tales into clearly defined and coherent fragments Professor Mandel shows how Chaucer designed and built the tales to fit together with mutual coherence

Chaucer's Pardoner's Prologue and Tale Marilyn Sutton, 2000-01-01 The Chaucer Bibliography series aims to provide annotated bibliographies for all of Chaucer's work This book summarizes 20th century

commentaries on Chaucer's Pardoner's Prologue and Tale

Chaucer's Squire's Tale, Franklin's Tale, and Physician's Tale Kenneth Bleeth, 2018-11-19 The latest volume in the Chaucer Bibliographies series meticulously assembled by Kenneth Bleeth is the most comprehensive record of scholarship on Chaucer's Squire's Tale, Franklin's Tale, and Physician's Tale

A Companion to Medieval Poetry Corinne Saunders, 2010-04-12 MEDIEVAL POETRY In a series of original essays from leading literary scholars this Companion offers a chronological sweep of medieval poetry from Old English to the great genres of romance narrative and alliterative poetry of the 15th century. Beginning in the Anglo-Saxon period, the volume explores the Old English language and its alliterative tradition before moving on to examine the genres of heroic, devotional, wisdom, and epic poetry, culminating in a discussion of arguably the founding text of the English literary canon, the great epic *Beowulf*. In part two, the Companion moves on to discuss the linguistic and social changes brought about as a result of the Norman Conquest, exploring how this influenced the development of literary genres. Essays probe the shifts and continuities in genres such as lyric, chronicle, and dream vision, and the emergence of new genres such as popular and courtly romance and drama. A particular focus is the continuation of the alliterative tradition from the Anglo-Saxon period to the fifteenth century. A series of chapters on major authors, including Chaucer, Gower, and Langland, provide fresh approaches to reading and studying key texts such as *The Canterbury Tales*, *Piers Plowman*, and *Sir Gawain and the Green Knight*. Finally, the collection examines cultural change at the close of the medieval period and the variety of literature produced in the long fifteenth century, including writing by and for women, Scots poetry, clerical and courtly works, and secular and sacred drama.

Geoffrey Chaucer G. A. Rudd, 2005-07-05 So many questions surround the key figures in the English literary canon, but most books focus on one aspect of an author's life or work or limit themselves to a single critical approach. *Geoffrey Chaucer* offers basic information on an author's life, contexts, and works; the major critical issues surrounding the author's works from the time they were written to the present; explanations of the full range of different critical views and interpretations; guides to further reading in each area.

Prose and poetry of the age of Chaucer, s. XIV Antonio Bravo, 1998 The task of the historian of language is to recreate texts as they were at a given stage of their linguistic life. The texts which follow have been selected and edited in the hope of providing means for understanding the English language of the age of Chaucer. The selection in this volume have been chosen to illustrate the history of the English language in the XIVth Century. This anthology was conceived at least in part because I agree with the idea that it is in literature and in the works written by the most outstanding writers that a language displays its full power. Each selection is supplied with a brief introduction which gives information as to the source and background necessary for understanding the text, and brief bibliography on MSS, modern editions, and language and literature criticism.

Chaucer William Anthony Davenport, 1988 Lively and interesting. *Complaint* and its interaction with its narrative context is explored across the range of Chaucer's oeuvre, from the shorter poems to various *Tales*. **NOTES** **QUERIES** Counters the view of Chaucer's complaints as exercises in a worn-out French

tradition by demonstrating how his effort to fuse lyric and narrative modes led him to experiment with complaint His analyses give new perspectives on several of Chaucer's works an intelligent original and profitable view

STUDIES IN THE AGE OF CHAUCER *The Reception of D. H. Lawrence in Europe* Dieter Mehl, Christa Jansohn, 2007-01-05 The intellectual scope and cultural impact of British and Irish writers in Europe cannot be assessed without reference to their European fortunes This collection of essays prepared by an international team of scholars critics and translators record how D H Lawrence's work has been received translated and interpreted in most European countries with remarkable though greatly varying success Among the topics discussed in this volume are questions arising from the personal and frequently controversial nature of much of Lawrence's writings and the various ways in which translators from across Europe coped with the specific problems that the often regional but at the same time cosmopolitan Lawrencean texts pose

Chaucer's Narrators and the Rhetoric of Self-representation Michael Foster, 2008 Methods of representing individual voices were a primary concern for Geoffrey Chaucer While many studies have focused on how he expresses the voices of his characters especially in *The Canterbury Tales* a sustained analysis of how he represents his own voice is still wanting This book explores how Chaucer's first person narrators are devices of self representation that serve to influence representations of the poet Drawing from recent developments in narratology the history of reading and theories of orality this book considers how Chaucer adapts various rhetorical strategies throughout his poetry and prose to define himself and his audience in relation to past literary traditions and contemporary culture The result is an understanding of how Chaucer anticipates addresses and influences his audience's perceptions of himself that broadens our appreciation of Chaucer as a master rhetorician

Shakespeare Without Boundaries Dieter Mehl, 2011 Shakespeare without Boundaries Essays in Honor of Dieter Mehl offers a wide ranging collection of essays written by an international team of distinguished scholars who attempt to define to challenge and to erode boundaries that currently inhibit understanding of Shakespeare and to exemplify how approaches that defy traditional bounds of study and criticism may enhance understanding and enjoyment of a dramatist who acknowledged no boundaries in art The Volume is published in tribute to Professor Dieter Mehl whose critical and scholarly work on authors from Chaucer through Shakespeare to D H Lawrence has transcended temporal and national boundaries in its range and scope and who as Ann Jennalie Cook writes has contributed significantly to the erasure of political boundaries that have endangered the unity of German literary scholarship and more broadly through his work for the International Shakespeare Association to the globalization of Shakespeare studies

The Decameron and the Canterbury Tales Leonard Michael Koff, Brenda Deen Schildgen, 2000 That resistance informed by a model of literary influence grounded on the idea of interruption would keep the *Canterbury Tales* away from the *Decameron* though not the rest of Chaucer from other works by Boccaccio In the end of course that resistance tells us more about Chaucer's reception since the fifteenth century than about Chaucer himself or his sources

BOOK JACKET *Chaucer's Knight's Tale* Monica E. McAlpine, 1991-01-01 As the first of

the Canterbury Tales the Knight's Tale has been the subject of a vast body of comment by scholars and lay readers Monica McAlpine provides access to this material in the first of the Chaucer Bibliographies series to deal with a narrative portion of that author's best known work **Troilus and Criseyde** Geoffrey Chaucer, 2008-11-13 Chaucer's masterpiece and one of the greatest narrative poems in English the story of the lovers Troilus and Criseyde is renowned for its deep humanity and penetrating psychological insight This new translation into modern English by a major Chaucerian scholar includes an index of the names relating to the Trojan War and an Index of Proverbs **The Squire's Tale** Geoffrey Chaucer, 1899 *Strange matter* Martin Bleisteiner, Jan-Peer Hartmann, Andrew James Johnston, 2025-09-02 Strange matter offers exciting new perspectives on the premodern fascination with materiality and the various ways in which the Middle Ages and subsequent periods experienced things in time Drawing on a wide selection of examples that range from medieval texts and artefacts of both European and non European origin to Macbeth's highly evocative meditation on bubbles the essays compiled in this volume look beyond the confines of the Anglophone world As they engage critically with the specific temporal otherness modernity has so often ascribed to medieval texts and artefacts the contributors also enter into productive dialogue with recent trends in criticism such as thing studies and the growing field of object biographies in cultural studies and museology

Wisdom and Chivalry Stephen Henry Rigby, 2009 The Knight's Tale is one of the most controversial of all the Canterbury Tales Does Chaucer portray Theseus the duke of Athens whose actions dominate the tale as an ideal ruler one who is noble wise and chivalrous or does the duke's behaviour reveal him to be immoral self seeking and tyrannical This book assesses the duke's conduct and thought in terms of the ideals set out in medieval mirrors for princes particularly in Giles of Rome's *De Regimine Principum* It argues that when judged by the standards of these works Theseus can be seen as a model prince in terms of his self government ethics his rule of his household economics his governance of his realm politics and his cosmography and philosophy [The Summoner's Tale](#) Geoffrey Chaucer, 1995 Part Seven Once reviled as an example of Chaucer at his most tasteless and omitted from some editions of The Canterbury Tales this scatological anecdote has over time been accorded genuine admiration first grudging and finally unabashed As in The Miller's Tale Chaucer has elaborated a simple fart joke into pungent satire against human foibles Here too through subtle references to religious lore Chaucer transforms mere vulgarity into a truly clever jest and in the opinion of some critics a serious commentary on important issues The particular target of the tale's satire is a friar who is so blinded by greed hypocrisy and anger that he cannot see how others perceive him

Geoffrey Chaucer An Introduction To His Narrative Poetry Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has be more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such could be the essence of the book **Geoffrey Chaucer An Introduction To His Narrative Poetry**, a literary masterpiece that delves deep to the significance of words and their effect on our lives.
