Geography Of Gender In The Third World:

Geography of Gender in the Third World Janet Henshall Momsen, Janet Townsend, 1987 Gender in the Third World Sarah A. Radcliffe, Janet G. Townsend, 1988 Bibliography contains over 1300 items books articles pamphlets and working papers Merely publications from 1983 to 1987 The bibliography is divided by geographical area and within these areas by topic f e agricultural production rural change households and demographic data feminism and theory **Gender, Ethnicity and the Informal Sector in Trinidad** Robert B. Potter, Sally Lloyd-Evans, 2018-02-06 This title was first published in 2002 Throughout much of the developing world and especially in Africa and Latin America the informal employment sector is growing spectacularly This study focuses on the gender and ethnic aspects of the informal economy in Trinidad **Gender and Agricultural Development** Helen Kreider Henderson, 2022-03-29 Agricultural planning and development are crucial to human survival but they usually proceed without any consideration of the importance of gender issues at the production level Although women have long been prime movers in agriculture their contribution to the world s food supply has been largely ignored and consequently their stake in development has been undermined This book is both a resource guide and a review of major issues in gender and agriculture which demonstrates that recognizing the contribution of women to agricultural production is a necessary step in development planning It presents relevant information and research literature regarding women s roles in agriculture in a consolidated and accessible format offering insights into how the inclusion or exclusion of appropriate information at the planning stage can have an impact during implementation It also provides guidelines for locating information on gender related agricultural issues and incorporating it into development planning research and training The literature reviewed not only calls attention to the work women do in order to improve their access to technology and training but also challenges existing development paradigms The issues discussed present women s experiences and local knowledge and allude to gender and class inequities that farming women face Each chapter is intended to help the reader address major gender issues in a specific subject in order to access relevant information and thereby better design and implement appropriate agricultural planning and policies By synthesizing twenty years of international research Gender and Agricultural Development provides an effective tool for development practitioners to use in training programs or surveys in order to ensure the appropriate collection of gender disaggregated data and for educators to integrate gender issues into courses dealing with social aspects of agricultural systems Its findings are presented in such a way as to allow them to be easily incorporated into innovative planning for more sustainable and equitable agricultural policies **Confronting Power, Theorizing Gender** Eudine Barriteau, 2003 Extrait de la couverture This anthology of Caribbean feminist scholarship has several unique features It exposes gender relations as regimes of power and consolidates and advances indigenous feminist theorizing A particularly strong section of the collection deconstructs marginality and masculinity in the Caribbean and provides ground breaking research with policy implications The major breakthrough is the

recognition that this area of research includes both men and women as integral to a more adequate conceptualization of society polity and economy thereby enabling scholars to address more fully the realities of social life The temper of the times suggests that a significant watershed in gender studies has been reached Women's Studies Linda Krikos, Cindy Ingold, 2004-08-30 This truly monumental work maps the literature of women s studies covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts This definitive guide to the literature of women s studies is a must purchase for academic libraries that support women s studies programs and it is a useful addition to any academic or public library that endeavors to represent the field A team of subject specialists has taken on the immense task of documenting publications in the area of women s studies in the last decades of the 20th century The result is this truly monumental work which maps the field covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Most reviews cite and describe similar and contrasting titles substantially extending the coverage Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts Taking up where the previous volume by Loeb Searing and Stineman left off this is the definitive guide to the literature of women s studies It is a must purchase for academic libraries that support women s studies programs and a welcome addition to any academic or public library that endeavors to represent the field

Understanding Geographical and Environmental Education Michael C. Williams, 1995-12-07 These papers aim to provide a substantial review of the literature pertaining to a comprehensive range of traditional and contemporary research paradigms and research methods The book is designed as a reference work for novice researchers in the fields of geographical and environmental education **Gender and Development** Janet Henshall Momsen, 2004 Extrait de la couverture Since the classic *Women and development in the Third World* was published over a decade ago a new awareness of the importance of gender roles in development has grown Globalization international migration refugees and conditions of war have brought these issues of gender and development to the public attention At the same time gender perspectives have become central to the many United Nations meetings on development including the Beijing Women s Conference This book focuses on these new challenges and the efforts to overcome them though the empowerment of women and men This accessible textbook provides an introduction to the topic that is based on the author s wide field experience Topical and up to
