Eliza's Babes, Or, The Virgin's Offering (1652) L. E. Semler, 2001 Eliza's enthusiasm literally being in the spirit is its own assurance and leads to the production of literary offspring Women and Religious Writing in Early Modern **England** Erica Longfellow, 2004-09-23 This study challenges critical assumptions about the role of religion in shaping women s experiences of authorship Feminist critics have frequently been uncomfortable with the fact that conservative religious beliefs created opportunities for women to write with independent agency The seventeenth century Protestant women discussed in this book range across the religio political and social spectrums and yet all display an affinity with modern feminist theologians Rather than being victims of a patriarchal gender ideology Lady Anne Southwell Anna Trapnel and Lucy Hutchinson among others were both active negotiators of gender and active participants in wider theological debates By placing women's religious writing in a broad theological and socio political context Erica Longfellow challenges traditional critical assumptions about the role of gender in shaping religion and politics and the role of women in defining gender and 'Eliza' Liam Semler, 2017-03-02 This facsimile edition reproduces the work titled thus influencing religion and politics Eliza's Babes which was first published in 1652 The volume comprises devotional and political verse and prose meditations The poems cover a wide range of forms from verse epistles to poetic petitions religious love lyrics to poems on earthly marriage exultant poetic prayers to stern spiritual admonitions The meditations are fine examples of the Puritan believer s plain style response to various biblical texts theological issues and political events. The text is historically and aesthetically unique It reveals its anonymous author to be perhaps the first woman to publish substantial creative imitations of poems printed in George Herbert's The Temple 1633 and to rely upon and respond to Robert Herrick's Hesperides 1648 Eliza's Babes is a literary work of great originality The narrator lives out her estate of salvation as an almost literally experienced marriage of election to Christ her Saviour In a series of poems Eliza overcomes her initial shock and disappointment that her heavenly spouse has chosen an earthly partner for her though this partner's prerogative is noticeably confined to the subservient role of facilitating his wife s heavenly marriage The copy reproduced in this edition is the British Library text

Early Modern Englishwomen Testing Ideas Paul Salzman, 2016-05-06 Early Modern Englishwomen Testing Ideas explores how women in England participated in the considerable intellectual and cultural diversity which characterised the late early modern period from the mid seventeenth century to the early eighteenth century. This collection looks particularly at early modern women philosophers playwrights and novelists and considers how they engaged with ideas and debates over philosophical and scientific ideas as well as literary innovations. This volume extends our understanding of the philosophical ideas and literary innovations of the early modern period and presents an exciting collection of women writers vigorously engaged with the intellectual debates that were occurring in the rapidly changing post Restoration society **Self Estranged in English Texts, 15501660** L.E. Semler, 2016-12-05 The essays in Word and Self Estranged in English Texts 1550 1660 consider diverse historical contexts for writing about strangeness They draw on current practices of reading to present contrasts and analogies within and between various social understandings In so doing they reveal an interplay of thematic and stylistic modes that tells us a great deal about how and why certain aspects of life and thinking were estranged in sixteenth and seventeenth century thinking The collection's unique strength is that it makes specific bridges between contemporary perspectives and early modern connotations of strangeness and inhibition. The subjects of these essays are strange to our ways of thinking because of their obvious distance from us in time and culture And yet curiously far from being entirely alien to these texts some of the most modern thinking about paradigms texts concepts connects with the early modern in unexpected ways Milton meets the contemporary competent reader Wittgenstein meets Robert Cawdrey Shakespeare embraces the teenager and Marvell matches with French mathematician Ren Thom Additionally the early modern texts posit their own others or sites of estrangement Moorishness Persian art even the human body with which they perform their own astonishing maneuvers of estrangement and alignment In reading Renaissance works from our own time and inviting them to reflect upon our own time Word and Self Estranged in English Texts 1550 1660 offers a vital reinterpretation of early modern texts
