**Discovering Revelation** David A. deSilva, 2021-04-29 The book of Revelation has been received over the past several centuries with both fascination and aversion but one thing is certain it has profoundly shaped Christian history and culture And the way it has shaped history and culture has been determined in large part by how the book has been variously and sometimes irresponsibly interpreted David A deSilva addresses the interpretation and reception history of Revelation in this compact up to date and student friendly introduction to the book of Revelation focusing on its structure content theological concerns key interpretive debates and historical reception Discovering Revelation draws on a range of methodological approaches author text and reader centered as complementary rather than mutually exclusive ways of interpreting the text DeSilva pays special attention to defining features of Revelation such as its use of sequences of seven as a major structuring device its nonlinear plotline and its deployment of contrast and parody As deSilva writes A text as rich and multidimensional as Revelation calls for its readers to adopt a rich and multidimensional approach that draws upon a variety of interpretative angles and skills **Why Mission?** Dean Flemming, 2015-11-03 Recent years have seen heightened interest in how to read scripture from a missional perspective This book addresses that question by exploring both how the New Testament bears witness to the mission of God and how it energizes the church to participate in that mission It also makes a distinctive contribution by applying a missional reading to a variety of New Testament books offering insights into New Testament theology and serving today's discussions about mission and the church Dean Flemming has written a game changing book on the interpretation of scripture for the mission of the church This relatively slim but rich volume is absolutely mandatory reading for all serious students of the New Testament and for all who wish to understand the church's participation in the mission of God It should be on the syllabus of every ecclesially focused course on the New Testament and every biblically attuned course in ecclesiology and in missiology Michael J Gorman Raymond E Brown Professor of Biblical Studies and Theology St Mary's Seminary and University Baltimore MD I am always grateful when another book by Dean Flemming appears His writing arises out of his significant cross cultural experience his outstanding scholarship and his careful listening to the Spirit in the text This book is written clearly and is full of nourishing insight Michael W Goheen Professor of Missiology Calvin Theological Seminary Grand Rapids MI former Geneva Chair of Worldview Studies Trinity Western University Langley

BC and Teaching Fellow in Mission Studies Regent College Vancouver BC Why mission is a critical question one not asked or understood often enough Here is a stirring reading of the New Testament that demonstrates a living triune God on mission bringing redemption to the world through a living apostolic church So much rich theological interpretation packed into a small book Nijay K Gupta assistant professor of New Testament George Fox Evangelical Seminary Portland OR Since writing *The Mission of God* I have felt guilty that it paid so much more attention to a missional reading of the Old than of the New Testament This fine book relieves me of that guilt This is an outstandingly clear and faithful exposition of what it means to read the New Testament from the perspective of and with the intention of participating in the mission of God as revealed in the whole Bible Christopher J H Wright International Ministries Director Langham Partnership *Ultimate Things* Greg Carey, 2012-11-09 Carey presents an introduction to the elements of apocalyptic discourse in the Hebrew Bible the intertestamental texts of the Apocrypha and Pseudepigrapha and the Jewish and Christian apocalyptic texts He seeks to help modern readers perplexed by the rampant and somewhat outrageous depiction and interpretation of apocalyptic literature to see apocalyptic discourse as a flexible set of resources that early Jews and Christians could employ for a variety of persuasive tasks Carey examines each of the literary works that exhibit apocalyptic discourse He briefly introduces the date and language of each text and shows its basic contents Then he examines the particular topics and purposes of the work Carey concludes by showing a way to read the particular example of apocalyptic discourse as a whole in its own setting with its own purposes Carey invokes discourse as a category of study in an attempt to bring together the literary ideological and social dimensions of apocalyptic language He sees the genius of apocalyptic discourse in its ability to bring its audience into otherwise inaccessible mysteries concerning the future and the heavenly realms As theology apocalyptic discourse engages life's greatest questions the nature of God the desire for justice and the frustrations of human finitude As poetry it expresses the theological imagination in vivid symbols and conventional literary forms *Secularism and the Pursuit of Transcendence, Volume I* Stanley E. Porter, Wendy J. Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the

pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us      **Book Review Digest** ,2002      **Fortress Commentary on the Bible set** Gale A. The Fortress Commentary on the Bible The Old Testament and Apocrypha and Fortress Commentary on the Bible The New Testament present a balanced synthesis of current scholarship on the Bible enabling readers to interpret scripture for a complex and pluralistic world Introductory articles in each volume discuss the dramatic challenges that have shaped contemporary interpretation of the Bible Commentary articles set each book of the Old and New Testaments and the Apocrypha in its historical and cultural context discuss the themes in each book that have proven most important for the Christian interpretive tradition and introduce the most pressing questions facing the responsible use of the Bible today The writers are renowned authorities in the historical interpretation of the Old and New Testaments sensitive to theological and cultural issues arising in our encounter with the text richly diverse in social locations and vantage points representing a broad array of theological commitment Protestants Catholics Jews and others and alive to the ethical consequences of interpretation today A team of six scholar editors and seventy contributors provides clear and concise commentary on key sense units in each book of the Old Testament Apocrypha and New Testament Each unit is explored through the lenses of three levels of commentary based on these critical questions The result is a commentary that is comprehensive and useful for gaining insights on the texts for preaching teaching and research In addition to the commentary essays on each book the volumes also contain major essays that introduce each section of Scripture and explore critical questions as well as up to date and comprehensive bibliographies for each book and essay      **Behold the Man** Colleen Conway,2008-05-07 In this book Colleen Conway looks at the construction of masculinity in New Testament depictions of Jesus She argues that the New Testament writers necessarily engaged the predominant gender ideology of the Roman Empire whether consciously or unconsciously Although the notion of what constituted ideal masculinity in Greek and Roman cultures certainly pre dated the Roman Empire the emergence of the Principate concentrated this gender ideology on the figure of the emperor Indeed critical to the success of the empire was the portrayal of the emperor as the ideal man and the Roman citizen as one who aspired to be the same Any person who was held up alongside the emperor as another source of authority would be assessed in terms of the cultural values represented in this Roman image of the manly man Conway examines a variety of ancient ideas of masculinity as found in philosophical discourses medical treatises imperial documents and ancient inscriptions Manliness in these accounts was achieved through self control over passions such as lust anger and greed It was also gained through manly displays of courage the endurance of pain and death on behalf of others With these texts as a starting point Conway shows how the New Testament writings approach Jesus gender identity From Paul's early letters to the Gospels and Acts to the book of Revelation Christian writings in the Bible confront the potentially emasculating scandal of the cross and

affirm Jesus as ideally masculine Conway's study touches on such themes as the relationship between divinity and masculinity the role of the body in relation to gender identity and belief in Jesus as a means of achieving a more ideal form of masculinity This impeccably researched and highly readable book reveals the importance of ancient gender ideology for the interpretation of Christian texts

**Elusive Apocalypse** Greg Carey, 1999 *Elusive Apocalypse* examines how the Book of Revelation constructs narrative and religious authority through John's ever present narrative voice Tensions within Revelation's construction of narrative and religious authority fuel conflicts over its interpretation Analysis of popular and scholarly readings of the Apocalypse complemented by autobiographical reflection reveals that authority is a critical issue for contemporary interpreters As John articulates his own authority he must also silence competing voices from the empire the larger society local Jewish communities and even some members of his audience *Elusive Apocalypse* proposes narrative ethos as a model for evaluating John's rhetoric Taken together the resources of classical rhetoric modern literary analysis and postcolonial criticisms elucidate how ancient apocalyptic visionaries like John legitimated their radical claims

*Methodology in the Use of the Old Testament in the New* David Allen, Steve Smith, 2019-09-19 This volume brings together scholars of both the Old and New Testaments to discuss three areas of methodological interest in respect of the use of the Old Testament in the New OT NT It begins with an interdisciplinary conversation into insights that OT NT scholars might glean from other related disciplines and approaches The subsequent essays consider the notion of an Old Testament text's context and how contemporaneous authors such as Philo or the Qumran community conceived of and attended to the concept The contributors then turn their focus to the criteria that can should be used for determining Old Testament allusions or echoes and the legitimacy for so doing particularly responding to the work of Richard Hays The volume closes with a fresh proposal for OT NT methodology along with a concluding reflection on the collected essays
