Embracing Jesus And The Goddeb A Radical Call For Spiritual Sanity:

Embracing Jesus and the Goddess Carl McColman, 2001-10-01 This is a call for synthesizing Christian spirituality and Wiccan practice The author seeks to demonstrate how the Pagan path and the Christian path can converge He asserts that a religious practice which celebrates both male and female heaven and earth is necessary for spiritual health Goddess Spirituality Mary Ann Beavis, 2015-10-08 This monograph focuses on Christian Goddess Spirituality CGS the phenomenon of mostly women who combine Christianity and Goddess Spirituality including Wicca Witchcraft Mary Ann Beavis s study provides ethnographic data and analysis on the lived religious experience of CGS practitioners drawing on interviews of over 100 women who self identify as combining Christianity and Goddess spirituality Although CGS also has implications for Goddess Spirituality and related traditions e g Neopaganism Wicca here CGS is considered primarily as a phenomenon within Christianity However the study also shows that the fusion of Christian and Goddess spiritualties has had an impact on non Christian feminist spirituality since Goddess worshippers have often constructed Christianity as the diametrical opposite and enemy of the Goddess to the point that some refuse to admit the possibility that CGS is a valid spiritual path or that it is even possible In addition biblical Jewish and Christian images of the divine such as Sophia Shekhinah the Virgin Mary and even Mary Magdalene have found their way into the Pagan Goddess pantheon The main themes of the study include overlaps and differences between Christian feminist theology and CGS the routes to CGS for individual practitioners and their beliefs practices and experiences proto denominational classifications spiritual paths within CGS CGS thealogy Christian discourse about the female divine and the future of CGS in social scientific and ecclesiological context Christian Goddess Spirituality will be of interest to scholars of religion especially those with interests in women and religion feminist spiritualities feminist theology thealogy alternative spiritualities New Religious Movements and emergent Christianities When Someone You Love is Wiccan Carl McColman, 2008-05-21 The author of The Complete Idiot's Guide to Paganism offers an accessible introduction to one of the world's most misunderstood spiritual practices Today the spiritual traditions of Wicca and Paganism are enjoying a renaissance among the world's fastest growing religions But for many years these life affirming belief systems have been tragically misunderstood Especially since so many Wiccan newcomers are young it is understandably a source of concern for many parents friends and associates of today s witches In this accessible volume spiritual scholar Carl McColman dispels the common misconceptions about Wicca and Paganism McColman offers an objective honest introduction to this newly popular old religion while providing comfort to worried readers Introduction to New and Alternative Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much

more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People's Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven's Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more **Modernism and** Fascism R. Hailson, Catherine Clark Kroeger, William David Spencer, 2010-09-01 The Goddess Revival is a Christianity Today Book Award Winner 1996 All of the authors are clearly sympathetic to the problems women have faced in the church throughout its history They empathize with women who shun the patriarchal oppression of their churches to turn to goddess spirituality They are also solidly grounded in the Scriptures Christian theology and church history They recognize the bondage imposed by goddess worship This book presents a scholarly and clear consideration of the issues involved and builds a strong case for Christianity as the most woman friendly alternative While providing a comprehensive study of goddess spirituality and examining the roots of the movement the authors focus primarily on God and the way people have understood God through the centuries in both paganism and the Judeo Christian tradition as both male and female They demonstrate how the uniqueness of God contrasts with the multiplicity of gods and goddesses in pagan spiritualities while comparing the values in both traditions that are similar that is a search for what is good inner empowerment unity positive social change In the process of building a clear Christian theology they gently counter the arguments of their pagan opponents In the end the reader is left with a glorious picture of the one true God and a clear apologetic for those in nursing who insist that the Christian God is too oppressive and patriarchal to merit our allegience The appendixes provide a powerful case study of a young woman drawn into witchcraft She explains why it appealed to her then how it enslaved her and destroyed her marriage and other relationships The two final appendixes offer some excellent biblical studies on the issues raised in the book The total package provides an outstanding resource Journal of Christian Nursing Goddess Calling Karen Tate, 2014-03-28 In ever increasing numbers women and men are seeking spirituality beyond traditional religious institutions

Sharing her journey into the heart of the Divine Mother McCannon details her initiation into the Fellowship of Isis a process rich with ceremony ritual and myths of the Goddess from ancient Egyptian Celtic Greek Hebrew and Native American traditions She reveals how the many archetypes of the Goddess including Isis Ishtar Brigit and the Black Madonna can become our allies for self transformation She explores Mysteries at the heart of Christianity that have remained hidden for nearly 2 000 years and how the Gnostic goddess Sophia is tied to the Second Coming Mary Magdalene and the Female Christ She reveals the lost teachings of Jesus about the Divine Mother and Father and about the Divine Daughter and Son Through her story and her in depth research McCannon takes us on a journey to awaken the creative power of the Divine Feminine within each of us Equipped with the teachings of the Goddess we gain the mastery to overcome the deeply rooted masculine feminine imbalance of the patriarchy and to embark into the future as Homo luminous beings of light Godlust Kerry S.
