Elisabeth Bings Pregnancy Diary:

Elisabeth Bing's Pregnancy Diary Elizabeth D. Bing, 1983 **Publishers Weekly**, 1983 *Knowledge and Pain*, 2012-01-01 Pain studies both in exact sciences and in the humanities are a fast shifting field This volume condenses a spectrum of recent views of pain through the lens of humanistic studies Methodologically the volume is an interdisciplinary study of the questions pertaining to the accessibility of pain physical or emotional to understanding and of the possible influence of suffering on the enhancement of knowledge in private experience or public sphere Undeterred by the widespread belief that pain cannot be expressed in language and that it is intransmissible to others the authors of the essays in the collection show that the replicability of records and narratives of human experience provides a basis for the kind of empathetic attention dialogue and contact that can help us to register the pain of another and understand its conditions and contexts Needless to say the improvement of this understanding may also help map the ways for the ethics of response to and help for pain Whereas the authors of the volume tend to share the view of pain as a totally negative phenomenon the position taken in Elaine Scarry's *The Body in Pain* they hold this view applicable mainly to the attitudes to the pain of others and the imperative of minimise the causes of another's suffering They also consider this view to be culturally and temporally circumscribed The volume suggests that one's own personal experience of suffering along with the awareness of the seriality of such experience among fellow sufferers can be conducive to emotional and intellectual growth The reading of literature dealing with pain can lead to similar results through vicariously experienced suffering whose emotional corollaries and intellectual consequences may be conveyed through artistic rather than discursive means The distinctive features of the volume are that it processes these issues in a historicising way deploying the history of the ideas of pain from the Middle Ages to the present day and that it makes use of the methodology of different disciplines to do so arriving to similar conclusions through as it were different paths The disciplines include analytic philosophy historiography history of science oral history literary studies and political science *The Mother's Guide to Sex* Anne Semans, Cathy Winks, 2001 A hip no holds barred guide to combining the joy of sex with the joy of motherhood Just because you're a mother or about to become one doesn't mean you have to kiss your sex life good bye Finally here's a unique guidebook that offers practical advice on honoring your sexuality throughout every stage of motherhood Honest humorous and reassuring *The Mother's Guide to Sex* delivers comprehensive information about sex and parenting including recommendations from medical experts sex experts and the best experts of all hundreds of other mothers whose candid anecdotes and suggestions will support encourage and inspire you to explore your maternal sexuality As they sound off about the ebb and flow of desire conflicting feelings about how their bodies have changed the challenges they face in renegotiating their relationship with their sexuality and more you'll realize that you're not alone in your yearning to combine motherhood and a good sex life You'll learn how motherhood makes you a better lover how to enjoy healthy safe sex during pregnancy and the postpartum period what factors affect your

sex drive why so many mothers lose desire and ways to reclaim it how your sex life can survive despite limited time energy and privacy why single moms are entitled to great sex and how to get it ten good reasons to talk to your kids about sex and what to say how to model positive sexual behavior for your kids where to find the best resources on sex and parenting

Maternity, Newborn, and Women's Health Nursing Susan A. Orshan, 2008 This new book will be a core text for undergraduate Maternity Newborn courses It also will work for courses emphasizing Women's Health across the lifespan Coverage includes core content on preconception pregnancy labor birth and postpartum In addition the text focuses on important topics throughout a woman's life health promotion nutrition medical issues psychosocial issues sexuality family fertility control and issues menopause and aging While other texts touch on the different stages of a woman's lifespan this book provides more detail and information in areas outside the average maternity text **A Good Birth, A Safe Birth**

Diana Korte, 1992-09-16 Based on a survey of two thousand women and responses from readers of the first and second editions this complete and accurate guide enables women and their partners to take control of the childbirth experience Diana Korte and Roberta M Scaer both long time La Leche leaders analyze today's childbirth options and help readers to choose among them to find Dr Right or a midwife and perhaps a labor assistant too and to pick a hospital birthing center or home birth They describe the pros and cons of medications fetal monitoring induction of labor and other medical interventions during birth and they tell readers how to avoid an unnecessary cesarean section and ensure that all their wishes are followed In chapters such as If You Don't Know Your Options You Don't Have Any The Obstetricians Black Bag of Interventions and How to Have a Normal Vaginal Birth and Avoid an Unnecessary Cesarean Korte and Scaer are refreshingly frank but never dogmatic they want their readers to decide for themselves what's best for them *Mothering Magazine's*

Having a Baby, Naturally Peggy O'Mara, 2007-11-01 For more than twenty five years Mothering magazine has captured an audience of educated women who appreciate its well inform you choose approach to parenting Having a Baby Naturally reflects this spirit with straightforward uncensored information about pregnancy and childbirth addressing common concerns and questions in a compassionate nonjudgmental style Written by Peggy O'Mara the longtime publisher editor and owner of Mothering magazine it synthesizes the best theories and safest practices used in natural childbirth including recommendations from the World Health Organization the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists Throughout O'Mara reinforces her belief that each woman's pregnancy and birth experience is a one of a kind event She covers such topics as Nutrition diet and exercise Emotional self awareness during and after pregnancy A trimester by trimester guide to what is happening in your body and your child's Birth choices offering suggestions not rules Pain medication alternatives Birth locations from hospitals to home birth Relieving morning sickness with natural remedies Prenatal testing Breastfeeding Prematurity and multiple births Balancing work and family The father's role during pregnancy and beyond Difficult subjects such as birth defects miscarriages and postpartum depression are also

treated with sensitivity and candor Finally a book for the thinking woman who believes in her own inherent capacity to make smart informed decisions about her pregnancy and birth just as she makes in other areas of her life Having a Baby Naturally is a celebration of childbirth and an accurate and objective guide to helping women fortify their spirits develop trust in their bodies and make the best possible choices to protect their new baby s health Creative Journal for Parents Lucia Capacchione,2000-04-25 It s important to embrace parenting with all your might writes Lucia Capacchione in order to reap the deepest rewards available to you But with so many theories methods and opinions about raising children how can we find our own way of parenting Her answer By accessing the inherent wisdom and guidance within ourselves to find out what we really value what dreams and aspirations we hold what our individual parenting styles are The Creative Journal for Parents shows us how Capacchione s book applies her popular creative journaling method of self discovery to every stage of parenting preparation birth or adoption early childhood and all the way through the teenage years Using journal writing and drawing including her pioneering use of the non dominant hand to access intuitive breakthrough right brain thinking she takes us through simple enjoyable exercises like Wanted My Kind of Parent and The Inner Child Answers Back Parents and prospective parents alike will learn to get in touch with true feelings and needs articulate core beliefs and values learn to reframe negative experiences and celebrate their relationships present and future with their children **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1973 First multi year cumulation covers six years 1965 70 **Deliver Me from Pain** Jacqueline H. Wolf,2012-04-01 Despite today s historically low maternal and infant mortality rates in the United States labor continues to evoke fear among American women Rather than embrace the natural childbirth methods promoted in the 1970s most women welcome epidural anesthesia and even Cesarean deliveries In Deliver Me from Pain Jacqueline H Wolf asks how a treatment such as obstetric anesthesia even when it historically posed serious risk to mothers and newborns paradoxically came to assuage women s anxiety about birth Each chapter begins with the story of a birth dramatically illustrating the unique practices of the era being examined Deliver Me from Pain covers the development and use of anesthesia from ether and chloroform in the mid nineteenth century to amnesiacs barbiturates narcotics opioids tranquilizers saddle blocks spinals and gas during the mid twentieth century to epidural anesthesia today Labor pain is not merely a physiological response but a phenomenon that mothers and physicians perceive through a historical social and cultural lens Wolf examines these influences and argues that medical and lay views of labor pain and the concomitant acceptance of obstetric anesthesia have had a ripple effect creating the conditions for acceptance of other often unnecessary and sometimes risky obstetric treatments forceps the chemical induction and augmentation of labor episiotomy electronic fetal monitoring and Cesarean section As American women make decisions about anesthesia today Deliver Me from Pain offers them insight into how women made this choice in the past and why each generation of mothers has made dramatically different decisions **WLW Journal** Women Library Workers (U.S.),1983 Enjoying the Interval: Murray Enkin: A Life

Kerreen M. Reiger, 2022-08-31 Anyone who has enjoyed the great happiness and intimacy of a family centred birth and any midwife or health professional who has attended one owes a debt of gratitude to internationally known Canadian doctor researcher and medical reformer Murray Enkin Enjoying the Interval takes on the fascinating joyful task of exploring Dr Enkin's identity and achievements along with the social context that shaped them It offers a critical assessment of the ongoing challenges in maternity care the field to which Enkin devoted his life but it is also the story of an immigrant Jewish family's contribution to Canadian society and the wider world Using archival sources and interviews the book traces Enkin's story from his birth in 1924 through his early young married life education and medical practice to his passionate championing of the emerging childbirth reform movement and its influence Interweaving the personal and professional to provide insight into the man the times and the causes that shaped him it not only recognises Enkin's distinctive social contribution but also that of his family and colleagues It chronicles the highly personable Enkin's days as a med student awestruck by the courage and beauty of women in labour to his joyful life as a husband and father to his international impact as a practitioner academic and researcher and as an inveterate traveller Scholarly yet accessible it will prove of interest to professional and lay readers alike Enjoying the Interval is an account of an important social movement that shook the medical establishment but it's also a love story a travelogue and an entertaining portrait of a complex man who helped to change the world for the better

Birth By Design Raymond De Vries, Cecilia Benoit, Edwin van Teijlingen, Sirpa Wrede, 2002-05-03 This collection of essays contains leading research in maternity care from Europe the United States and Canada to discuss systems of care for pregnancy and childbirth Birth By Design focuses on the practical side of good social science research This is a ground breaking work that looks not only at maternity but also the act of childbirth

recommendations and safety guidelines Out of hospital births are on the rise New research and advice on planned home birth including ACOG s revised guidelines which support women s choices and promote seamless transfer to hospital if needed The importance of avoiding unnecessary caesareans for mother and child Includes the new ACOG guidelines on inductions and active labor The research in support of the Lamaze International s Six Healthy Birth Practices which are Let labor begin on its own Walk move around and change positions throughout labor Bring a loved one friend or doula for continuous support Avoid interventions that aren t medically necessary Avoid giving birth on your back and follow your body s urges to push Keep mother and baby together it s best for mother baby and breastfeeding

Birth as an American Rite of Passage

Robbie E. Davis-Floyd,2004-03-15 Why do so many American women allow themselves to become enmeshed in the standardized routines of technocratic childbirth routines that can be insensitive unnecessary and even unhealthy Anthropologist Robbie Davis Floyd first addressed these questions in the 1992 edition Her new preface to this 2003 edition of a book that has been read applauded and loved by women all over the world makes it clear that the issues surrounding childbirth remain as controversial as ever

A History of Midwifery in the United States

Helen Varney Burst,Joyce E. Thompson,2015-11-04 Written by two of the profession s most prominent midwifery leaders this authoritative history of midwifery in the United States from the 1600s to the present is distinguished by its vast breadth and depth The book spans the historical evolution of midwives as respected autonomous health care workers and midwifery as a profession and considers the strengths weaknesses threats and opportunities for this discipline as enduring motifs throughout the text It surveys the roots of midwifery the beginnings of professional practice the founding of educational institutions and professional organizations and entry pathways into the profession Woven throughout the text are such themes as the close link between midwives and the communities in which they live their view of pregnancy and birth as normal life events their efforts to promote health and prevent illness and their dedication to being with women wherever they may be and in whatever health condition and circumstances they may be in The text examines the threats to midwifery past and present such as the increasing medicalization of childbearing care midwifery s lack of a common identity based on education and practice standards the mix of legal recognition and reimbursement issues for midwifery practice Illustrations and historical photos depict the many facets of midwifery and engaging stories provide cultural and spiritual content This is a must have for all midwives historians professional and educational institutions and all those who share a passion for the history of midwifery and women Key Features Encompasses the most authoritative and comprehensive information available about the history of midwifery in the United States Considers the strengths weaknesses threats and opportunities for midwifery Illustrated with historical photos and drawings Includes engaging stories filled with cultural and spiritual content introductory quotes to each chapter and plentiful chapter notes Written by two preeminent leaders in the field of midwifery

Pregnancy Survival Guide Elizabeth M. Whelan,1984-02

A Silent Sorrow Ingrid Kohn,Perry-Lynn Moffitt,Isabelle A.

Wilkins,2013-03-07 A Silent Sorrow has long been considered the bible for families seeking emotional and practical support after a pregnancy loss Well organized easily accessible and filled with practical suggestions for each topic it covers A Silent Sorrow is a positive first step for bereaved parents and their families providing support and guidance to help resolve the grief and enable them to look to the future with hope *Birth* Rebecca Grant,2024-04-23 Follows three first time mothers as they experience pregnancy and giving birth in modern America recounting the ups and downs fears joys and everyday moments of each woman s pregnancy and postpartum journey and discussing the rising popularity of midwifery Patients as Policy Actors Beatrix Rebecca Hoffman,2011 Patients as Policy Actors offers groundbreaking accounts of one of the health field s most important developments of the last fifty years the rise of more consciously patient centered care and policymaking The authors in this volume illustrate from multiple disciplinary perspectives the unexpected ways that patients can matter as both agents and objects of health care policy yet nonetheless too often remain silent silenced misrepresented or ignored The volume concludes with a unique epilogue outlining principles for more effectively integrating patient perspectives into a pluralistic conception of policy making With the recent enactment of the Patient Protection and Affordable Care Act patients and consumers roles in American health care require more than ever the careful analysis and attention exemplified by this innovative volume
