Embroiderers Of Designs:

Designs and Patterns for Embroiderers and Craftspeople William Briggs & Co.,1974-06-01 Have you ever wanted to create your own embroidery and crewel designs but given up the idea just because you can't draw? Here is a book containing over 500 patterns and designs from the finest Victorian source. Just transfer the designs to cloth, select a color scheme, use your favorite stitches, and soon your very own personal needle painting will begin to form. These designs are classified according to type so that they are easier for you to use. You will find large motifs for big areas and dainty motifs for smaller projects, borders, narrow, medium, and wide for pillows, sheets, and anything wanting a decorative edge, centers, and corners for tablecloths and upholstery, insects, birds, and flowers for adding color to shirts and jeans, and even scenes perfect for sewing and framing. A wide variety of flowers, sprays, and greenery is included in this book, usually in various combinations: daisies, tulips, peonies, dahlias, cornflowers, lilies, rosebuds, poppies, violets, and forget-me-nots, plus shamrocks, heather, and flowers with ribbons in baskets, etc. There are also butterflies, bluebirds, bumblebees, owls, dragonflies, and insects of all sorts. For those whose tastes are more unconventional or avant garde, there are geometric designs, dramatic sunbursts, and unusual beasts. Complete instructions explain how to transfer these designs to cloth, and imaginative crafters will find this book suitable to a variety of other media, including metalwork, woodwork, leather, craft, and more. [A Complete Guide to Creative Embroidery](#)

A Complete Guide to Creative Embroidery Jan Beane,1997-08-05 A Complete Guide to Creative Embroidery illustrates a wealth of ideas from two internationally renowned embroiderers. It is divided into two sections: the first, Design to Embroider by Jean Littlejohn, develops ideas showing that anyone can design as well as decorate fabric and paper for embroidery. The second, Stitched Images by Jan Beane, illustrates how to color fabric and combine this with stitchery. She then looks at ways of interpreting designs using applique, patchwork, quilting, and hand and machine embroidery. The final section gives guidance on selecting a theme. With the combined talents of two innovative embroiderers, this highly illustrated book is an inspiring source of color, pattern, design, stitch, and texture which will encourage embroiderers to create their own exciting and rewarding pieces. **The Modern**
