Evensen,2003-09-25 At his death on the eve of the 20th century D L Moody was widely recognized as one of the most beloved and important of men in 19th century America A Chicago shoe salesman with a fourth grade education Moody rose from obscurity to become God s man for the Gilded Age He was the Billy Graham of his day indeed it could be said that Moody invented the system of evangelism that Graham inherited and perfected Bruce J Evensen focuses on the pivotal years during which Moody established his reputation on both sides of the Atlantic through a series of highly popular and publicized campaigns In four short years Moody forged the bond between revivalism and the mass media that persists to this day Beginning in Britain in 1873 and extending across America s urban landscape first in Brooklyn and then in Philadelphia New York Chicago and Boston Moody used the power of prayer and publicity to stage citywide crusades that became civic spectacles Modern newspapers in the grip of economic depression needed a story to stimulate circulation and found it in Moody s momentous mission The evangelist and the press used one another in creating a sense of civic excitement that manufactured the largest crowds in municipal history Critics claimed this machinery of revival was man made Moody s view was that he d rather advertise than preach to empty pews He brought a businessman s common sense to revival work and became much against his will a celebrity evangelist The press in city after city made him the star of the show and helped transform his religious stage into a communal entertainment of unprecedented proportions In chronicling Moody s use of the press and their use of him Evensen sheds new light on a crucial chapter in the history of evangelicalism and demonstrates how popular religion helped form our modern media culture
