## **Edward Hopper Spanish Text:**

**Spanish New York Narratives 1898-1936** David Miranda-Barreiro, 2017-07-05 In the early decades of the twentieth century New York caught the attention of Spanish writers. Many of them visited the city and returned to tell their experience in the form of a literary text. That is the case of *Pruebas de Nueva York* 1927 by Jose Moreno Villa 1887 1955 *El crisol de las razas* 1929 by Teresa de Escoriaza 1891 1968 *Anticipolis* 1931 by Luis de Oteiza 1883 1961 and *La ciudad automatica* 1932 by Julio Camba 1882 1962. In tune with similar representations in other European works, the image of New York given in these texts reflects the tensions and anxieties generated by the modernisation embodied by the United States. These authors project onto New York their concerns and expectations about issues of class, gender, and ethnicity that were debated at the time in the context of the crisis of Spanish national identity triggered by the end of the empire in 1898.

**Mother & Myth in Spanish Novels** Sandra J. Schumm, 2011-08-16 What if the goddess Athena who sprang fully grown from Zeus's head and denied she had a mother became aware of the compelling existence of her other parent? What if she discovered that her mother Metis, first wife of Zeus and wiser than all gods and mortal men according to Hesiod, was swallowed by her father and continued to impart her wisdom to him from inside his belly? Recent Spanish novels by women parallel this hypothetical situation based on Greek myth by featuring female protagonists who obsessively re-examine the lives of their mothers, seeking to know and understand them. In *Mother and Myth in Spanish Novels*, Sandra J. Schumm examines six narratives by Spanish authors published since 2000 that focus on a daughter's search to know more about her matriarchal heritage. Carme Riera's *La mitad del alma*, Lucía Etxebarria's *Un milagro en equilibrio*, Rosa Montero's *El corazón del tartaro*, Cristina Cerezales's *De oca a oca*, María de la Pau Janer's *Las mujeres que hay en mí*, and Soledad Puértolas's *Historia de un abrigo*. In each of these novels, the protagonist realizes that failure to integrate the loss of her mother into her life results in the inability to define her self. Without valorization of the maternal subject, the legacy of the daughter is at risk; she is also objectified and swallowed, and the whole society suffers. The daughters' attention to their mothers in these novels is as if Athena had finally recognized that her mother Metis had been ingested by Zeus. The myth of Metis and Athena becomes a metaphor of the daughter's quest toward wholeness and individuation. In these works, she begins to understand that her maternal legacy is a source of wisdom that has been obscured. These novels by Spanish women strengthen the mother's voice, rescue her from anonymity, and rewrite the matriarchal archetype.

**Forth and Back** Cintia Santana, 2013-06-27 *Forth and Back* broadens the scope of Hispanic trans-Atlantic studies by shifting its focus to Spain's trans-literary exchange with the United States at the end of the twentieth century. Santana analyzes the translation boom of U.S. literature that marked literary production in Spain after Franco's death and the central position that U.S. writing came to occupy within the Spanish literary system. Santana examines the economic and

literary motives that underlay the phenomenon as well as the particular socio cultural appeal that U S dirty realist writers which in Spain included authors as diverse as Charles Bukowski Raymond Carver and Bret Easton Ellis held for Spaniards in the 1980s Santana also studies the subsequent appropriation of this writing by a polemic group of young Spanish writers in the 1990s whoself consciously and insistently associated themselves with the U S Forth and Back illustrates that literary movements do not unilaterally spread rather those that flourish take root in fertile soil and are transformed in their travel by the desires creative choices and practical constraints of their differing producers and consumers It is precisely in the crossing of these currents that plots thicken The translation of dirty realism its reception in Spain and its cultural legacy as appropriated by the young Spanish writers serve to interrogate a perceived U S hegemony If Spanish *realismo sucio* has been said to be symptomatic of the globalization of literature Forth and Back argues that the Spanish works in question posed a subtle reaffirmation of Spanish literature s strong ties to realist fiction a gesture of continuity in a decade that seemed to presence the undoing of much of Spain s Spanish ness Ultimately this project asks an ambitious pair of questions at the heart of human culture how do we read each other quite literally across geography and language How do we construct others and ourselves vis vis those readings

Kibbee,1991-03-15 The twenty papers from the eighteenth Linguistic Symposium on Romance Languages deal with diverse aspects of the Romance languages and Romance linguistics

They reflect the current state of Romance studies in North America and of the particular outlook among the international group of contributors and participants to LSRL 18 The thriving research front accords central importance to formal questions of synchronic analysis The group of seven historical and typological papers amounts to a strong alternative Several papers treat the group of Romance languages not only as a well defined almost exclusive research province but move from Romance phenomena outward to other language types even to genuinely universal dimensions Other contributions maintain a more circumscribed outlook exploiting the typological closeness of the Romance idioms for improved analyses Three invited contributions by Georg Bossong Yves Charles Morin and Maria Luisa Rivero on typological phonological and syntactic questions set the tone for the volume
