Edward Bulwer-Lytton And Germany Germanic Studies In America:

Edward Bulwer-Lytton and Germany Richard A. Zipser, 1974 This book is a survey and interpretation of Edward Bulwer Lytton's relationship to German life and letters It provides a detailed study of the influence that Goethe Schiller and German Rosicrucianism exerted upon his writings and artistic development The impact that Bulwer Lytton had on contemporary German literature and his critical reception in 19th century Germany are also examined in depth **German Studies in America**, 1978 **Library of Congress Catalogs** Library of Congress, 1976 **Ideology, Mimesis, Fantasy** Jeffrey L. Sammons, 2020-05-01 This study of German fiction about America in the nineteenth century concentrates in detail on three writers Charles Sealsfield Carl Postl 1793 1864 an escaped Moravian monk who came to New Orleans in 1823 and wrote the first major German novels about the United States Friedrich Gerstcker 1816 1872 who among his many experiences in America as a young man lived as a backwoodsman in Arkansas and who later produced a large body of fiction travel reportage and emigration advice and Karl May 1842 1912 who though he knew nothing about America beyond what he could read in books wrote famous adventure stories set in an imaginary West and became the best selling writer in the German language Sammons provides biographies of the authors and discusses how each differs in their mimetic and ideological approach He pays particular attention to how the authors address issues of race gender and politics in the United States Sammons interweaves his discussion of these three writers with excursions into the emergence of the German Western and anti Americanism in German fiction **Arno Schmidt's Zettel's Traum: An Analysis (Studies in German Literature, Linguistics, and Culture)** Volker Max Langbehn, 2003 Arno Schmidt 1914 1979 is considered one of the most daring and influential writers of postwar Germany the Germanist Jeremy Adler has called him a giant of postwar German literature Schmidt was awarded the Fontane Prize in 1964 and the Goethe Prize in 1973 and his early fiction has been translated into English to high critical acclaim but he is not a well known figure in the English speaking world where his complex work remains at the margins of critical inquiry Volker Langbehn's book introduces Schmidt to the English speaking audience with primary emphasis on his most famous novel Zettel's Traum One reviewer called the book an elephantine monster because of its unconventional size folio format length 1334 pages and over 10 million characters and unique presentation of text in the form of notes typewritten pages parallel columns and collages The novel narrates the life of the main characters Daniel Pagenstecher Paul Jacobi and his wife Wilma and their teenage daughter Franziska In discussing the life and works of Edgar Allan Poe the four engage in the problems connected with a translation of Poe Langbehn's study investigates how literary language can mediate or account for the world of experiences and for concepts Schmidt's use of unconventional presentation formats challenges us to analyze how we think about reading and writing literary texts Instead of viewing such texts as a representation of reality Schmidt's novel destabilizes this unquestioned mode of representation posing a radical challenge to what contemporary literary criticism defines as literature No comprehensive study of Zettel's

Italy in Early American Cinema Giorgio Bertellini, 2010 Giorgio Bertellini traces the origins of American cinema's century-long fascination with Italy and Italian immigrants to the popularity of the pre-photographic aesthetic the picturesque Once associated with landscape painting in northern Europe the picturesque came to symbolize Mediterranean Europe through comforting views of distant landscapes and exotic characters Taking its cue from a picturesque stage backdrop from *The Godfather Part II* *Italy in Early American Cinema* shows how this aesthetic was transferred from 19th-century American painters to early 20th-century American filmmakers *Italy in Early American Cinema* offers readings of early films that pay close attention to how landscape representations that were related to narrative settings and filmmaking locations conveyed distinct ideas about racial difference and national destiny
