*Addiction Is a Choice* Jeffrey A. Schaler, 2011-09-30 Politicians and the media tell us that people who take drugs including alcohol or nicotine cannot help themselves They are supposedly victims of the disease of addiciton and they need treatment The same goes for sex addicts shopping addicts food addicts gambling addicts or even addicts to abusive relationships This theory which grew out of the Temperance movement and was developed and disseminated by the religious cult known as Alcoholics Anonymous has not been confirmed by any factual research Numerous scientific studies show that addicts are in control of their behavior Contrary to the shrill mindless propaganda of the war on drugs very few of the people who use alcohol marijuana heroin or cocaine will ever become addicted and of those who do become heavy drug users most

will matruue out of it in time without treatment Research indicates that treatment is completely ineffective an absolute waste of time and money Instead of looking at drub addiction as a disease Dr Schaler proposes that we view it as willful commitment or dedication akin to joining a religion or pursuing a romantic involvement While heavy consumption of drugs is often foolish and self destructive it is a matter of personal choice

**Practice** Gro Skottun, Åshild Krüger, 2021-09-06 This essential new book gives the reader an introduction to the fundamental concepts of gestalt therapy in a stimulating and accessible style. It supports the study and practice of gestalt therapy for clinicians of all backgrounds reflecting a practice based pedagogy that emphasises experiential learning. The content in this book builds on the curriculum taught at the Norwegian Gestalt Institute University College NGI. The material is divided into four main sections. In the first section the theoretical basis for gestalt therapy is presented with references to gestalt psychology, field theory, phenomenology and existential philosophy. In the later parts central theoretical terms and practical models are discussed such as the paradoxical theory of change, creative adjustment, self contact, contact forms, awareness, polarities and process models. Clinical examples illustrate the therapy form's emphasis on the relational meeting between therapist and client. Detailed description of gestalt therapy theory from the time of the gestalt psychologists to today with abundant examples from clinical practice distinguishes this book from other texts. It will be of great value to therapists, coaches and students of gestalt therapy. **A More Perfect Union** Linda Sargent Wood, 2012-10-18 This book uncovers a

holistic sensibility in post World War II American culture that challenged Cold War logic and fed some of the century's most powerful social movements. This impulse is illustrated by focusing on Rachel Carson, Buckminster Fuller, Martin Luther King Jr, Abraham Maslow, Pierre Teilhard de Chardin and the Esalen Institute. **Tuck Yourself In** Ginger Clark PhD, 2013-03-26 Access the deep source of wisdom you already have for greater self soothing, presence and aliveness. Awaken to your bodyself voice through three listening practices. Often delightful, sometimes poignant and always informative bodyself messages are your unique guide. Discover how Exercises make this material come alive as you read. Examples from the authors own experience speak to your interest. Experiments can help you sleep better tonight. Discover how to soften your resistance to slowing down and taking care of yourself. Experience how change occurs by embracing the sensory moment. Trade energy depleting addictions for energy enhancing Goldilocks moments of getting it just right. Balance. Let's Go doing with. Let Go being. This bodymindful approach can enrich every aspect of your life from eating and exercising to engaging with others. Learning how to self soothe, re center or tuck yourself in during difficult moments is an important skill that few of us learned to do in an optimal way as we grew up. Dr Ginger Clark has written a fascinating approach on how to develop this crucial skill for your own moments of discomfort or to help those you care about. Her approach combines her background as a therapist, her knowledge of body mind spirit methods and her vulnerability and courage as a human being who has worked hard for many years to find self soothing and re centering steps that are effective and doable for people from all walks of life.
