Eight Of A Kind:

Eight of a Kind SANDI. LYNN, 2022-10-25 It was incredible how one single action could change the balance of a person's life within seconds Nathan I was an artist and one of the best plastic surgeons in Los Angeles My business was thriving and helping people was my specialty Growing up I endured a lot of pain where my mother was concerned After she passed away I still carried that pain and resentment into adulthood My brothers and cousins were in strong fulfilled relationships and I was happy for them But it wasn't something I envied or was looking for I went from meaningless to meaningless relationships over the years My career was too important to me and the only thing I had time for in my life and cared about That all changed the day Mrs Rhodes walked into the conference room where my brothers and I were in a meeting She delivered some news to me that turned my entire world upside down My life wasn't just about me anymore and I didn't know what to do How could I be the person Ella needed me to be when I'd sealed off the part of me that longed to be loved Sofia I'd met Dr Nathan Kind on a few occasions Once I was put in the wrong room at the medical center another time at the grocery store and again when he brought his six year old daughter to my dance class He was sexy and charming and had the attention of every mom who brought their children to dance He flirted I flirted and one night of passion consumed us We were two people whose lives had changed in an instant He'd just found out he had a daughter and I had ended the career I was born for I'd found love for the first time in my life and he was running from it 18 **Statistical Bulletin**, 1989

he has extended his work into the environment and moral philosophy by tackling the complex issue of how we exploit animals

much habitat do we reserve for their natural life How many species are under threat The worlds population will stabilise at

about nine billion in 2050 and this raises the fundamental issues of how much land water and energy we will devote to raising animals for food Is grazing an efficient or humane way of feeding our species Industrial farming out of sight and out of mind involves inescapable cruelty Chickens are raised on an A4 size of smaller scratching area confined in multi layered cages Do animals have a right of access to sunlight and paddock for at least the great part of their lives How does a cow giving birth cope with a crowded cattle truck Do we turn our eyes away from the inevitable suffering involved in animal transport especially live sheep exports There are profound moral lessons to be learned from observing how we treat animals and yet the issue will not be on the agenda for the next Federal or State elections We are in Dr Bloggs debt for this thoughtful passionate book Barry Jones AO FAA FAHA FTSE FASSA Australian Minister for Science 1983 90
