Eight Air Force Bibliography Kenneth P.. Werrell,1996 **Special Bibliography Series** ,1957 *American Military History* Daniel K. Blewett,2008-12-30 In this companion volume to his 1995 bibliography of the same title Daniel Blewett continues his foray into the vast literature of military studies As did its predecessor it covers land air and naval forces primarily but not exclusively from a U S perspective with the welcome emergence of small wars from publishing obscurity In addition to identifying relevant organizations and associations Blewett has gathered together the very best in chronologies bibliographies biographical dictionaries indexes journals abstracts glossaries and encyclopedias each accompanied by a brief descriptive annotation This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries government documents collections military and intelligence agency libraries and historical societies and museums *The Collapse of the German War Economy, 1944-1945* Alfred C.

Mierzejewski,2017-10-10 In this book Alfred Mierzejewski describes how the German economy collapsed under Allied bombing in the last year of World War II He presents a broad based original study of German wartime industry and transportation and of Allied air force planning and intelligence including the first complete analysis in English of the German National Railway The German industrial economy was extraordinarily dependent on the timely adequate distribution of coal by railroad and inland waterway The German National Railway in particular was the pivot of the finely balanced armaments production and distribution system created by Albert Speer But Allied strategists did not immediately recognize this Only in late 1944 when Deputy Supreme Allied Commander Sir Arthur Tedder built a new strategic consensus was this vital coal transport nexus severed The result was the rapid paralysis of the Nazi war economy Mierzejewski measures the economic consequences of the bombing by considering broad indices such as armaments and coal production railway performance and weapons deliveries to the armed forces In addition he shows how individual companies in each of Germany s major economic regions fared By drawing on previously unexamined files of private German manufacturing companies the Reich Transportation Ministry and Allied air intelligence agencies Mierzejewski creates a rare combination of economic analysis and military history that provides new perspectives on the German war economy and Allied air intelligence **World War**

II in Asia and the Pacific and the War's Aftermath, with General Themes Loyd Lee,1998-10-23 A companion to World War II in Europe Africa and the Americas this volume reevaluates the most enduring literature on basic aspects of the war in Asia and the Pacific It also covers themes pertaining to societies at war culture the arts and science and technology as well as international relations and the postwar world Included are not only grand strategy military and naval campaigns and

matters of diplomacy but also resistance collaboration prisoners of war and broad topics of the home front including chapters on gender issues film literature popular culture and propaganda This volume and its companion provide the first comprehensive historiographic reference work on the war Each chapter describes the state of knowledge on the topic relating each bibliographic reference to the chapter s themes and issues and concludes with a bibliography Recent original scholarship is included when it aids new understanding and older works of enduring value also find a place The essays in this volume will interest scholars and college teachers as well as advanced students and serious amateurs seeking insight into the history of the war and its literature **Air University Review** ,1982-09 **Air Power and Warfare** Elwood L.
