LL Leslie

Edward F Beale And The American West:

Edward F. Beale & the American West Gerald Thompson, 1983 Edward Fitzgerald Beale 1822-93 was a major figure in the history of the American West. Few Americans have gained distinction in so many different fields: naval officer, explorer, bureaucrat, rancher, politician, and promoter. During his lifetime, Beale was regarded as Mr. California and numbered among his friends such preeminent men as Robert F. Stockton, Kit Carson, Thomas Hart Benton, Bayard Taylor, U. S. Grant, and many others. A study of Beale's life offers important insights into many of the events and personalities that dominated post-1845 America. A colorful and interesting man, Beale successfully pursued a personal El Dorado of adventure, status, and wealth. In so doing, he mirrored the dreams of countless Americans of his day. Despite his achievements and importance, Beale has been largely forgotten. He is remembered, if at all, as a quixotic man who presided over a strange experiment to introduce camels into the Southwest. The intended purpose of this biography is to portray him as a human being, complex with qualities of greatness and weakness, and to fix his position more precisely within the historical landscape. Preface

Edward F. Beale & the American West Gerald Thompson, 1983 Edward Fitzgerald Beale 1822-93 was a major figure in the history of the American West. Few Americans have gained distinction in so many different fields: naval officer, explorer, bureaucrat, rancher, politician, and promoter. During his lifetime, Beale was regarded as Mr. California and numbered among his friends such preeminent men as Robert F. Stockton, Kit Carson, Thomas Hart Benton, Bayard Taylor, U. S. Preface

Mary Austin and the American West Susan Goodman, Carl Dawson, 2008 Finally a book that does Mary Austin justice in all her complexity and takes her seriously as a challenging and varied writer. Melody Graulich, coeditor of *Exploring Lost Borders*. A wonderful wide-angle view of an era in the American West and its literary, artistic, and anthropological figures. Robert D. Richardson Jr., author of *Henry Thoreau: A Life of the Mind*.

Quarterdeck & Saddlehorn Carl Briggs, Clyde Francis Trudell, 1983

Opium Traders and Their Worlds-Volume One M. Kienholz, 2008-10-13 *Opium Traders and Their Worlds* examines the opium trade with a detective's investigative approach. The author uses evidence to dismiss many of the false claims commonly held with regard to the so-called legitimacy of the Old China trade, presents proof of important figures who were deeply involved in all parts of the world, and shows how world events were affected by famous men in opium hierarchies. Lateral contributors to the drug trade include shipbuilders who fashioned their craft to meet needs of the commerce, designing specially built

Indiamen clippers and fast crabs Ms Kienholz shows how vicious competition in the trade moved players like chess pieces with winners and losers shifting positions Her research into the production of the new opioids such as oxycodone is an area not previously probed

The Encyclopedia of the Mexican-American War Spencer C. Tucker, 2012-10-09 This user friendly encyclopedia comprises a wide array of accessible yet detailed entries that address the military social political cultural and economic aspects of the Mexican American War The Encyclopedia of the Mexican American War A Political Social and Military History provides an in depth examination of not only the military conflict itself but also the impact of the war on both nations and how this conflict was the first waged by Americans on foreign soil and served to establish critical U S military political and foreign policy precedents The entries analyze the Mexican American War from both the American and Mexican perspectives in equal measure In addition to discussing the various campaigns battles weapons systems and other aspects of military history the three volume work also contextualizes the conflict within its social cultural political and economic milieu and places the Mexican American War into its proper historical and historiographical contexts by covering the eras both before and after the war This information is particularly critical for students of American history because the conflict fomented sectional conflict in the United States which resulted in the U S Civil War

Arid Empire Natalie Koch, 2023-01-17 Longlisted for the 2023 Cundill History Prize The iconic deserts of the American southwest could not have been colonized and settled without the help of desert experts from the Middle East For example In 1856 a caravan of thirty three camels arrived in Indianola Texas led by a Syrian cameleer the Americans called Hi Jolly This camel corps the US government hoped could help the army secure the new southwest swath of the country just wrested from Mexico Though the dream of the camel corps and sadly the camels died the idea of drawing on expertise knowledge and practices from the desert countries of the Middle East did not As Natalie Koch demonstrates in this evocative narrative history the exchange of colonial technologies between the Arabian Peninsula and United States over the past two centuries from date palm farming and desert agriculture to the utopian sci fi dreams of Biosphere 2 and Frank Herbert s Dune bound the two regions together solidifying the colonization of the US West and eventually the reach of American power into the Middle East Koch teaches us to see deserts anew not as mythic sites of romance or empty wastelands but as an arid empire a crucial political space where imperial dreams coalesce

Indian Survival on the California Frontier Albert L. Hurtado, 1990-09-10 Looks at the Indians who survived the invasion of white settlers during the nineteenth century and integrated their lives into white society while managing to maintain their own culture

Westward Expansion Ray Allen Billington, Martin Ridge, 2001-08 Sets out the remarkable story of the American frontier which became almost from the beginning an archetypal narrative of the new American nation s successful expansion

The Papers of Ulysses S. Grant Ulysses Simpson Grant, 2005 These papers cover Grant s post presidential tour and his comments on the war and his presidency

The Undiscovered Country Paul Andrew Hutton, 2025-08-05 New York Times Bestseller From the author of The Apache Wars the true story of the American West

revealing how American ambition clashed with the realities of violence and exploitation The epic of the American West became a tale of progress redemption and glorious conquest that came to shape the identity of a new nation Over time a darker story emerged one of ghastly violence and environmental spoliation that stained this identity The Undiscovered Country strips away the layers of myth to reveal the true story of this first epoch of American history From the forests of Pennsylvania and Kentucky to the snow crested California Sierras and from the harsh deserts of the Southwest to the buffalo range of the Great Plains Paul Andrew Hutton masterfully chronicles a story that defined America and its people From Braddock s 1755 defeat to the 1890 Wounded Knee massacre he unfolds a grand narrative steeped in romantic impulses and tragic consequences Hutton uses seven main protagonists Daniel Boone Red Eagle Davy Crockett Mangas Coloradas Kit Carson Sitting Bull and William Buffalo Bill Cody as the biographical threads by which to weave a tapestry across seven generations revealing a story of heroic conquest and dark tragedy of sacrifice and greed and of man made wonders and environmental ruin The American frontier movement has proven eternally fascinating around the world the subject of countless books paintings poems television shows and films The Undiscovered Country reveals the truth behind America s great creation myth *Army Regulars on the Western Frontier, 1848-1861* Durwood Ball, 2001 Unlike previous histories this book argues that the politics of slavery profoundly influenced the western mission of the regular army affecting the hearts and minds of officers and enlisted men both as the nation plummeted toward civil war

BOOK JACKET Navajo Transmission Project (NTP) [NV,AZ,NM] ,1997 The Last Camel Charge Forrest Bryant Johnson, 2013-04-02 A fascinating story telling aspects of the American West that most of us know little about True West Magazine In the mid nineteenth century the U S Army was on the verge of employing a weapon that had never before been seen on its native soil a cavalry mount that would fare better than both mules and horses in the American Southwest Against the Mojave in the Arizona Territory against the Mormons in Utah Territory during the early stages of the Civil War the camel would become part of military history and a nearly forgotten chapter of Americana This is the true story of that experiment and the extraordinary group of people who it brought together The Last Camel Charge gives them their due as a vital piece of American history **INCLUDES PHOTOS** *From Presidio to the Pecos River* Orville B. Shelburne, Jr., 2020-10-08 The 1848 treaty of Guadalupe Hidalgo that ended the Mexican American War described a boundary between the two countries that was to be ascertained by a joint boundary commission effort The section of the boundary along the Rio Grande from Presidio to the mouth of the Pecos River was arguably the most challenging and it was surveyed by two American parties one led by civilian surveyor M T W Chandler in 1852 and the second led by Lieutenant Nathaniel Michler in 1853 Our understanding of these two surveys across the greater Big Bend has long been limited to the official reports and maps housed in the National Archives and never widely published The discovery by Orville B Shelburne of the journal kept by Dr Charles C Parry surgeon botanist geologist for the 1852 party has dramatically enriched the story by giving us a firsthand view of the Chandler

boundary survey as it unfolded Parry's journal forms the basis of *From Presidio to the Pecos River* which documents the day to day working of the survey teams The story Shelburne tells is one of scientific exploration under duress surveyors stranded in towering canyons overnight without food or shelter piloting inflatable rubber boats down wild rivers rising to the challenges of a profoundly remote area including the possibility of Indian attack Shelburne's comparison of the original boundary maps with their modern counterparts reveals the limitations of terrain and equipment on the survey teams Shelburne's book provides a window on the adventure near disaster and true accomplishment of the surveyors work in documenting the course of the Rio Grande across the Big Bend region *Gold Seeking* David Goodman, 1994 The brave independence of the roaring days the camaraderie of the gold fields jolly diggers on a spree these are the images that have come down to us of the gold era of the 1850s in Australia and California But these images were largely shaped decades later by writers such as Henry Lawson and Bret Harte they speak of later nostalgia rather than the experience of the time In this study of the contemporary response to the discoveries of gold in Victoria and California David Goodman argues that people at the time were apprehensive about gold rushing and the kind of society it seemed to prefigure In the chaos of the gold rushes individual self interest seemed to be all that could motivate people to any exertion And it was only the economic rationalists of the day those who believed in political economy and its promise that out of the confusion of individual self interest would come some sort of social order who could wholeheartedly endorse the gold rushes as events This is a history of the ways people talked about gold As the first full length cultural history of the gold rushes on two continents it examines the meanings of gold at the time and the narratives which were told about social disruption It locates the deeper underlying themes in the response to gold It also looks at the ways in which the dominant later memories of gold were shaped And it is about national differences about the construction of distinctive national cultures out of materials common to the British world This book should be read not only by Australian and American historians but by anyone with an interest in the cultural history of modernity BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

From Cincinnati to the Colorado Ranger - the Horsemanship of Ulysses S. Grant Denise M. Dowdall, 2012-11-14 Ulysses Grant the highest ranking general of the American Civil War and 18th president of the United States was a surprisingly reluctant soldier and an even more reluctant president But he was always an enthusiastic horseman Rich with anecdote humour and humanity *From Cincinnati to the Colorado Ranger* tells of the extraordinary collection of horses that inhabited Grant's world From the placid plough horses of his youth to the brave war chargers that carried the destiny of the nation on their backs From the pampered trotters of the Gilded Age to the exotic stallions whose blood enriched a new breed of American horse The story of these horses more than illuminates the life and culture of a great American **The Comanches** Thomas W. Kavanagh, 1999-01-01 This is the first in depth historical study of Comanche social and political groups Using the ethnohistorical method Thomas W Kavanagh traces the changes and continuities in Comanche politics from

their earliest interactions with Europeans to their settlement on a reservation in present day Oklahoma

Courage Above All Things Harwood P. Hinton, Jerry Thompson, 2020-10-29 For a half century John Ellis Wool 1784 1869 was one of America's most illustrious figures most notably as an officer in the United States Army during the War of 1812 the Mexican American War and the Civil War At the onset of the Civil War when he assumed command of the Department of the East Wool had been a brigadier general for twenty years and at age seventy seven was the oldest general on either side of the conflict *Courage Above All Things* marks the first full biography of Wool who aside from his unparalleled military service figured prominently in many critical moments in nineteenth century U S history At the time of his death in 2016 Harwood Hinton a scholar with an encyclopedic knowledge of western history had devoted fifty years to this monumental work which has been completed and edited by the distinguished historian Jerry Thompson This deeply researched and deftly written volume incorporates the latest scholarship to offer a clear and detailed account of John Ellis Wool's extraordinary life his character his life experiences and his career in wartime and during uneasy periods of relative peace Hinton and Thompson provide a thorough account of all chapters in Wool's life including three major wars the Cherokee Removal and battles with Native Americans on the West Coast From his distinguished participation in the War of 1812 to his controversial service on the Pacific coast during the 1850s and from his mixed success during the Peninsula Campaign to his overseeing of efforts to quell the New York City draft riots of 1863 John Ellis Wool emerges here as a crucial character in the story of nineteenth century America complex contradictory larger than life finally fully realized for the first time

Blood and Thunder Hampton Sides, 2007-10-09 NATIONAL BESTSELLER From the author of *Ghost Soldiers* comes an eye opening history of the American conquest of the West a story full of authority and color truth and prophecy The New York Times Book Review In the summer of 1846 the Army of the West marched through Santa Fe en route to invade and occupy the Western territories claimed by Mexico Fueled by the new ideology of Manifest Destiny this land grab would lead to a decades long battle between the United States and the Navajos the fiercely resistant rulers of a huge swath of mountainous desert wilderness At the center of this sweeping tale is Kit Carson the trapper scout and soldier whose adventures made him a legend Sides shows us how this illiterate mountain man understood and respected the Western tribes better than any other American yet willingly followed orders that would ultimately devastate the Navajo nation Rich in detail and spanning more than three decades this is an essential addition to our understanding of how the West was really won

Unveiling the Magic of Words: A Overview of "**Edward F Beale And The American West**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Edward F Beale And The American West**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound affect the souls of its readers.
