Personnel Literature ,1981 **Labor Literature** ,1980 **Shrinking Violets and Caspar Milquetoasts** Patricia
McDaniel,2003-11 Since World War II Americans attitudes towards shyness have changed The women s movement and the
sexual revolution raised questions about communication self expression intimacy and personality leading to new concerns
about shyness At the same time the growth of psychotherapy and the mental health industry brought shyness to the attention
of professionals who began to regard it as an illness in need of a cure But what is shyness How is it related to gender race
and class identities And what does its stigmatization say about our culture In Shrinking Violets and Caspar Milquetoasts
Patricia McDaniel tells the story of shyness Using popular self help books and magazine articles she shows how prevailing
attitudes toward shyness frequently work to disempower women She draws on evidence as diverse as 1950s views of shyness
as a womanly virtue to contemporary views of shyness as a barrier to intimacy to highlight how cultural standards governing
shyness reproduce and maintain power differences between and among women and men **The Other Half** Jacqueline
Wiseman,2018-04-20 This current study has emerged from two decades of the author s investigations in related areas
alcoholism and domestic relations Its canvas is broadly comparative drawing on interviews and data gathered in the United
States and Finland The domestic drama of The Other Half is played out both in the private scene of the home and the more
public scene of the workplace and against these two differing national backgrounds Despite the many expected and
perceived cultural differences between the countries the effects of alcoholism on the family are shown to be the same Dr
Wiseman s study offers theoretical insights gleaned from its perspective on alcoholism as an interactive phenomenon to
which the concepts of G H Mead and Blumer can be applied to illuminate the carefully presented data and go beyond them
New terrain in studies of alcoholism is thereby explored including such themes as the social construction by the subjects of
their husbands drinking their marriage and their self images the strategy of coping mechanisms and the effects of the crisis
of alcoholism on gender sex roles and power differentials The Other Half complements Dr Wiseman s prize winning work on
the treatment of Skid Row alcoholics Stations of the Lost while involving issues of greater complexity on both the
methodological and theoretical plane The Executive Female ,1980 **The Confident Woman** Marjorie Hansen
Shaevitz,2012-01-04 How Confident Are You Marjorie Hansen Shaevitz has won national awards for her work in women s
health and has enjoyed the success some people only dream of a prosperous professional life a long happy marriage two
Stanford educated children and a bestselling book The Superwoman Syndrome which coined a term for a generation of
women Despite all of her accomplishments however she struggled with the issue of confidence After conducting extensive

research she found that she was far from alone Many women experience the paradox of enjoying success in their business and personal lives while lacking confidence in themselves The Confident Woman focuses on the issues that women face in growing up as girls in this society Using a series of seven steps complete with techniques and questions Shaevitz presents an accessible and proven program that helps women regain their confidence It is written for women of all ages ending with an epilogue for mothers who want practical tips for raising confident daughters In clear concise prose filled with anecdotes and humor The Confident Woman focuses on what women say they want practical advice that they can use now Solving Discipline Problems Charles H.
