**In Our Strange Gardens** Michel Quint, 2001-12-01 In Our Strange Gardens was named a BookSense 76 Recommended Pick for January 2002 Michel has a story to tell It's about his father an exquisitely common man whose very ordinariness is a source of grave embarrassment for the boy It's also the story told to him by his uncle who shared a family secret with the child in the flickering black and white images of a Sunday matinee Years before in the bitter years of World War II during the Nazi occupation of France two brothers found themselves at the mercy of a German guard following an explosive act of resistance Thrown into a deep pit with a small group of terrified prisoners the men are told that one of them will die by dawn to serve as an example for the others It's up to the prisoners to propose who will be sacrificed But in the middle of the night the guard returns with an extraordinary proposition of his own A novel of revelation innocence and ignorance of the power of language and the strength and complexity of family In Our Strange Gardens is a fable of nuance and power a mesmerizing addition to the literature of war

**Anamnesia** Peter Collier, Anna Magdalena Elsner, Olga Smith, 2009 Memory has always been crucial to French literature and culture as a means of mediating the relationship between perception and knowledge of the individual coming to terms with his identity in time Relatively recently memory has also emerged as the key force in the creation of a collective consciousness in the wider perspective of French cultural history This collection of essays selected from the proceedings of a seminar on Memory given by Dr Emma Wilson at the University of Cambridge offers a fresh evaluation of memory as both a cultural and an individual phenomenon in modern and contemporary French culture including literature cinema and the visual arts Anamnesia the book's title develops the Aristotelian concept of anamnesis recollection as a dynamic and creative process which includes forgetting as much as remembering concealment as much as imagination Memory in this extremely diverse range of essays is therefore far from being presented as a straightforward process of recalling the past but emerges as the site of research and renegotiation of contradictions and even aporia
