**Egypt to the End of the Old Kingdom** Cyril Aldred, 1965 Expansion of the chapter first published in *The dawn of civilization* 1961 edited by Stuart Piggott Bibliography p 134 **Egypt to the end of the Old Kingdom**, 1994 Kom el-Hisn (ca. 2500-1900 BC) Anthony J. Cagle, Richard W. Redding, Robert J. Wenke, 2016-09-30 This volume presents the findings of three seasons of excavation in the 1980s at Kom el Hisn the mound of the fortress in the northwest Nile Delta This provincial community was often in the orbit of Memphis the capital and administrative center of Egypt's Old Kingdom period Small areas of occupations of the First Intermediate and early Middle Kingdom periods were also excavated One of the goals of the excavations was to complement and compare the substantial ancient textual record of this era with Kom el Hisn's archaeological record because such evidence is sparse for Lower Egypt between about 2500 and 1800 BC The findings presented here reveal the complexity of small Old Kingdom settlements in the context of the Memphite state organization and shed light on the changing relationships of this administrative center with its provincial communities Kom el Hisn's faunal floral lithic and architectural remains are presented and discussed in detail as are some theoretical and methodological issues relevant to this research With contributions by Paul E Buck Anthony J Cagle Michal Kobusiewicz Karla Kroeper Richard R Redding Sarah Sterling Robert J Wenke Wilma Wetterstrom Anna Wodzinska and Alexandra Witsell

seeking a companion volume to A History of the Ancient Near East now and then 2 Bob Maddison,2012-09-05 Lost civilizations Origins of mankind Why does mankind seem to need religion Why is there so much confusion and mental indigestion manifest among not only rank and file mankind but also actively demonstrated by the academics After all does it really matter who built the pyramids of Egypt Or when they were built Does it matter that there are so many confusing and conflicting claims by the proponents of the many religions So who or what is god Is it Jehovah Allah Krishna or Enlil Or perchance it is a fiction And what does it matter or avail if we understand the true origins of man or not If we cannot correctly understand who and what mankind is how can we ever know and understand what angels demons gods God or aliens are Is it that we are the aliens and this was not our earth Egyptian Art in the Age of the Pyramids Metropolitan Museum of Art (New York, N.Y.),1999 The Egyptian Old Kingdom c 2650 2150 BC was an era of extraordinary artistic achievement the period that gave us the Sphinx and the pyramids as well as a rich legacy of private tombs wall paintings reliefs statuary jewelry and decorative arts This book the companion volume to a major traveling exhibition organized by New York s Metropolitan Museum of Art and the Louvre in Paris showcases the most impressive assemblage of Egyptian art and artifacts since the Tutankhamun exhibition of the late 1970s Scholarly essays and 650 illustrations bring to life a remarkable panoply of Old Kingdom objects temple and tomb reliefs striking gold jewelry handsome stone vessels monumental statues stelae and exquisite statuettes Together text and images create a stunning tribute to the world of the Pharaohs Publisher s description **Egypt and the Middle East, Grades 5 - 8** Hotle,2012-01-03 Bring history to life for students in grades 5 and up using Egypt and the Middle East This 96 page book features reading selections and assessments that utilize a variety of questioning strategies such as matching true or false critical thinking and constructed response Hands on activities research opportunities and mapping exercises engage students in learning about the history and culture of Egypt and the Middle East For struggling readers the book includes a downloadable version of the reading selections at a fourth to fifth grade reading level This book aligns with state national and Canadian provincial standards Akhenaten and the Origins of Monotheism James K. Hoffmeier,2015-02-13 Pharaoh Akhenaten remains one of the most fascinating and studied figures of ancient history Akhenaten and the Origins of Monotheism focuses on Akhenaten s preoccupation with worshipping the sun disc Aten and the implications of this unique religion in foundationally shaping monotheism Ancient Egyptian Prisoner Statues Tara Prakash,2022-10-01 During the Old Kingdom the ancient Egyptians constructed elaborately decorated mortuary monuments for their pharaohs By the late Old Kingdom ca 2435 2153 BCE these pyramid complexes began to contain a new and unique type of statue the so called prisoner statues Despite being known to Egyptologists for decades these statues of kneeling bound foreign captives have been only partially documented and questions surrounding their use treatment and exact meaning have remained unanswered Ancient Egyptian Prisoner Statues the first comprehensive analysis of the prisoner statues addresses this gap demonstrating that the Egyptians conceived of and used

the prisoner statues differently over time as a response to contemporary social cultural and historical changes In the process the author contributes new data and interpretations on topics as diverse as the purpose and function of the pyramid complex the ways in which the Egyptians understood and depicted ethnicity and the agency of artists in ancient Egypt Ultimately this volume provides a fuller understanding of not only the prisoner statues but also the Egyptian late Old Kingdom as a whole

the ground was leveled how the site was oriented and how the stone was raised and placed to meet at a distant point in the sky Here the author also asks and answers questions virtually ignored for the last century He discloses for example the ancient use of shadows now denigrated to the ornamental back yard sundial but once an important tool for telling the height of an object geographical directions the seasons of the year and the time of day He also reinterprets the ancient stretching of the cord ceremony which once was thought to have only religious significance but here is shown as the means of establishing the sides of a pyramid

*The Private Feast Lists of Ancient Egypt* Anthony John Spalinger,1996 This volume covers the numerous small lists of feasts that occur mainly on stelae and in tombs A chronological study is presented wherein the major phases of Pharaonic Egypt Old Kingdom to the Ptolemaic Period are covered Questions of dating these inscriptions as well as reasons concerning alterations in the lists form a major part of the discussion In particular differences in arrangement of these private celebrations both within a specific time period as well as between eras provide causes for the alterations of religious patterns of a non royal sort Calendrical ideas are likewise surveyed although for the most part the aim of this study remains focused upon the religious events themselves Material of an ancillary nature including some data from royal inscriptions will be found only when they provide light upon the private religious practices
