Ancient Egypt Barry J. form The significance of Ancient Egypt for the rest of Africa is a hotly debated issue with complex ramifications This book considers how Ancient Egypt was dislocated from Africa drawing on a wide range of sources It examines key issues such as the evidence for actual contacts between Egypt and other early African cultures and how influential or not Egypt was on them Some scholars argue that to its north Egypt's influence on Mediterranean civilization was downplayed by western scholarship Further afield on the African continent perceptions of Ancient Egypt were coloured by biblical sources emphasizing the persecution of the Israelites An extensive selection of fresh insights are provided several focusing on cultural interactions between Egypt and Nubia from 1000 BCE to 500 CE developing a nuanced picture of these interactions and describing the limitations of an Egyptological approach to them *Ancient Perspectives on Egypt* Roger Matthews, Cornelia Roemer, 2003-09-09 The allure of Egypt is not exclusive to the modern world Egypt also held an attraction for people of the past In this volume academics from a wide range of disciplines assess the significance of Egypt within the settings of its past using both archaeological and documented evidence **Ancient Egypt** Patricia D.
