Eighteen-fortyeights. The Romantic and Democratic Revolutions in Europe. Transl. [from the French] by L.F. Edwards Jean Sigmann,L. F. Edwards,1973 *Revolution and Rebellion in the Early Modern World* Jack A. Goldstone,2016-12-19 What can the great crises of the past teach us about contemporary revolutions Jack Goldstone shows the important role of population changes youth bulges urbanization elite divisions and fiscal crises in creating major political crises Goldstone shows how state breakdowns in both western monarchies and Asian empires followed the same patterns triggered when inflexible political economic and social institutions were overwhelmed by cumulative changes in population structure that collided with popular aspirations and state elite relations Examining the great revolutions of Europe the English and French Revolutions and the great rebellions of Asia which shattered dynasties in Ottoman Turkey China and Japan he shows how long cycles of revolutionary crises and stability similarly shaped politics in Europe and Asia but led to different outcomes In this 25th anniversary edition Goldstone reflects on the history of revolutions in the last twenty five years from the Philippines and other color revolutions to the Arab Uprisings and the rise of the Islamic State In a new introduction he re examines his pioneering look at the role of population changes such as rising youth cohorts urbanization shifting elite mobility as continuing causal factors of revolutions and rebellions The new concluding chapter updates his major theory and looks to the future of revolutions in the Middle East Asia and Africa **The Communist Manifesto in the Revolutionary Politics of 1848** David Ireland,2022-08-08 This book examines why on the eve of the pamphlet s 175th anniversary the Communist Manifesto left so faint an imprint on Europe s most revolutionary year of 1848 when it has had such a huge impact on posterity The Manifesto that year misread bourgeois intentions put too much faith in the industrial proletariat too little in peasants too much emphasis on the German states and none on England Marx and Engels preferred in 1848 9 to focus on the middle class Neue Rheinische Zeitung declining to galvanise working class groups whose leadership they had actively sought They neglected to return swiftly to the German states in their crucial 1848 March days The Manifesto s programme barely overlapped with contemporary campaigners or comparative pamphleteers or the replacement

Demands of the Communist Party in Germany The book considers the consequences of Marx opting to write the Manifesto alone in January 1848 It also questions the source and significance of the pamphlet s most memorialised phrase the spectre of Communism whether it was written for the working men of all countries addressed in its finale and whether Marx and Engels regarded the Manifesto as highly in 1848 as they undoubtedly did in later life **1848: Les Révolutions**
