The Oxford Handbook of Work and Aging Jerry W. Hedge, Walter C. Borman, 2012-04-19 Global aging technological advances and financial pressures on health and pension systems are sure to influence future patterns of work and retirement This handbook offers an international multi disciplinary perspective examining the aging workforce from an individual worker organization and societal perspective

Spirituality, Culture, and Development Subhabrata Dutta, Srilatha Juvva, Khadija Khaja, Chathapuram S. Ramanathan, 2016-10-07 This book explores culture development and spirituality from the perspective of social work This framework serves as foundation and guides analytical deliberation through the use of case studies from around the world With emerging trends in development synchronistic synthesis between the inner self and interventions it is anticipated to contribute to advancing well being of all people The book reflects global experiences from both the social work professions and development practitioner s perspectives as it pertains to economic and social development The book serves as a guide to those who want to better understand and incorporate spirituality into successful social work interventions practice and research It examines social development in the daily lives of children and families by looking at larger national and international phenomenon that can affect the well being of communities The book further discusses natural disasters poverty war migration human trafficking war violence and other factors with suggestions of innovative global interventions that have been utilized to assist diverse marginalized groups and communities

Women Studies Abstracts , 2001 [Feminist Periodicals](#) , 2005 [International Perspectives on Elder Abuse](#) Amanda Phelan, 2013 Elder abuse has been increasingly recognised over the past ten years in many countries and progress has been made in both understanding and addressing the issue This volume provides a much needed international overview of the topic Opening with an examination of what elder abuse is Amanda Phelan sets it in a theoretical context and looks at assessment and approaches to the issue in residential and community care environments The book then presents a range of country studies

which provide an overview of the context of elder abuse in the country and a discussion of related policy legislation research and practice Countries covered include Ireland United Kingdom Spain China Australia Kenya Israel Canada and the United States whilst a regional chapter looks at South America A concluding chapter draws together cross cultural comparisons and provides some guidance as to best practice The only comprehensive book in this area *International Perspectives on Elder Abuse* is an invaluable reference for practitioners academics and researchers from a range of disciplines including nursing social work sociology public health and social policy *International Perspectives and Strategies for Managing an Aging Workforce* Ince, Fatma, 2022-03-11 Older employees are often seen as an obstacle and not as an opportunity for companies especially regarding the transfer of knowledge and experience Effective development and utilization of older professional and managerial employees is an important issue as most organizations are not prepared to tailor their training methods to the needs and preferences of these employees due to negative stereotypes Managing a rapidly aging workforce and sustaining economic dynamism calls for systematic research to prevent age discrimination due to an incomplete knowledge of older workers and politically challenging policy choices that require strong political commitments robust management leadership and social consensus *International Perspectives and Strategies for Managing an Aging Workforce* examines the differences in stereotypes of older employees compared to younger employees in companies analyzes the impact of the aging workforce on retention productivity and well being and investigates organizational systems processes and practices for managing older workers Covering a range of topics such as retention and retirement this reference work is ideal for researchers academicians practitioners business owners managers human resource workers instructors and students **International Perspectives on Women, Health and Culture** Lourdes Fernandez-Heber, Theresa George, 1999 Provides a collection of papers that were presented during the 8th International Congress on Women's Health Issues in 1997 It presents different cultural perspectives of the political economic and psychological factors that affect women and the impact on their health

Older Women in Europe Isabella Paoletti, 2022-09-30 This book is about older women's strength freedom tenacity determination resilience independence social and political involvement and in particular it is about reimagining ageing Older women represent the great majority of older people The book describes instances of age and gender discrimination and examples of social inclusion and protagonism of older women in Europe It solicits a change in perspective focusing on the necessary societal changes to make space to older people and older women in particular How is society going to address age and gender discrimination in social and institutional settings How should work settings change to effectively make space to older workers and in particular older women How should the pension system change How could public health systems could provide effective care to older people and be sustainable This edited collection focuses on older women's rights rather than their needs adopting a human rights based approach Preservation of older women's dignity autonomy and security is its central topic that is ensuring that their rights are recognised This collection offers insights valuable to a wide array of human

rights activists professionals policymakers and social scientists and older women themselves

Health and Economic Status of Older Women A.Regula Herzog,Karen Holden,Mildred Seltzer,2021-05-13 Health Economic Status of Older Women is a collection of research issues and data sources This book is organized in three parts Part 1 sets the stage for the more focused discussion of health and economic issues in the lives of old women that follows in Part 2 This first section contains papers by both Troll and Reinharz Their papers presented as keynote addresses in the conference provide a historical context for the subsequent material Both authors issue challenges to those who would focus their research efforts on older women The second part of the book contains the substantive discussions of health and economic aspects of women s lives The final part contains discussions of research methodologies

Practising Feminism for Social Welfare Ruth Phillips,2022-12-09 There has been an explosion of interest in feminism in recent years This book argues it is still necessary and has a vital role Feminism s core objectives to address the persistent issue of women s inequality and ongoing sexism and to fight against women s oppression and improve women s lives remain of central value across the world As a result how feminism contributes to and improves social welfare is overdue for re examination This text explores what feminism means in theory policy and practice as it is conceptualised and engaged within different social welfare contexts today Beginning with an overview of feminist scholarship in the 21st century it mainly comprises six substantive chapters that examine feminism from within a specific policy or practice setting The topics discussed include globalisation and social justice motherhood and reproductive rights domestic violence women s experiences in criminal justice settings and working with older people Practising Feminism for Social Welfare concludes with a framework for feminist policy and practice in the era of the fourth wave whilst acknowledging that there can be no single or hegemonic feminism across all sites of social and political processes and in all social welfare settings Designed as an introduction to feminist practice for social policy and social work audiences this volume will also speak to a range of academic disciplines including sociology criminology politics women s studies and gender and feminist studies

Handbook of Social Justice in Loss and Grief Darcy L. Harris,Tashel C. Bordere,2016-02-05 The Handbook of Social Justice in Loss and Grief is a scholarly work of social criticism richly grounded in personal experience evocative case studies and current multicultural and sociocultural theories and research It is also consistently practical and reflective challenging readers to think through responses to ethically complex scenarios in which social justice is undermined by radically uneven opportunity structures hierarchies of voice and privilege personal and professional power and unconscious assumptions at the very junctures when people are most vulnerable at points of serious illness confrontation with end of life decision making and in the throes of grief and bereavement Harris and Bordere give the reader an active and engaged take on the field enticing readers to interrogate their own assumptions and practices while increasing chapter after chapter their cultural literacy regarding important groups and contexts The Handbook of Social Justice in Loss and Grief deeply and uniquely addresses a hot topic in the helping professions and social sciences and does so

with uncommon readability International Perspectives on Mental Health Barbara Fawcett,Zita Weber,Sheila Wilson,2011-11-22 Mental distress is not exclusive to any particular group but touches the lives of people in all societies and walks of life one in four of us will be affected by it in our lifetime Yet the field of mental health is complex fraught with differences in understanding and experience variations in service provision political agendas and professional discourses This wide ranging book explores a range of themes in the development of mental health policy and practice in order to promote critical reflection and enhance understanding Drawing on an international evidence base it explores the historical legal and socio cultural dimensions of mental health including Anti discriminatory practice and the ethical tensions posed by legislation particularly in relation to safeguarding and human rights Trends and concerns in the field of child and adolescent mental health The gender ethnicity and age related dimensions of mental ill health The challenges posed by dual diagnosis and faced by families and carers International Perspectives on Mental Health offers a multi dimensional view of mental health and wellbeing with the aim of opening up debate and inviting a more holistic conception of the field It is required reading for students of mental health on professional and academic courses as well as for practitioners in the health and social care field
