Yonay,2018-03-22 Palestinian women have slowly become active in the formal labor market in Israel In this book Vered Kraus and Yuval Yonay describe and analyse the labor experience of these Palestinian women and explain why Palestinian and Jewish women have different rates and outcomes in the labor market Challenging popular views

that ascribe these differences to Arab culture and Islam they instead find that it is state policies and widespread discrimination that hinder Palestinian women's participation and success. By including the various Palestinian sub groups Muslims Bedouins Druze Christians non citizen residents of Jerusalem this book shows how the specific life circumstances of the women from these subgroups affect their employment and achievements. The book thus enriches the acute discussion on the labour market experiences of Muslim and Arab women in the Middle East and North Africa and in advanced industrialized societies. *Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2001* United States.
