Hearing Loss:

The Hearing-Loss Guide John M. Burkey, 2015-03-01 Although millions of people could use good advice about hearing loss it turns out that asking is difficult and accurate advice is hard to come by This book directly addresses the problem it provides useful first hand advice from people who have experienced hearing loss themselves along with accurate treatment information from a highly experienced audiologist Prompted to write this book by a patient who thought the reality of hearing loss and its associated problems could only be truly understood by someone with personal experience audiologist John M Burkey gathered information from his own patients and their spouses The Hearing Loss Guide presents their candid recommendations for anyone who suffers hearing loss as well as families friends and co workers The author opens with chapters on the basics of hearing loss hearing aids and other devices and treatments He then turns to his patients who discuss coping with hearing loss the real life consequences of losing hearing how to get help adapting to a hearing aid and other useful topics Family members also offer valuable advice A resource guide completes this indispensable volume

Hearing Loss For Dummies Frank Lin, Nicholas Reed, 2022-08-30 Improve your hearing enhance your life With new advice on just released over the counter hearing aids Hearing loss can be frustrating but in fact it s common and treatable Hearing Loss For Dummies written by top experts in the field in collaboration with AARP walks you through how to get the help you need to clearly hear the sounds of life whether you re at home at work or out and about And hearing health is critical Hearing loss can increase your risk of falls and injuries isolation and depression and even cognitive decline and dementia Authors Frank Lin and Nicholas Reed at the Johns Hopkins School of Medicine lay out the steps to hearing health Understanding how hearing works and how it changes as we age Finding specialists you can trust Determining whether you need testing and if so where to turn Using your Hearing Number™ to monitor how your hearing changes over time Learning practical solutions for hearing better at home at work on the phone and in restaurants and theaters Choosing the right hearing aid including just approved over the counter hearing aids and getting them adjusted to work for you Exploring the pros and cons of cochlear implants and other surgical options Covering the costs of hearing health care If you re concerned about your own or a friend or relative s hearing this is the one book you ll need For what can seem like a complicated stressful and lengthy process Hearing Loss For Dummies tackles the topic head on and provides you with expert guidance to put your mind at ease on the path to better hearing TM Johns Hopkins University

Hear what You've Been Missing Donna S. Wayner, 1998 In Coping with Hearing Loss audiologist Donna Wayner takes readers step by step through recognition of a problem diagnosis possible solutions even early prevention and protection
