Hearing Of The Hard Times:

Hearings United States. Congress. Senate. Committee on Labor and Public Welfare,1972 Hard Times Charles Dickens,2009-05-01 First published in 1854 Hard Times is a profoundly moving articulate and searing indictment of the life reducing effects of the industrial revolution and certain aspects of enlightenment thinking Set in the fictional midlands mill town of Coketown the narrative centers on the industrialist Mr Thomas Gradgrind whose belief in scientific utilitarianism skews his world view and is a motive force carrying the narrative towards farce and tragedy Gradgrind s no nonsense abhorrence of fancy extends to his implementing an ambitious education scheme that aims to exclude all nonsense and keep the minds of young people focused squarely on facts The book is ultimately an argument in favor of fancy and radical thinking and a damning critique of industrial capitalism and its exploitation and repression of the workers whose lives were spent literally in sustaining the system **Hearings** United States.
