being overshadowed by the immense popularity of Anne of Green Gables the Emily of New Moon trilogy has become a subject of endless fascination to fans and scholars around the world The trilogy was conceived during an important phase in Montgomery s career during which she turned from Anne and plunged into more intricate aspects of gender adolescence nature and authorship While the novels have attracted rich critical attention since their publication book length studies proved surprisingly scarce L M Montgomery s Emily of New Moon A Children s Classic at 100 is the first scholarly volume exclusively dedicated to the trilogy coalescing different research perspectives It offers a fresh point of entrance into a well loved classic at its one hundredth anniversary *Publication* ,1991 *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954* United States.
