Heart, 1997 **The Feeling Heart in Medieval and Early Modern Europe** Katie Barclay, Bronwyn

Reddan, 2019-12-02 The heart is an iconic symbol in the medieval and early modern European world In addition to being a physical organ it is a key conceptual device related to emotions cognition the self and identity and the body The heart is read as a metaphor for human desire and will and situated in opposition to or alongside reason and cognition In medieval and early modern Europe the feeling heart the heart as the site of emotion and emotional practices informed a broad range of art literature music heraldry medical texts and devotional and ritual practices This multidisciplinary collection brings together art historians literary scholars historians theologians and musicologists to highlight the range of meanings attached to the symbol of the heart the relationship between physical and metaphorical representations of the heart and the uses of the heart in the production of identities and communities in medieval and early modern Europe **A History of Chinese Literature**

Herbert Allen Giles, 2022-08-15 Herbert Allen Giles *A History of Chinese Literature* serves as a comprehensive exploration of the rich tapestry of Chinese literary traditions from early antiquity to the early 20th century Giles adopts a systematic and analytical approach that interweaves historical context linguistic evolution and aesthetic values capturing the essence of literary forms such as poetry prose and drama His adept use of both narrative and scholarly tone allows for an engaging yet informative reading experience making the complexities of Chinese literature accessible to Western audiences especially during an era when Western interest in Asia was burgeoning Herbert Allen Giles a prominent sinologist and translator of 19th century China dedicated much of his life to understanding and disseminating Chinese culture His profound engagement with the language and his tenure in the region provided him with firsthand insights into the historical significance of literary works Living through a period marked by cultural exchange and intellectual curiosity Giles aimed to bridge the gap between Western and Eastern literary traditions fostering appreciation for the depth and diversity of Chinese literature For readers seeking to deepen their understanding of Chinese literary history Giles work is indispensable It not only serves as a critical reference for scholars but also invites general readers to traverse the expansive landscape of Chinese literature By illuminating the interplay of tradition and innovation Giles narrative enriches our understanding of literature as a reflection of culture and societal values *Arminius or the Rise of a National Symbol in Literature* Richard Kuehnemund, 2020-05-01

This volume provides an evaluation of the ideological significance of the Arminius trope in patriotic German literature Beginning with the German Humanists and ranging through the works of Hutten Lohenstein J E Schlegel Klopstock Kleist Grabbe and others Kuehnemund tracks how Arminius has been deployed as a symbol of the German nation by major intellectual movements and at key points in German history leading up to the Second World War **An Encyclopædia of Freemasonry and Its Kindred Sciences** Albert Gallatin Mackey, 1912 *Hyper City* Peter J.M. Nas, Annemarie

Samuels, 2013-10-28 First published in 2006 Cities are sites of multiple meanings and symbols ranging from statues and

street names to festivals and architecture Some times the symbolic side of urbanism is so strong that it outshines reality then we speak of hypercity Urban symbolic ecology and hypercity studies are relatively new fields that deal with the production distribution and consumption of symbols and meanings in urban space timely concerns in an era of increasing globalization and competition between mega urban regions This volume presents a detailed introduction to the new fields followed by case studies of the cultural layer of symbolism in Brussels Belgium Cape Town South Africa Cuenca Ecuador Delft The Netherlands Kingston Jamaica Ljubljana Slovenia Paris France and cities in Italy and Indonesia It amply demonstrates that the time has come for urban symbolic ecology and hypercity studies to be included in regular urban studies training in the fields of anthropology sociology social geography and architecture

Conspiracies and Conspiracy Theories in American History Christopher R. Fee, Jeffrey B. Webb, 2019-05-24 This up to date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about shadowy networks that operate behind a cloak of secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a way for people to criticize prevailing political and economic arrangements while for society s disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society Through interpretive essays and factual accounts of various people organizations and ideas the reader will gain a much greater appreciation for a set of beliefs about political scheming covert intelligence gathering and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach
