Heart Smarts:

Heart, Smarts, Guts, and Luck Anthony K. Tjan, Richard J. Harrington, Tsun-Yan Hsieh, 2012-07-17 What's your entrepreneurial profile? Do you have what it takes to build a great business? In this book, three prominent business leaders and entrepreneurs, now venture capitalists and CEO advisers, share the qualities that surface again and again in those who successfully achieve their goals: The common traits: Heart, smarts, guts, and luck. After interviewing and researching hundreds of business builders across the globe, the authors found that every one of them, from young founder to seasoned CEO, holds a combination of these four attributes. Indeed, each of us tends to be biased toward one of these traits in our decision making and figuring out which trait drives you will lead to greater self-awareness and likelihood of success in starting and growing a business. So are you Heart dominant like renowned chef Alice Waters or Starbucks's Howard Schultz? Smarts dominant like Jeff Bezos of Amazon or legendary investor Warren Buffett? Guts dominant like Nelson Mandela or Virgin's Richard Branson? Or are you most defined by the luck trait like Tony Hsieh of Zappos? and a surprisingly high proportion of other successful entrepreneurs? **Heart Smarts Guts and Luck** includes the first Entrepreneurial Aptitude Test (EAT), a simple tool to help determine your specific profile. Though no single archetype for entrepreneurial success exists, this book will help you understand which traits to dial up or dial down to realize your full potential and when these traits are most and least helpful or even detrimental during critical points of a company lifecycle. Not only will you know how to build a better business faster, you'll also take your natural leadership style to the next level.

H. Spurgeon, Volume 6 Spurgeon, Charles H., 2015-02-24 Volume 6 Sermons 286-347 Charles Spurgeon 19 June 1834-31 January 1892 is one of the church's most famous preachers and Christianity's foremost prolific writers. Called the Prince of Preachers, he was one of England's most notable ministers for most of the second half of the nineteenth century and he still remains highly influential among Christians of different denominations today. His sermons have spread all over the world and his many printed works have been cherished classics for decades. In his lifetime Spurgeon preached to more than 10 million people often up to ten times each week. He was the pastor of the congregation of the New Park Street Chapel, later the Metropolitan Tabernacle in London, for 38 years. He was an inexhaustible author of various kinds of works including sermons, commentaries, an autobiography, as well as books on prayer, devotionals, magazines, poetry, hymns, and more. Spurgeon was known to produce powerful sermons of penetrating thought and divine inspiration, and his oratory and writing skills held his audiences spellbound. Many Christians have discovered Spurgeon's messages to be among the best in Christian literature. Edward Walford wrote in *Old and New London*, Volume 6, 1878, quoting an article from the *Times* regarding one of Spurgeon's meetings at Surrey Fancy, a congregation consisting of 10,000 souls streaming into the hall, mounting the galleries, humming, buzzing, and swarming, a mighty hive of bees eager to secure at first the best places and at last any place at all. After waiting more than half an hour for if you wish to have a seat, you must be there at least that space of time in advance. Mr Spurgeon ascended his tribune. To the hum and rush and trampling of men succeeded a low, concentrated thrill and murmur of devotion which seemed to run at once like an electric current through the breast of every one present, and by this magnetic chain the preacher held us fast bound for about two hours. It is not my purpose to give a summary of his discourse. It is enough to say of his voice that its power and volume are sufficient to reach every one in that vast assembly; of his language that it is neither high flown nor homely; of his style that it is at times familiar, at times declamatory, but always happy and often eloquent; of his doctrine that neither the Calvinist nor the Baptist appears in the forefront of the battle which is waged by Mr Spurgeon with relentless animosity and with Gospel weapons against irreligion, cant, hypocrisy, pride, and those secret, bosom sins which so easily beset a man in daily life; and to sum up all in a word, it is enough to say of the man himself that he impresses you with a perfect conviction of his sincerity. More than a hundred years after his death, Charles Spurgeon's legacy continues to effectively inspire the church around the world. For this reason, Delmarva Publications has chosen to republish the complete works of Charles Spurgeon. *Sermons Preached and Revised by the Rev. C.H. Spurgeon*, Charles Haddon Spurgeon, 1862.

Good People Anthony K. Tjan, 2017. Based on the viral Harvard Business Review article, bestselling author Anthony Tjan argues that leaders have a new imperative: you must have competent people on your team, but more importantly, they must also be of high character. As a leader, you need to help develop and mentor for character further. Until now, we have only had

ways of assessing competency in business but we must also have the tools to help us judge develop and lead good people Author of the bestselling *Hearts Smarts Guts and Luck* and venture capitalist Anthony Tjan offers insight into and a methodology for developing character first in yourself and in those around you Good people are your organization's most important competitive advantage We all know that finding good people is difficult as being good on paper doesn't always translate to being good in practice While competence is necessary Tjan argues that goodness is just as crucial as what's on a resume and that a fantastic resume can never compensate for mediocre character Yet most people who are in the business of finding and developing good people still focus on the what more than the who of the individuals surrounding them Tjan writes that character is a lifelong proactive commitment that like any skill can be exercised honed and developed Only when leaders learn to develop these qualities in themselves and others will great and lasting change take place throughout an organization Good People establishes a new understanding of goodness a word we use frequently in business without always understanding what we mean Tjan also profiles good people who are extraordinary leaders and motivators in their fields providing insights from Tony Hsieh of Zappos Beth Comstock of GE Dominic Barton of McKinsey author Deepak Chopra M D Dean Nitin Nohria of Harvard Business School Army General ret Stanley McChrystal jazz pianist Herbie Hancock and a range of everyday unsung heroes Packed with practical often surprising advice Good People shows that the most transformative changes in business and life come down to the people we choose and who choose us and the values of goodness we have in common
