INSTANT NEW YORK TIMES BESTSELLER I'm a big admirer of the fire in Shannon Watts. Now she shares with all of us how we too can ignite our power and change the world. Maria Shriver This book is a gift for any woman whose life has come to feel like a checklist of tedious responsibilities rather than a bright flaming torch of divine power. Shannon Watts uses her experience, wisdom and fierce intuition to model a new way of living for women, one that is rich with meaning, deep with empathy and yes, full of transformative fire. Elizabeth Gilbert bestselling author of Eat Pray Love and Big Magic Creative Living Beyond Fear From the founder of Moms Demand Action, a guide to harnessing your potential, living without fear and coming alive at any age. Too many of us are living on autopilot. We believe we're too old, too busy or too inexperienced to go after what we really want. Shannon Watts has a message for you. Think again. If you are ready to stand tall in your greatness, Fired Up invites you to shatter your self-imposed limitations and unleash your potential so you can finally start living the life you deserve. Since starting Moms Demand Action, the nation's largest grassroots organization against gun violence, Watts has helped thousands of women step off the sidelines and into their power. What most women don't realize is that inside all of us is a spark waiting to be ignited. Your spark is the catalyst for your life's meaning and joy. When nurtured, it has the potential to transform not only your life but the world. Whether you want to stand up for yourself at work, launch the business you always dreamed of or leave a toxic relationship and reclaim your confidence, Fired Up shows you how to identify light and feed the fire inside you. As Watts says, That's not an indulgence; it's a requirement for living the most authentic life possible without regrets. Germans in the Civil War Walter D. Kamphoefner, Wolfgang Helbich, 2009-09-15 German Americans were one of the largest immigrant groups in the Civil War era and they comprised nearly 10 percent of all Union troops. Yet little

attention has been paid to their daily lives both on the battlefield and on the home front during the war This collection of letters written by German immigrants to friends and family back home provides a new angle to our understanding of the Civil War experience and challenges some long held assumptions about the immigrant experience at this time Originally published in Germany in 2002 this collection contains more than three hundred letters written by seventy eight German immigrants men and women soldiers and civilians from the North and South Their missives tell of battles and boredom privation and profiteering motives for enlistment and desertion and for avoiding involvement altogether Although written by people with a variety of backgrounds these letters describe the conflict from a distinctly German standpoint the editors argue casting doubt on the claim that the Civil War was the great melting pot that eradicated ethnic antagonisms *Memoirs of the Rev.
