## **Exploring the Rhetoric of International Professional**

**Communication** Carl Lovitt, Dixie Goswami, 2020-11-25 Presents a collection of fourteen essays that responds to the need for a more rhetorical conception of professional communication as an international discipline This book challenges the adequacy of relying on preconceived notions about the factors that determine discourse in international professional settings From Fidelity to History Anne-Marie Scholz, 2013-04-01 Scholarly approaches to the relationship between literature and film ranging from the traditional focus upon fidelity to more recent issues of intertextuality all contain a significant blind spot a lack of theoretical and methodological attention to adaptation as an historical and transnational phenomenon This book argues for a historically informed approach to American popular culture that reconfigures the classically defined adaptation phenomenon as a form of transnational reception Focusing on several case studies including the films *Sense and Sensibility* 1995 and *The Portrait of a Lady* 1997 and the classics *The Third Man* 1949 and *The Bridge on the River Kwai* 1957 the author demonstrates the ways adapted literary works function as social and cultural events in history and how these become important sites of cultural negotiation and struggle
