Heathen Slaves And Christian Rulers:

Heathen Slaves and Christian Rulers Elizabeth Wheeler Andrew, Katharine C. Bushnell, 2019-12-04 *Heathen Slaves and Christian Rulers* explores the dichotomy of cultural and moral perspectives through a myriad of essays and narratives. This anthology delves into the complexities of power, faith, and human rights, drawing a poignant contrast between so-called heathen societies and their Christian colonizers. Across this collection, the themes of subjugation and liberation are intricately woven through a range of literary styles, from incisive analyses to evocative storytelling. The distinct voices contained within generate a multifaceted dialogue, revealing the undercurrents of global socio-religious dynamics at the turn of the century. The anthology stands out with its provocative questionings and insights, engaging readers in a rich critical exploration of historical contexts. Contributing editors Elizabeth Wheeler Andrew and Katharine C. Bushnell are at the forefront of this revealing work, having dedicated their careers to understanding and challenging the often-oppressive intersections of culture and religion. Their collective expertise highlights the persistent conflicts and collaboration between Eastern traditions and Western imperialism, adding a critical sociopolitical dimension. As pioneers in gender and human rights discourse, these editors provide a platform for marginalized voices, enriching the anthology with a wealth of cultural and historical narratives that echo beyond the pages. *Heathen Slaves and Christian Rulers* is an essential read for those seeking to unravel the complex tapestry of human history and cultural exchange. This anthology offers readers an unparalleled opportunity to engage with an array of perspectives, ensuring a deeper appreciation of global historical narratives. The collection stands not only as an educational tool but also as a starting point for reflective discourse, inviting readers to grapple with the enduring impacts of cultural misconceptions and power dynamics. As a reservoir of insights, it beckons scholars and casual readers alike to uncover the layered stories entwined within its pages.

Assisted by a diverse mass media industry, American evangelicalism has been long plagued by consumerism, entrepreneurism and social engineering. Churches and movements that carry the name of Christ have become projects of ambition and scandals in the public eye. Without fixing its dysfunctions, these ministry models have expanded to other parts of the world, reaping similar fruits of corruption, prejudice and abuses. The alarm call of MeToo and ChurchToo movements since 2017 made it more urgent for the global body of Christ to inspect its pathological patterns. What kind of response does the MeToo movement require of our public theology and leadership ethics? Sociologist Li Ma invites us to re-engage with biblical exegesis while being attentive to new mandates of God revealed from MeToo. A creative Ellulian integration of sociological analysis and theology, *Babel Church* incisively reveals why American evangelicalism and its global projects have succumbed to the temptations of worldly power at the expense of vulnerable members in the body of Christ. *Nineteenth-Century Women's Movements and the Bible* Angela Berlis, Christiana de Groot, 2024-03-22. *Nineteenth-Century Women's Movements and the Bible* examines politically motivated women's movements in the nineteenth century, including the legal, cultural and ecclesiastical contexts of women. Focusing on the period beginning with the French Revolution in 1789 through the end of World War I in 1918, contributors explore the many ways that women's lives were limited in both the public and domestic spheres. Essays consider the social, political, biblical and theological factors that resulted in a multinational raising of awareness and emancipation for women in the nineteenth century and the strengthening of their international networks. The contributors include Angela Berlis, Kristin Kobes Du Mez, Ute Gerhard, Christiana de Groot, Arnfried Gierke, Izaak J. de Hulster, Elisabeth Joris, Christine Lienemann-Perrin, Amanda Russell Jones, Claudia Setzer, Aud V. T. Nessen, Adriana Valerio and Royce M. Victor. **The Civil War and Slavery Reconsidered** Laura R. Sandy, Marie S. Molloy, 2019-02-05. Following the suggestion of the historian Peter Parish, these essays probe the edges of slavery and the sectional conflict. The authors seek to recover forgotten stories, exceptional cases and contested identities to reveal the forces that shaped America in the era of the Long Civil War, c. 1830-1877. Offering an unparalleled scope from the internal politics of southern households to trans-Atlantic propaganda battles, these essays address the fluidity and negotiability of racial and gendered identities of criminal and transgressive behaviors of contingent shifting loyalties and of the hopes of freedom that found expression in refugee camps, courtrooms and literary works. Disease and Crime Robert Peckham, 2013-12-04. Disease and crime are

increasingly conflated in the contemporary world News reports proclaim epidemics of crime while politicians denounce terrorism as a lethal pathological threat Recent years have even witnessed the development of a new subfield epidemiological criminology which merges public health with criminal justice to provide analytical tools for criminal justice practitioners and health care professionals Little attention however has been paid to the historical contexts of these disease and crime equations or to the historical continuities and discontinuities between contemporary invocations of crime as disease and the emergence of criminology epidemiology and public health in the second half of the nineteenth century When how and why did this pathologization of crime and criminalization of disease come about This volume addresses these critical questions exploring the discursive construction of crime and disease across a range of geographical and historical settings
