

George And The Angels

George Bull

George And The Angels:

George and the Angels Glenn Eric Meganck, 2011-06-01 Businessman George Richards lives in a gray world The walls he hides behind in his office are gray The carpeting is gray His life is gray But George hears angels angels who call to him sing to him Angels who beg him to come to them to help them George s wife Elaine believes that George is suffering a nervous breakdown and he is committed to a mental institution When he is allowed to return home George falls back into his old life his old habits And the voices return too This time George is unable to resist their call On this irresistible night the voices call George to the sea He follows and climbs aboard a small boat which he rows out to the middle of the ocean The angels tell George to jump And he does George and the Angels is the story of a solitary man caught in an existence without apparent meaning who is suddenly thrust into a world of inexplicable events and inescapable dangers It is the story of a man coming to grips with his own identity and place in this universe George and the Angels challenges our concepts of what is real and what is not and what one man can do to shape his destiny

A New Translation of Some Part of Swedenborg's Theological Works. [By George Harrison.] Emanuel Swedenborg, 1858

War and Death in the Music of George Crumb Abigail Shupe, 2022-09-02 This book studies George Crumb s *The Winds of Destiny* 2004 and *Black Angels* 1970 as artifacts of collective memory and cultural trauma It situates these two pieces in Crumb s output and unpacks the complex methodologies needed to understand these pieces as contributions and challenges to traditional narratives of the Civil War and the Vietnam War *The Winds of Destiny* is shown to be a critical commentary on the legacy of American wars and militarism both concepts crucial to American identity *The Winds of Destiny* also acts as an ironic war memorial as a means of critiquing such concepts *Black Angels* has long been associated with the Vietnam War This book shows how this association began and how it endures through connections to iconic Vietnam War media including films and books Together these analyses show the legacy of trauma in American collective memory which is in a continuous crisis Crumb s musical critiques point to a need to resist conventional narratives and to begin to heal trauma on a collective level This book will be of interest to students of contemporary American music American studies and memory studies It benefits readers by newly situating Crumb s music within these three fields of study
