The Lives of Ingolf Dahl Anthony Linick, 2008-09-17 He was considered a musician s musician the most gifted artist in that exciting Southern California world dominated by the great emigr composers the film industry the brilliant soloists and the avant gardists who made Los Angeles a musical capital Ingolf Dahl 1912 1970 was an accomplished composer conductor pianist and a mentor to eminent contemporary figures like Michael Tilson Thomas yet he never achieved the celebrity which others felt he deserved He was not the man his public knew a happily married gentile of Swedish extraction His thirty year marriage to Etta one that seemed the epitome of mutual love and devotion was beset by insoluble

problems of identity for Dahl was a closeted homosexual He was also a German whose father was a Jew and his name was not even Ingolf Dahl His decision to disguise all of these truths even from members of his own family lead to fatal distortions in his creative being and public persona Although he numbered many famous figures among his friends from Gracie Fields to Igor Stravinsky and Benny Goodman Dahl always experienced life as an outsider When he died he left behind an extensive body of correspondence and 42 years worth of intimate daily journals Etta Dahl 1905 1970 left many written records as well These sources never made public before and the recollections of many survivors give us a portrait of an intriguingly complex character noble and self absorbed creative and crankish passionate and repressed The Lives of Ingolf Dahl has one other unique source the author himself Anthony Linick was the child of this famous marriage the son whose very existence contributed to the elaborate deformations of fact and persona that so disfigured Dahl's life With love and respect and the historian's devotion to the truth he can tell their whole story at last

**Notes on Gerald Durrell's My Family and Other Animals** M. Bayne,1960      **Ionian** Rod and Lucinda Heikell,2023-10-13 Now celebrating its eleventh edition Ionian has once again been thoroughly updated with new photos and plans Covering the coast and islands southwards from Corfu to Finakounda and eastwards to Mesolongion this much loved guide contains more detail of many of the smaller anchorages and harbours than are comprehensively covered in Rod Heikell's Greek Waters Pilot Like its companions West Aegean and East Aegean Ionian is ideal for charterers and flotilla sailors who are onboard for a relatively short time but also for longer term cruisers on their own yachts who are looking for additional pilotage and background information for this popular cruising ground As with all the Heikell guides Ionian not only gives all the essential information you need but also exudes the charm and flavour of this corner of the Mediterranean Heikell's style is easy to digest and gives pleasure in the details of the history geography and social circumstances of the places described as well as the essential sailing information The Little Ship This book as well as being a practical manual on Ionian cruising seems to have absorbed much of the author's personal feelings regarding the charm which draws him back to it and any reader who has had a whiff of the magic spell of the Greek islands will sense this and inevitably renew the resolve to return and experience it once again in greater measure Nautical Magazine Rod Heikell nowadays is to the Mediterranean as gin is to tonic It is difficult to imagine sailing there without one of his guides Clear pilot notes chartlets and plentiful illustrations with entertaining commentaries on each place Up to date observations on local and national regulations The new edition does not disappoint If one must choose I would have no hesitation in recommending Heikell Cruising Association Rod has a knack for dropping in snippets of interest and colour to give the reader a feel for the atmosphere of each port or bay Yachting Monthly Like all Rod Heikell's pilots it is also a travel guide in its own right Ionian Magazine The sailing directions are particularly useful when entering the smaller anchorages and harbours for which little information is to be found on charts and include excellent harbour plans and top quality aerial photographs Flying Fish Magazine Ocean Cruising Club
