Hopkins's "Terrible" Sonnets: a Commentary Luisa Camaiera, 2014-05-07 *The Poem as Sacrament* Philip A. Ballinger, 2000 Through a study of the writings and intellectual development of Gerard Manley Hopkins Dr Philip Ballinger demonstrates why poetry is as Hans Urs von Balthasar stated the absolutely appropriate theological language While circling Hopkins's visions of the nature of sensual experience intuitive cognition and the function of language Ballinger focuses upon the sacramental intention of the Victorian Jesuit's poetry Underlying Hopkins's poetry is a vision of reality as divinely revelatory or self expressive For Hopkins this revelatory character of creation is determined by the incarnation and beauty in fact is a word for Christic self expressiveness

Plotkin,1989 With authority and sensitivity Plotkin traces the close relationship between Hopkins s poetry and the theories of language suggested in his Journals and expounded by Victorian philologists such as Max M ller and George Marsh Plotkin seeks to determine what changed Hopkins s perception of language between the writing of such early poems as *The Habit of Perfection* and *Nondum* 1866 and his creation of *The Wreck of the Deutschland* 1875 76 Did the language of the ode and of Hopkins s mature poetry generally arise as spontaneously as it appears to have done or does it have a traceable genesis in the ways in which language as a whole was conceived and studied in mid century England In answer Plotkin fixes the development of Hopkins s singular poetic language in the philological context of his time If one is to understand Hopkins s writings and poetic language in the context in which they developed rather than in the terms of a present day theory of history or textuality then that movement in all of its complexity must be considered Hopkins translates into the language of poetry patterns and categories common to Victorian language study **Collected Books** ALLEN OSB;AHEARN AHEARN (PATRICIA.),Patricia Ahearn,2013-02 An introduction to and advice on book collecting with a glossary of terms and tips on how to identify first editions and estimated values for over 20 000 collectible books published in English including translations over the last three centuries about half are literary titles in the broadest sense novels poetry plays mysteries science fiction and children s books and the other half are non fiction Americana travel and exploration finance cookbooks color plate medicine science photography Mormonism sports et al *Lovescape Crucified* Soumyajit Samanta,2005 **Critical Guide to Catholic Reference Books** James Patrick McCabe,1980 New edition of a 1980 reference cited in Sheehy The 1500 annotated entries are grouped into five chapters general reference works theology humanities social sciences and history The books listed include those dealing with topics peculiar to the church such as liturgy and theological disciplines and those dealing with the social sciences literature the arts and similar subjects to which Catholics have traditionally contributed a unique perspective Catholic authorship alone is not enough to justify the inclusion of a reference work the contents or point of view must relate in some way to Catholicism Periodicals are only included if they are of a bibliographic nature or if they publish annual bibliographies Annotation copyrighted by Book News Inc Portland OR **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library.
