General Staff**

German 88 Gun In Combat The Scourge Of Allied Armor:

German 88mm Gun vs Allied Armour David Campbell, David Greentree, 2021-02-18 Few weapons developed a more deadly reputation than the German 88 in the role of anti tank gun its long reach and lethal hitting power making it a significant problem for every type of British and later American armour Despite its individual potency it was almost always utilized as part of a comprehensive system of defences that relied on a mix of weapons carefully deployed in anticipation of the enemy s likely avenue and method of attack Used in this way the 88 became a particularly deadly part of the Afrika Korps attempts to shatter British armoured power in the Western Desert Initially extremely successful over the course of 1941 and 1942 in Operations Battleaxe and Crusader the Allies tactics and vehicles such as the American made M3 and the Crusader III eventually evolved to deal with the 88 s awesome power This detailed new book tells the story of that evolution and provides an in depth treatment of this key weapon of World War II Case White William Russ, 2018-01-15 In September 1939 Nazi Germany initiated the second world war by invading Poland William Russ has compiled a highly detailed study of the German invasion of Poland in September 1939 examining the actions of every group on a daily basis This book explores the campaign down to the regimental level from the German perspective listing every action as appropriate The appendices provide a complete order of battle for the Germans and the Polish forces as well as their positions There are sixty nine maps of the campaign as well as information on armament and equipment Patton's Third Army in World War II Michael Green, James D. Brown, 2023-08-31 Patton was champing at the bit to lead the D Day invasion but Eisenhower placed him in command of a decoy unit the First U S Army Group Nearly seven weeks after D Day Patton finally got his chance to take Third Army into battle He began a ten month rampage across France driving through Germany and into Nazi occupied Czechoslovakia and Austria Along the way Third Army forces entered the Battle of the Bulge breaking the siege of Bastogne It was a turning point in the war and afterward the Third Army pushed eastward again Patton s Third Army in World War II covers Patton s command of Third Army with a focus on the armor It was a new style of fighting avoiding entrenched infantry warfare by continuously pushing forward and it appealed to Patton s hard charging personality Archival photos along with frequent quotes complete the portrait of Patton as well as his men as they fight their way across the Third Reich **The Encyclopedia of Weapons of World War II** Chris Bishop, 2002 The encyclopedia of weapons of world war II is the most detailed and authoritative compendium of the weapons of mankind s greatest conflict ever published It is a must for the military enthusiast and all those interested in World War II *Subject Guide to Books in Print* , 1975 **Forthcoming Books** Rose Army, 1992 *Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004 **Tank Warfare** Christer Jorgensen, Chris Mann, 2001 This military history provides the reader with a guide to tank warfare including the development of tank tactics and strategy Also included are details of great tank battles such as Cambrai Kursk Chinese Farm and the Gulf War The German 88 Gun in Combat Janusz Piekalkiewicz, 1992 This book by renowned World War II historian Janusz

Piekalkiewicz presents the history of the famous German 88 in its ground combat role a role it mastered First used by the Legion Condor in Spain the 88 was soon recongnized as a superb anti aircraft weapon When Rommel turned the 88 s on British tanks in North Africa its anti tank capabilities became legendary Over 200 action and close up photographs show the 88 gun throughout its us in the Second World War on all fronts Janusz Piekalkiewicz 1925 1988 was a world renowned author on many aspects of World War II history Over 30 of his books are in print including BMW Motorcycles in World WarII from Schiffer Military History *The Illustrated London News* ,1944 **Aircraft of the Luftwaffe, 1935-1945** Jean-Denis G.G. Lepage,2009-03-23 One of the most significant innovations in modern warfare has been the appearance and development of air power a technology which demanded technical and financial investment on a whole new scale and which ultimately changed the fundamental nature of war itself This book covers the history and development of the German air force from 1935 to 1945 with descriptions and illustrations of almost all of the Luftwaffe s airplanes including fighters jet fighters dive bombers ground attackers medium and heavy bombers jet bombers seaplanes flying boats and carrier planes transport and gliders reconnaissance and training aircrafts helicopters and many futuristic projects and other rarities *German 88mm Anti Aircraft Gun* War Dept Washington 29 June 1943,2003-08 The eighty eight was probably the best known artillery piece in the Second World War and it must never be forgotten that it started life as an anti aircraft weapon It was so successful that every German division in 1939 was established with a number of these guns for defence against Allied aircraft Then during the battle of Arras in 1940 General Rommel used his anti aircraft guns on tanks and the rest is history This official evaluation of the gun is complete in all the detail one could wish for The illustrations back up the descriptions of the components of the Flak gun so that a picture of the weapon emerges which is not to be seen in any other publication of the period The gun and its carriage are described and the photographs are simply superb There follows an operator s manual of how to set up use clean and service the weapon Ammunition is also described and readers may like to know that the 88mm ammunition is also described in full colour in the companion volume German Ammunition in the Handbooks of enemy ammunition series Numbers 6 and 15 There are range tables included as well as detailed sections on fire control and sighting equipment There is no better book on the 88mm antiaircraft gun available **German 88-Mm Anti-Aircraft Gun** **Material** United States War Department,2013-10 This is a new release of the original 1943 edition TM E9-369A United States. War Department,1943 The 88 mm gun was a German anti aircraft gun and anti tank artillery gun from World War II It was used substantially by Germany throughout the war and was one of the most recognized German weapons of the war Created in 1943 this technical manual reveals a great deal about the 88 mm s design and capabilities Intended as a manual for those responsible for operation and maintenance it details many aspects of the 88 mm s assembly recoil and accessories Originally labeled restricted this manual was declassified long ago and is here reprinted in book form Back cover German 88-Mm Antiaircraft Gun Materiel Ray Merriam,2012-08-15 Merriam Press Military Reprint 12 First Edition August 2012 This

is the War Department manual for the German 88mm Anti aircraft Anti tank gun that was famed and feared throughout the war Extensive coverage in text and photos and illustrations of the weapon and its equipment based on captured examples as well as documents and printed materials Contents Introduction Gun and Mount Ammunition Sighting and Fire Control Equipment Firing Tables References Index 122 photos and illustrations [German 88-mm Antiaircraft Gun Materiel](#) United States. War Department,1943 *German 88-mm Anti-aircraft Gun Material* United States. War Department. Chief of Ordnance,1943 **German 88-MM Antiaircraft Gun Material** United States. War Department. General Staff,1943

Flak 88 Owners' Workshop Manual Chris McNab,2018-03-27 The 8 8cm Flugzeugabwehrkanone 18 36 37 41 more popularly known as the Flak 88 was one of the most successful and influential artillery gun types in the German arsenal in the Second World War Developed during the 1920s and 1930s the gun combined accuracy a high muzzle velocity and a rapid rate of fire 15 20rpm Although at first developed as an anti aircraft gun it went on to achieve equal repute as an anti tank weapon imposing horrific casualties on Allied armor across all major European and North African theaters of war In one clash in Normandy in June 1944 for example a single Luftwaffe 8 8cm battery destroyed some 40 Allied tanks [German 88-mm Antiaircraft Gun Material](#) ,1973
