German Army Handbook:

Handbook on German Military Forces ,1941 *German Army Handbook, 1939-1945* W. J. K. Davies,1973 The German Army Handbook James Lucas,1998 From the opening shots of World War II in Poland in September 1939 through the blitzkrieg to the fall of France and the Low Countries the German Army was at the forefront of battle It remained in the thick of the action right up until the last desperate shots were fired over the ruins of a crumbling Third Reich in May 1945 The German Army was at the cutting edge of 20th century military technology Before the emergence of the US Army as a force to be reckoned with later in World War II the German Army was the most powerful efficient and well equipped fighting force in the world This text takes a look at the German Army as it origins in the post Versailles Treaty era and its resurgence under the Nazi regime training and organization during the war years equipment vehicles and weapons uniforms rank and insignia

The German Army Handbook of 1918 David Nash,2008-07-15 An exact reproduction of the landmark British assessment of German military capability in the final months of World War I Compiled by British Intelligence for restricted official issue by the General Staff The German Army Handbook of April 1918 is a comprehensive assessment of the German Army during the latter stages of the First World War Illustrated throughout with plates diagrams charts tables and maps it provides a detailed breakdown of the army covering all aspects from recruiting and training mobilization command and organization weapons and signals to transportation medical and veterinary services and uniform There are also two maps showing Army Corps Districts and Zones of Administration and Lines of Command in June 1917 The German Army Handbook of 1918 was a remarkable achievement It provides solutions to many questions that histories of the First World War and accounts of its battles are unable to answer It shows how the static conventions of trench warfare usurped the traditional role of cavalry and how the German Army was able to take advantage of the dominance of the machine gun on the Western Front in 1915
