German Opposition To Hitler The Resistance The Underground And Assassination Plots 1938 1945:

The German Opposition to Hitler Michael Thomsett, Between 1933 and 1945 more than 500 000 German citizens resisted the Nazi government Many were imprisoned for political crimes which included both active attempts to remove Hitler from office and passive attempts to oppose the Nazi regime Resistance was found among university students churches and even in the German military This fascinating and compelling history of the German resistance covers groups and methods from underground newspapers such as Rote Kapella and Internal Front to conspiracy movements within the army that culminated with Operation Valkyrie a coup d tat and assassination attempt which went terribly wrong [Hidden Armies of the Second World War](#) Patrick G. Zander,2017-10-03 Even though much of Europe eventually succumbed to the Nazis during World War II many Europeans defiantly resisted occupation in every way possible This captivating book provides a survey of these resistance movements during the period of Axis occupation and recounts the ways in which unarmed citizens undermined Nazi efforts at domination A thorough description of the Axis conquest of Europe the formation of the Special Operations Executive in Britain and the Office of Strategic Services in the United States provides a backdrop for this turbulent time in history Chapters cover the resistance organizations their leaders and other key individuals behind their operations The book details the movement s furtive tactics that included spreading information providing the Allies with key intelligence conducting industrial sabotage destroying bridges and factories and fighting behind the lines Case studies of resistance operations in France Norway Holland Denmark Poland Czechoslovakia the Soviet Union the Balkans Greece Italy and within Nazi Germany itself show the scope and breadth of the resistance movement throughout the world *The Other Half of Life* Kim Ablon Whitney,2010-05-11 A heartbreaking novel based on the true story of a World War II voyage In May of 1939 the SS St Francis sets sail from Germany carrying German Jews and other refugees away from Hitler s regime The passengers believe they are bound for freedom in Cuba and eventually the United States but not all of them are celebrating Fifteen year old Thomas is anxious about his parents and didn t want to leave Germany his father a Jew has been imprisoned and his mother a Christian is left behind alone Fourteen yearold Priska has her family with her and she s determined to enjoy the voyage looking forward to their new lives Based on the true story of the MS St Louis this historical young adult novel imagines two travelers and the lives they may have lived until events and immigration laws conspired to change their fates Kim Ablon Whitney did meticulous research on the voyage of the St Louis to craft her compelling and moving story about this little known event in history [The Hitler Assassination Attempts](#) John Grehan,2022-04-21 Throughout his political life Adolf Hitler was the subject of numerous assassination plots some of which were attempted all of which failed While a few of these have become well known particularly the bomb explosions at the Bräuerkeller in Munich in 1939 and the Stauffenberg Valkyrie attempt carried out at the Wolfsschanze on 20 July 1944 many others have received far less attention until now In this book John Grehan has examined the known planned or proposed assassination attempts on Hitler from Chicago to

London and from Sweden to the Ukraine some of which have not previously been presented to the general public by historians All manner of methods were proposed by those willing to bring Hitler s life to a premature and sticky end and Hitler was well aware of the danger which lurked potentially around every corner of every road railway track every building and even every individual As a result an immense multi layered security apparatus surrounded the F hrer day and night Despite this and knowing the risks they faced many people sought to kill the German leader and some very nearly did Yet Hitler survived often by just a minute or a millimetre to die ultimately of his own hand These plots and conspiracies are detailed in this book along with a unique collection of photographs of many of the proposed or actual assassination locations All will be revealed in this fascinating compilation of the obscure the fanciful and the carefully considered attempts to assassinate Hitler *Gale Researcher Guide for: Resistance in Germany and Europe* Craig Sorvillo,2018-09-28 Gale Researcher Guide for Resistance in Germany and Europe is selected from Gale s academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research *Bagration 1944* Prit Buttar,2025-03-13 A fascinating history of the great summer offensive launched by the Red Army in 1944 which turned the tide of the war Throughout the war on the Eastern Front there were two consistent trends The Red Army battled to learn how to fight and win while involved in a struggle for its very survival But by 1944 it had a leadership that was able to wield it with lethal effect and with far more effective equipment than before By contrast the Wehrmacht had commenced a slow process of decline after the invasion of the Soviet Union Hitler became increasingly unwilling to delegate decision making to commanders in the field which had been crucial to earlier success The long years of fighting had also taken a heavy toll Thousands of irreplaceable junior officers and NCOs were dead wounded or prisoners Renowned Eastern Front expert Prit Buttar expertly brings these contrasting fortunes to life trends which culminated in the huge battles of Bagration As this masterful study conclusively shows in 1944 the Red Army finally put together a campaign that utterly destroyed the German Army Group Centre The Wehrmacht suffered the loss of over 300 000 men killed wounded or taken prisoner and the Red Army rolled forward across Belarus to the outskirts of Warsaw The end of the war was still many months away and the Germans managed to reconstruct their line on the Eastern Front but final victory for the Soviet Union was now only a matter of time as a direct consequence of Bagration *Nazis in the New World* Aaron Gillette,2025-05-27 In *Nazis in the New World* Aaron Gillette presents vivid narratives and personal accounts to reveal the unknown history of Nazi German exchange students sent to America in the 1930s Gillette argues that Nazism was an abject failure in the United States that antisemitism was on the decline that German espionage in America was a disaster for the Reich and that FDR and J Edgar Hoover brilliantly manipulated Nazi blunders to propel America into the war against Hitler and empower the FBI Meanwhile numerous German exchange students in the United States were transformed from Nazis into fiercely patriotic Americans **The Bismarck Myth** Robert

Gerwarth,2005-07-14 Few statesmen in history have inspired the imagination of generations of Germans more than the founder of the Kaiserreich Otto von Bismarck The archetype of charismatic leadership the Iron Chancellor maintained his pre eminent position in the pantheon of Germany s political iconography for much of the twentieth century Based on a large selection of primary sources this book provides an insightful analysis of the Bismarck myth s profound impact on Germany s political culture In particular it investigates the ways in which that myth was used to undermine parliamentary democracy in Germany after the Great War paving the way for its replacement by authoritarian rule under an allegedly Bismarckian charismatic leader Adolf Hitler As one of the most powerful weapons of nationalist agitation against the Weimar Republic the Bismarck myth was never contested The nationalists ideologically charged interpretation of Bismarck as the father of the German nation state and model for future political decision making clashed with rivalling and thoroughly critical democratic and communist perceptions of the Iron Chancellor The quarrel over Bismarck s legacy demonstrates how the clash of ideologies particularly between 1918 and 1933 resulted in a highly political fight for the correct and universal interpretation of the German past Essential reading for anyone interested in modern German history this book sheds new light on the Weimar Republic s struggle for survival and the reasons for its failure **Witness to History** Victoria Schofield,2012-01-01

Historian Sir John Wheeler Bennett 1902 1975 was one of the twentieth century s most extraordinary political observers Through an ability to make important connections he became an authority on Germany in the interwar years and was acquainted with all the German hierarchy including Hitler and Hindenburg He was one of the last people to interview Trotsky writing an important analysis of the Brest Litovsk Treaty between Germany and the Soviet Union in 1917 As King George VI s official biographer he met and interviewed the major leaders of the postwar period including Churchill Coolidge Truman and members of the British Royal Family A teacher at the universities of New York Virginia and Arizona he also briefly supervised young Jack Kennedy s master s thesis at Harvard This first biography of Wheeler Bennett will fascinate anyone interested in the great political figures of world history during the twentieth century **Fascism through History** Patrick G.

Zander,2020-10-19 While fascism perhaps reached its peak in the regimes of Hitler and Mussolini it continues to permeate governments today This reference work explores the history of fascism and how it has shaped daily life up to the present day Perhaps the most notable example of Fascism was Hitler s Nazi Germany Fascists aimed to control the media and other social institutions and Fascist views and agendas informed a wide range of daily life and popular culture But while Fascism flourished around the world in the decades before and after World War II it continues to shape politics and government today This reference explores the history of Fascism around the world and across time with special attention to how Fascism has been more than a political philosophy but has instead played a significant role in the lives of everyday people Volume one begins with a introduction that surveys the history of Fascism around the world and follows with a timeline citing key events related to Fascism Roughly 180 alphabetically arranged reference entries follow These entries discuss such topics as

conditions for working people conditions for women Fascist institutions that regulated daily life attitudes toward race physical culture the arts and more Primary source documents give readers first hand accounts of Fascist thought and practice A selected bibliography directs users to additional resources

A Brief History of The Third Reich Martyn Whittock, 2011-06-23 The abuse of power genocide the destruction of total war unimaginable cruelty and the suffering of millions were all central features of Hitler's Nazi regime Yet the Nazis were also highly successful in manipulating images and information they mobilized and engaged vast numbers of people caught the imagination of the young and appeared remarkably modern to many contemporary observers Was the Third Reich a throwback to a mythical past or a brutally modern and technologically advanced state Was Hitler a strong dictator who achieved his clear goals or was his chaotic style of government symptomatic of a weak dictator unable to control the complex and contradictory forces that he had unleashed Was the Third Reich ruled by terror or largely supported by a compliant German population Was the genocide against the Jews a peculiarly German phenomenon or a uniquely German expression of a terrible wider trend Whittock explores these and other key questions interrogating the views of different historians and drawing on a wealth of primary sources from state sponsored art to diaries letters and memoirs of both perpetrators and victims to provide an overview of the complex evidence History should aim to put us firmly in touch with the lives of people living in the past and the issues they faced Whittock never loses sight of the individuals whose lives were caught up in these extraordinary events while also giving a lucid overview of the bigger picture

Politics in Germany M. Donald Hancock, Henry Krisch, 2008-07-10 Germans born in the second decade of the last century will have been a subject of no less than six political regimes seven if they lived in the former German Democratic Republic Today Germany's democratic polity pluralistic society institutional structures and market economy are growing increasingly strong In clear and compelling prose Hancock and Krisch argue that German politics today is the politics of a normal European democracy moving toward the EU The authors discuss Germany's course of modernization which involves rapid industrialization and social development following the nation's first unification in 1871 and its subsequent torturous course of political change embracing Imperial authoritarianism the democratic experiment of the Weimar Republic Nazi totalitarianism and postwar variants of communism and Western style democracy Chapters detail the country's political history as well as its culture new constitutional debates parties and economic policy and culminate in a look at Germany in global context

Traitors or Patriots? Louis R. Eltscher, 2020-03-07 This is a classic morality tale a story of the eternal struggle between good and evil It speaks of those who resisted that evil and of those who succumbed to it Little is known about those whose courage and conviction drove them to risk and lose everything to bring the Third Reich to an end The story of Georg Elser and his attempt to assassinate Adolf Hitler encapsulates the wider story of the anti-Nazi German resistance almost perfectly All the moral and ethical issues and the practical problems that the resisters faced are found in his story In sum it is a microcosm of the larger story Elser personified the entire resistance movement Presented within the

broader context of German history and contemporary world events this comprehensive study relies on extensive historiography by noted scholars to produce a well balanced timely narrative of the German resistance to one of history's most violent regimes

Traitors or Patriots tells a story of incredible courage and conviction that transcends time and place a story for our own time and for all time

Hitler's Wolfsschanze John Grehan, 2021-12-08 This detailed guide to Hitler's secret Prussian headquarters is fully illustrated with historic photos and rare color images of how it appears today Set deep in the Masurian woods of northern Poland formally East Prussia lies a vast complex of ruined bunkers known as the Wolfsschanze or Wolf's Lair This was Hitler's headquarters for the German attack on the Soviet Union in 1941 It is also where Colonel von Stauffenberg almost killed Hitler in the summer of 1944 Built in under total secrecy the Wolfsschanze was camouflaged with artificial grass and trees Drawing on a unique collection of color photographs Hitler's Wolfsschanze presents a detailed tour of the 2.5 square mile campus as it appears today with each building and its purpose identified Laced with personal accounts of the installation and Hitler's routines the Wolfsschanze is brought to life once more Yet the Wolfsschanze was not the only German military complex in this small part of the Eastern Front This comprehensive volume also shows and describes the German Army's headquarters at Mauerwald the Luftwaffe's headquarters near the current Russian border and those of the SS and the Reich Chancellery both situated near the Wolfsschanze

White Knights in the Black Orchestra Tom Dunkel, 2022-10-11 They were a small group of conspirators who risked their lives by plotting relentlessly to obstruct and destroy the Third Reich from within The Gestapo nicknamed this shadowy confederation of traitors the Black Orchestra This is their tension filled story As the Final Solution unfolds a loose network of German military officers diplomats politicians and civilians are doing everything in their power to undermine the Third Reich from the inside reporting troop movements to the Allies feeding disinformation to the Nazi high command plotting to assassinate Adolf Hitler and more The Gestapo nicknames this shadowy confederation of traitors the Black Orchestra Its players include Dietrich Bonhoeffer a dissident Lutheran pastor and his brother in law Hans von Dohnanyi a staff attorney at the Abwehr the German military intelligence service In this tension filled narrative Tom Dunkel traces the perilous movements of these white knights as they and their families face constant danger of being exposed and executed Some act out of moral outrage and patriotism Some want to atone for their own Nazi sins When their treasonous activities are finally discovered Hitler's SS and the Gestapo are hell bent on taking bloody revenge as the end of the war rapidly approaches and lives hang in the balance

White Knights in the Black Orchestra is a tautly written meticulously reported account of men and women heroically resisting Hitler's ruthless regime It packs the punch of the best espionage thrillers but the cat and mouse drama and plot twists are grounded firmly in fact This is a stirring story of people willing to risk all by doing the right thing in a country gone mad a story that may prompt readers to ask themselves What would I have done

Lawrence,2019-06-01 The Battle of Kursk was one of the defining moments of World War II In July 1943 German forces under Erich von Manstein one of Germany s best generals launched a massive attack in an offensive code named Citadel A week later the Soviets counterattacked sparking a huge clash of tanks at Prokhorovka the largest armor battle in history pitting more than 600 Soviet tanks against some 300 German panzers Though the Germans gained a tactical victory destroying huge numbers of Soviet tanks they failed to achieve their objectives and in the end the battle marked a turning point on the Eastern Front The Red Army gained the strategic initiative and would not lose it **Dietrich Bonhoeffer** Elizabeth Raum,2003-09-03 Nazi Germany produced an unusual group of Christian martyrs among them the nun philosopher Edith Stein the mystical philosopher Simone Weil and the peasant conscientious objector Hans J Sgerstatter but perhaps none so complex as the Lutheran theologian Dietrich Bonhoeffer Born into a large upper middle class professional family that was not particularly devout or observant his father was one of the leading psychiatrists in Germany Dietrich early in life decided he wanted to be a Christian theologian Yet his family background and connections insured that he wouldn t be one in the narrow mold of so many of his colleagues Opportunities for travel to Spain North Africa Mexico Cuba America twice and England often gave him a broad horizon of possibilities The greatest thing about America for him was his experiences in Harlem and his friendships with African Americans His great regret was that he missed an opportunity to travel to India to meet Gandhi He was one of the few German churchmen who spoke forthrightly against the persecution of

Jews as Jews and not merely of Christians of Jewish descent How much of this was due to his beloved 90 year old grandmother Sophie who defied the Nazi ban on shopping in Jewish stores I buy the things I need where I like His family connections drew him into a dangerous double game His employment as a member of the Counterintelligence Office of the High Command of the Armed Forces enabled him to continue work as a pastor and seminary director It allowed him to travel abroad where he worked for a negotiated peace And it eventually drew him into the plot to kill Hitler an ethical stand which many German Christians of his generation couldn't understand or forgive He was executed on 9 April 1945 three weeks before Hitler committed suicide He was thirty nine years old The life of Dietrich Bonhoeffer has been told at great length and in magnificent detail by his younger colleague Eberhard Bethge It's a biography that will never be surpassed but which only the most devoted will have the perseverance to read Elizabeth Raum has retold the story concisely and readably for a whole new generation of readers

Aces at Kursk Christopher A Lawrence, 2024-07-25 The Battle of Kursk in July 1943 is known for being the largest tank battle in history A Russian victory it marked the decisive end of the German offensive capability on the Eastern Front and set the scene for the Soviet successes that followed While many have focused on the tank engagements especially the Battle of Prokhorovka there was an intense air battle going on overhead that was bigger than the Battle of Britain As part of the German offensive the Luftwaffe's VIII Air Corps deployed around 1 100 aircraft in the south alone while the opposing Soviet Second and Seventeenth air armies initially deployed over 1 600 aircraft There was a similar effort surrounding the German attack in the north The battle in the south began with a Soviet air strike on German airfields and a fight for control of the air that continued throughout the day across the front On the first day of the battle 5 July 1943 the Germans flew at least 2 387 sorties in the south while the two Soviet air armies flew 1 688 sorties That first day of battle resulted in 19 to 27 German planes and 189 Soviet aircraft shot down This was an aerial engagement like no other ever seen before Involved on the German side were the 52nd and 3rd Fighter Wings The 52nd Fighter Wing was the most accomplished fighter wing in history and many of its top aces were involved in the combats over the Kursk battlefield These included Walter Krupinski 197 claimed kills in the war G nther Rall the third highest scoring ace in history 275 claimed kills and the highest scoring ace in history Erich Hartmann 352 claimed kills Opposing them were what were to become three of the top five Soviet aces Kirill Yevstigneyev 53 claimed kills Nikolai Gulayev 55 claimed kills and the top scoring Allied ace of the war Ivan Kozhedub 62 claimed kills This was indeed the battle of the aces But there was also the massive ground attack effort by both sides including the Junkers Ju 87 Stuka fitted with 37mm anti tank guns flown by the man who would become most decorated soldier of the Third Reich Hans Ulrich Rudel The aerial battle involved hundreds of Soviet Sturmoviks or IL 2s Stalin's armored ground attack plane The battle featured the famous attack by Luftwaffe Hs 129s and Fw 190s on Soviet armor on 8 July 1943 *Aces at Kursk* is not just a war story but a revealing investigation that analyses the entire air battle that turned the tide of the war on the Eastern Front
