Hitler's War Against the Partisans During the Kursk Offensive Antonio J Muñoz, 2025-11-25 By the summer of 1943 the Soviet partisan forces had grown from small disorganized groups into a formidable fighting force Hitler still holding some advantages hoped to crush a Red Army salient near Kursk and shorten the front lines with a localized offensive However the Soviets anticipated the attack and built extensive defense lines to thwart it employing large numbers of partisans to disrupt German preparations The critical period of 1943 saw intense fighting behind German lines particularly during the Battle for the Rails in July and August Stalin's partisans worked relentlessly to block the flow of German supplies and troops forcing the Germans to contend with a growing insurgency Dr Antonio J Muñoz's book examines these guerrilla operations using German maps to detail partisan movements and the German response which included increasing anti partisan operations The year 1943 marked a turning point in the war on the Eastern Front While Stalingrad in 1942 revealed Germany's inability to win in Russia the failed Battle of Kursk in 1943 demonstrated the inevitable loss of the war The partisan efforts were so successful that by August 1943 only 80% of the trains carrying supplies reached Army Group Centre's front lines

the XII Army Corps was awarded the Knight's Cross for his part in the attack on the Brest Litvosk Fortress in June 1941. Considered a staunch supporter of Hitler, he was appointed to the Court of Honor which investigated those members of the Wehrmacht who had participated in the 20 July 1944 Valkyrie plot to kill the Führer. Hermann Heinrich Behrend was just a Major when he was awarded the Knight's Cross on 15 July 1941. This was for his actions while commanding I Battalion of the 489th Infantry Regiment in its successful breakthrough of the enemy's heavily defended lines southeast and east of Tauragga in Lithuania on 22 June 1941. Behrend continued to display great courage and resourcefulness which saw him rise to the rank of Generalmajor and the later awards of both the Knight's Cross with Oakleaves and the Knight's Cross with Oakleaves and Swords. With each of these 178 entries, there is a detailed description of how and where the Knight's Cross was won and, in the case of the higher awards such as the Oakleaves, Swords, and Diamonds, who presented the award, where and when. This study provides details of their rank and command at the time of the award as well as also detailing their career during the war and after, with investigations into their fate and post-war life. The book is completed with a considerable number of photographs of many of these officers.

Order of Battle of the German Army, February 1944

Military Intelligence Division, 2009-11. A restricted secret document when it was first produced and compiled from intelligence sources, this is the American Army's approximation of the still formidable military machine of the Wehrmacht it would shortly face on the beaches of D-Day and the fields of Normandy. Improvements introduced into this edition of Allied assessment of the enemy's Order of Battle include an exposition of the German replacement training system, an exhaustive catalogue of the German Army's small units, and complete indexes of German terms and designations. The book details the organisation and administration of the German Army and the histories and compositions of Divisional and higher HQ. The book is an invaluable and detailed companion of infinite interest to all serious students of the Second World War.

The March East 1945 Peter Green, 2011-11-30. During the final days of the Second World War, for 900 Allied officers held by the Germans, freedom was still a world away. Marched east by their captors away from the liberating American forces, March and April 1945 was a time of great trials at the mercy of vengeful Nazis and Allied air raids. Amongst their number were men whose names would become famous post-war, such as actor Desmond Llewellyn, cabinet minister Frederick Corfield, and Major Bruce Shand, father of the Duchess of Cornwall. The March East 1945 draws on official and eyewitness accounts as well as over 30 diaries and memoirs. With more than 120 photographs and exceptional illustrations taken and drawn by PoWs as well as the German instructions for camp evacuation, it reveals the human story that unfolded in Hesse, Thuringia, and Saxony and explains how the prisoners survived until their final liberation.
