German Parliamentary Debates 1848 1933:

German Parliamentary Debates, 1848-1933 Mitchell Allen, Michael Hughes, 2003 *German Parliamentary Debates 1848 1933* presents a selection of issues debated in the Frankfurt Assembly of 1848 and the later Reichstag of the unified Germany of 1870 Topics include the role of Austria in the proposed unification of Germany 1848 the dangers of Social Democracy 1878 the expansion of the High Seas Fleet 1900 the acceptance of the Treaty of Versailles 1919 and the Enabling Act of 1933 by which the Reichstag signed away its powers to Adolf Hitler Through these debates factions and figures that played key if forgotten roles in the German political landscape are examined and their importance acknowledged *The Papacy, the Jews, and the Holocaust* Frank J. Coppa, 2006 The Papacy has long played a crucial role in western civilization To many its history and theology have seemed steeped in hostility toward the Jews In the post World War II era the initial focus was on Pope Pius XII's stance during the Holocaust it soon expanded however to the broader question of the papacy and the Jews The present work transcends the thicket of controversy and provides a historical account of the relationship between the papacy and the Jews in the modern age and the interaction between clerical anti Judaism and secular anti Semitism In light of the polemical debate this subject has aroused during the past half century this is no small task In this work acclaimed author and historian Frank J Coppa once again proves a capable guide to exploring the issue ***The Life & Pontificate of Pope Pius XII*** Frank J. Coppa, 2013-02-02 Focuses not just on the pope's response to the Holocaust but on his life and papacy as a whole A refreshingly balanced approach Catholic Courier Written by one of the foremost historians of Pius XII this present biographical study unlike the greater part of the vast and growing historiography of Pope Pius XII is a balanced and nonreactive account of his life and times Its focus is not on the pope's silence during the Holocaust though it does address the issue in a historical and objective framework This is a biography of the man before and during his papacy It probes the roots of his traditionalism and legalism his approach to modernity and reformism in Church and society and the influences behind his policies and actions This book adds a great deal to what we currently know about this most written about pope The author introduces a number of principles which need to be discussed by experts and also by biographers of this pope most importantly the concepts of papal impartiality and anti Judaism as related to Pope Pius XII Charles R Gallagher S J assistant professor of history Boston College It sets up a closer examination and better understanding of Pius XII's decisions and behaviors dealing with three distinct historically important topics the Holocaust the question of Palestine and Israel after World War II and the Cold War Catholic Books Review Tries to move away from the controversy and toward a greater and broader focus on the entire life of Pacelli his formative influences personal interests and papacy after the war New Oxford Review ***Once We Were Strangers*** Roberta Reb Allen, 2024-04-14 Little attention has been paid to the settlement of Germans in Kansas and Roberta Reb Allen's *Once We Were Strangers* helps to fill that void It is both the saga of an immigrant family told within the larger social political and economic context of the day and a scholarly exploration of the

settlement patterns and the diverse choices made by German pioneers Starting in the small village of Ebhausen in the Black Forest of the Kingdom of Württemberg in what is now Germany Allen follows the fortunes of the Lodholzes who journeyed across the Atlantic and eventually settled on the plains of the Kansas Territory in Marshall County Based on nearly 200 family letters and documents translated from Old German *Once We Were Strangers* chronicles through the pens of ordinary people the conditions in Württemberg that led to emigration and the sweep of American history from the 1850s to the nominal end of the frontier in 1890 In addition *Once We Were Strangers* provides the unusual opportunity to follow a German immigrant family for an extended period almost from cradle to grave Using remarkably rare documentary evidence Allen explores the largely untold story of German assimilation uncovering the pressures the Lodholzes faced and how they responded to the antebellum Midwest This family's story is full of hardship endurance joys and sorrows and is interwoven with the history of westward expansion German migration and Kansas with a particular emphasis on German settlement patterns prior to the Civil War

Capitalism in Chaos Máté Rigó, 2022-08-15 *Capitalism in Chaos* explores an often overlooked consequence and paradox of the First World War the prosperity of business elites and bankers in service of the war effort during the destruction of capital and wealth by belligerent armies This study of business life amid war and massive geopolitical changes follows industrialists and policymakers in Central Europe as the region became crucially important for German and subsequently French plans of economic and geopolitical expansion in the late nineteenth and early twentieth centuries Based on extensive research in sixteen archives five languages and four states Máté Rigó demonstrates that wartime destruction and the birth of war millionaires were two sides of the same coin Despite the recent centenaries of the Great War and the Versailles peace treaties knowledge of the overall impact of war and border changes on business life remains sporadic based on scant statistics and misleading national foci Consequently most histories remain wedded to the viewpoint of national governments and commercial connections across national borders *Capitalism in Chaos* changes the static historical perspective by presenting Europe's East as the economic engine of the continent Rigó accomplishes this paradigm shift by focusing on both supranational regions including East Central and Western Europe as well as the eastern and western peripheries of Central Europe Alsace Lorraine and Transylvania from the 1870s until the 1920s As a result *Capitalism in Chaos* offers a concrete lively history of economics during major world crises with a contemporary consciousness toward inequality and disparity during a time of collapse

Debates on the German Revolution of 1918-19 Matthew Stibbe, 2023-05-23 In November 1918 a revolution overthrew the old imperial system in Germany and inaugurated a republic The revolution was formally completed in August 1919 when the social democrat Friedrich Ebert was sworn in as president By this time however many of the revolution's original aims and intentions had been swallowed up by new political concerns and lived experiences For contemporaries the meaning of 9 November changed becoming increasingly contested between rival parties military experts and scholars This book examines how the debate on the revolution has evolved from August

1919 to the present day It takes the reader through the ideological battles of the 1920s and 30s into the equally politicised historical writing of the cold war period It ends with a consideration of the marginalisation of the revolution in academic research since the 1980s and its revival from 2010 *The European Revolutions, 1848-1851* Jonathan Sperber, 2005-07-07 In this second edition Jonathan Sperber has updated and expanded his study of the European Revolutions that brought millions of people across the European continent into political life between 1848 1851 The book offers an inclusive narrative of the revolutionary events and a structural analysis of the reasons for the revolutions ultimate failure A wide reaching conclusion and a detailed bibliography make the book ideal both for classroom use and for a general reader wishing a better knowledge of this major historical event [Germany's Parliament in Action](#) United States. Office of the US High Commissioner for Germany, 1950 **Germany: 1789-1933** Heinrich August Winkler, 2006 Vivid succinct and highly accessible Heinrich Winkler s magisterial history of modern Germany offers the history of a nation and its people through two turbulent centuries It is the story of a country that while always culturally identified with the West long resisted the political trajectories of its neighbours This first volume of two begins with the origins and consequences of the medieval myth of the Reich which was to experience a fateful renaissance in the twentieth century and ends with the collapse of the first German democracy Winkler offers a brilliant synthesis of complex events and illuminates them with fresh insights He analyses the decisions that shaped the country s triumphs and catastrophes interweaving high politics with telling vignettes about the German people and their own self perception With a forthcoming second volume to take the story up to reunification in 1990 Germany The Long Road West will be welcomed by scholars students and anyone wishing to understand this most complex and contradictory of countries from back cover **Society for German-American Studies Newsletter**, 2001 *The Parliamentary Debates (official Report)*. Great Britain. Parliament. House of Commons, 1918 Contains the 4th session of the 28th Parliament through the 1st session of the 48th Parliament **Parliamentary Debates (Hansard)**. Great Britain. Parliament. House of Commons, 1924 Contains the 4th session of the 28th Parliament through the session of the Parliament **Germany: The Long Road West** Heinrich August Winkler, 2006-10-12 Vivid succinct and highly accessible Heinrich Winkler s magisterial history of modern Germany offers the history of a nation and its people through two turbulent centuries It is the story of a country that while always culturally identified with the West long resisted the political trajectories of its neighbours This first volume of two begins with the origins and consequences of the medieval myth of the Reich which was to experience a fateful renaissance in the twentieth century and ends with the collapse of the first German democracy Winkler offers a brilliant synthesis of complex events and illuminates them with fresh insights He analyses the decisions that shaped the country s triumphs and catastrophes interweaving high politics with telling vignettes about the German people and their own self perception With a second volume that takes the story up to reunification in 1990 Germany The Long Road West will be welcomed by scholars students and anyone wishing to understand this most complex

and contradictory of countries **Cobbett's Parliamentary Debates** Great Britain. Parliament,1885 Macroeconomics and the History of Economic Thought H.M. Krämer,Heinz Kurz,H.-M. Trautwein,2012-03-29 The essays in this Festschrift have been chosen to honour Harald Hagemann and his scientific work They reflect his main contributions to economic research and his major fields of interest The essays in the first part deal with various aspects within the history of economic thought The second part is about the current state of macroeconomics The essays in the third part of the book cover topics on economic growth and structural dynamics **Hansard's Parliamentary Debates** ,1885 *Bulletin* ,2003 *Sparta's German Children* Helen Roche,2013-12-31 From the eighteenth century until 1945 German children were taught to model themselves on the young of an Ancient Greek city state Sparta From older children from teachers in the classroom and from higher authority first in Prussia then in Imperial and National Socialist Germany came images of Sparta designed to inculcate ideals of endurance discipline and of military self sacrifice Identification with Sparta could also be used to justify ideas of domination over Germany's eastern neighbours Helen Roche is the first to examine this still sensitive topic systematically and in depth She collects and analyses official and published German evocations of Sparta but also and remarkably reconstructs the experiences of German children taught to be little Spartans in the Prussian Cadet Corps and National Socialist elite schools the Napolas In treating the final and gravest period of this process the author has personally collected testimony from numerous surviving German witnesses who attended the Napolas as children in the early 1940s That testimony is presented here in a work which is likely to prove definitive not only for its treasury of new information but for its elegant and humane analysis The Parliamentary Debates (official Report[s]) ... Great Britain. Parliament,1885 Hansard's Parliamentary Debates Great Britain. Parliament,1885

This is likewise one of the factors by obtaining the soft documents of this **German Parliamentary Debates 1848 1933** by online.
