German Picturesque:

A German Picturesque Jason Schwartz, 2015-01-01 Haunting in their tone brilliant in their images very like fantastic presences moving across glass the twenty one fictions in this startling debut collection seem both inexplicably familiar and like no writing we have seen before The opening story leads us through a kaleidoscopic series of thoughts and memories around the act of writing a letter Another an intricately structured document of documents household inventories daily calendars property deeds an announcement suggests the reality overflowing these mundane markers of our lives Yet another traces the histories of five artifacts while at the same time slyly assembling five miniature biographical portraits

A German Picturesque Jason Schwartz, 2015 **Weather Architecture** Jonathan Hill, 2013-06-17 Weather Architecture further extends Jonathan Hill's investigation of authorship by recognising the creativity of the weather At a time when environmental awareness is of growing relevance the overriding aim is to understand a history of architecture as a history of weather and thus to consider the weather as an architectural author that affects design construction and use in a creative dialogue with other authors such as the architect and user Environmental discussions in architecture tend to focus on the practical or the poetic but here they are considered together Rather than investigate architecture's relations to the weather in isolation they are integrated into a wider discussion of cultural and social influences on architecture The analysis of weather's effects on the design and experience of specific buildings and gardens is interwoven with a historical survey of changing attitudes to the weather in the arts sciences and society leading to a critical re-evaluation of contemporary responses to climate change

[Inventing the German Nation in Travel Literature, 1738-1839](#) Karin Baumgartner, 2025 Far into the nineteenth century Germany was not yet a nation state but a conglomeration of principalities The causes and consequences of its belatedness compared to other European countries such as England and France have been much debated The present book breaks new ground by identifying travel literature as an important factor in the forging of a distinct and cohesive German identity well before political unification in 1871 First foreign travelers accounts travelogues guidebooks referred to and treated Germany as a distinct place even though it was still politically divided thus enabling German readers to imagine their fragmented nation as a conceptual whole Second Germans themselves began to explore their homeland and write travelogues that solidified the nascent sense of national identity Ethnographic descriptions from places and peoples far away further aided this process as Germans learned to view themselves through this particular lens Surveying a large corpus of German and some British and French travelogues travel handbooks and popular geographic texts and bringing to bear discourses of nationalism and geography including Edward Soja's seminal concept of Thirdspace Karin Baumgartner reveals what travel writing can tell us about conceptual changes in geographic paradigms and national identity in Germany in the eighteenth and nineteenth centuries

Dear Incomprehension Stéphane Vanderhaeghe,2024-03-12 This book tackles a broad swath of contemporary literature currently labeled speculative fiction A blurring of genres that includes science fiction modern fairy tales and avant garde experimental fiction these works are extremely popular but also derive from highly sophisticated philosophical and aesthetic sensibilities ones that call into question and uproot the very foundations of stories and storytelling Because such fictions subvert most conventional narrative devices plot recognizable characters verisimilitude logic legibility they deliberately confound almost any kind of conventional reading and criticism To do such a literature justice the traditional frameworks of literary criticism fail and *Dear Incomprehension* is more of an extended philosophical essay than it is a traditional work of criticism as oblique and unconventional in its voice tone and methods as the texts it illuminates **The Unsettling** Peter Rock,2016-09-13 Populated by strangers ghosts and other shadowy figures the thirteen stories in *The Unsettling* attend to those startling moments when what we have understood as familiar is suddenly revealed as mysterious and foreign A lonely man saving library books from an outbreak of mold listens to a coworker s tale about a blind woman and imbues it with his own sense of romance a woman drives a Gold Firebird through the desert with a television playing *Rockford Files* reruns on the passenger seat and a girl returns to her childhood home to spy on its new inhabitants not realizing they are aware of her surveillance a Poe obsessed medical examiner constructs ornate scenes in an attempt to provoke hope in the forgotten lives of a dark and desperate city Told through Rock s imaginative and wholly original voice these are haunted tales about fascination transformation and the relationship between the two

not only for students and fans of contemporary fiction but for writers too included are several interviews in which Lish discusses his legendary writing classes Indeed these pieces themselves amount to a masterclass in Lishian literary language each is a work of art in its own right **Still Life with Insects** Brian Kiteley,2015-04-01 Originally published in 1989 by Ticknor Fields Brian Kiteley's *Still Life with Insects* is the intensely focused chronicle of Elwyn Farmer an amateur entomologist who uses the field notes of his insect sightings to examine and reweave the tattered fragments of his life In a series of visually powerful and emotionally breathtaking vignettes Kiteley distills the transient beauty of the natural world and lays bare the suffering and joy of one man's life from his maturity in the post war years to very old age in the 1980's His striking narrative technique aptly captures the experience we all have as we struggle to make sense of what it means to be human in the face of the inevitable passage of time **The Select Journal of Foreign Periodical Literature** ,1834

True Stories, Well Told Lee Gutkind,Hattie Fletcher,2014-07-06 Creative nonfiction is the literary equivalent of jazz it's a rich mix of flavors ideas voices and techniques some newly invented and others as old as writing itself This collection of 20 gripping beautifully written nonfiction narratives is as diverse as the genre Creative Nonfiction magazine has helped popularize Contributions by Phillip Lopate Brenda Miller Carolyn Forché Toi Derricotte Lauren Slater and others draw inspiration from everything from healthcare to history and from monarch butterflies to motherhood Their stories shed light on how we live **Memoirs of a Not Altogether Shy Pornographer** Bernard Wolfe,2016-03-15 In this funny and telling portrait of the artist as a young pornographer Bernard Wolfe chronicles his own unlikely entrance into the world of letters The year was 1936 and Depression laden America had no great need for a Yale Phi Beta whose primary talent was for words After working variously as a secretary bodyguard for Leon Trotsky in Mexico a cataloger of the Irving Fisher papers and a hopelessly inept drill grinder Wolfe landed his first professional writing job turning out piecework porn at 2.00 a page for an Oklahoma millionaire He credited his pornographic efforts with teaching him to write to specified lengths while facing deadlines I acquired the work discipline of a professional writer capable of a solid daily output **Wintergreen** Robert Michael Pyle,2015-10-01 In the Willapa Hills of southwest Washington both the human community and the forest community are threatened with extinction Virtually every acre of the hills has been logged often repeatedly in the past hundred years endangering both the land and the people leaving dying towns as well as a devastated ecosystem Weaving vivid portraits of the place and its inhabitants animal plant and human with the story of his own love affair with the hills Robert Michael Pyle has written a book so even handed in its passion that it has been celebrated by those who make their living with a chain saw as well as by environmentalists As he writes My sympathies lie with the people and the woods but not with the companies that have used them both with equal disregard In his vivid portrayal of the land plants people and animals of the Willapa Hills of Washington State Bob Pyle makes the modest patch of land he writes about a metaphor for the world
